Anton Hulman George

President and Chief Executive Officer

Indianapolis Motor Speedway

Indianapolis, Indiana

Anton Hulman "Tony" George has earned an international reputation for his outstanding leadership that has resulted in an aggressive program of expansion and investment during his tenure as president and chief executive officer of the world's premier racing facility, the Indianapolis Motor Speedway. The speedway is host to the world's largest sporting event, the Indy 500. George founded the Indy Racing League in 1994 to preserve the traditions and excitement of America's open-wheel racing. In the same year, George brought the NASCAR Winston Cup Series to the Indianapolis Motor Speedway for the Brickyard 400, which has become the world's second largest sporting event. In 2000, IMS welcomed the drivers of Formula One for the inaugural United States Grand Prix. The speedway now hosts the "triple crown" of auto races.

In honor of George's efforts to bring the U.S. Grand Prix to Indianapolis, the IMS received the prestigious Formula One Constructors Association Award in 2000. The award is presented to the best promoter and event organizer in Formula One each year.

George represents the third generation of IMS ownership for the Hulman family of Terre Haute. Anton "Tony" Hulman, George's grandfather, purchased the speedway in 1945. Mari Hulman George, serves as the IMS chairman of the board. Tony George was appointed IMS president in 1989.

George also serves as president of Terre Haute-based Hulman and Company, the parent company to IMS. Hulman and Company was established in 1850. He serves on the Rose-Hulman Institute of Technology Board of Trustees and on the board of directors of the Terre Haute First National Bank, First Financial Corporation, the Indiana State University Foundation, the Central Indiana Corporate Partnership, Vectren Corporation, Indiana Gas Company and the Terre Haute Boys and Girls Club.

Fifty-Year Commemorative Degrees

For one hundred and twenty-nine years, Rose-Hulman alumni have been making positive contributions to society as engineers and scientists. Success has not been limited to their career areas. They serve their local communities through civic organizations, youth activities and churches.

Much of the recognition Rose-Hulman enjoys today is because of our alumni. Rose-Hulman graduates make an impact. Their achievements as engineers, scientists and concerned citizens translate into a reputation of quality for their alma mater.

Today, we recognize the contributions of the Class of 1953 by presenting commemorative degrees to those men who have been alumni for 50 years. The diplomas they receive today honor their dedication of time and talent to their careers, society and Rose-Hulman. The following members of the class of 1953 returned to campus for today's ceremony.
