Development Plan To Be Discussed By Board

Discussion of specific plans for the implementation of the proposed development and gradual expansion of Rose Polytechnic Institute will be an important item on the agenda of the regular meeting of the Institute's Board of Managers meeting on February 8.

Dr. Richard F. Bergmann, chairman, said that the first step in the long-range program had been taken at the June board meeting when the general tenants of the faculty committee report on development and future plans were accepted.

Since that time, Dr. John A. Logan, Rose president, Dean Herman A. Moench, several faculty members and board members have visited liberal arts and engineering colleges in the east and

(Continued on page 3)

Howard D. Wood Accepts Association Presidency

Howard D. Wood, assistant principal of the Clyde T. Fulton Junior High School in Indianapolis, has accepted the presidency of the Rose Parents' Association following the resignation of Lester Hunt of Anderson, Ind.

Mr. Hunt's resignation followed his son Jon's decision to pursue his education in the field of music rather than mathematics. Prof. Ralph M. Ross, Dean of Students and consultant for the Association, pointed out that Jon's grades were excellent but of course a music curriculum is not offered at Rose.

Elected the first president in October, 1961, Mr. Hunt guided the organization through its first two years of growth. In a tribute to the time, effort and un-failing support Mr. and Mrs. Hunt gave the Association, Professor Ross said "the encouraging outlook of the group from its inception is due in great part

to the untiring efforts and loyal support of Mr. and Mrs. Hunt. We accept their

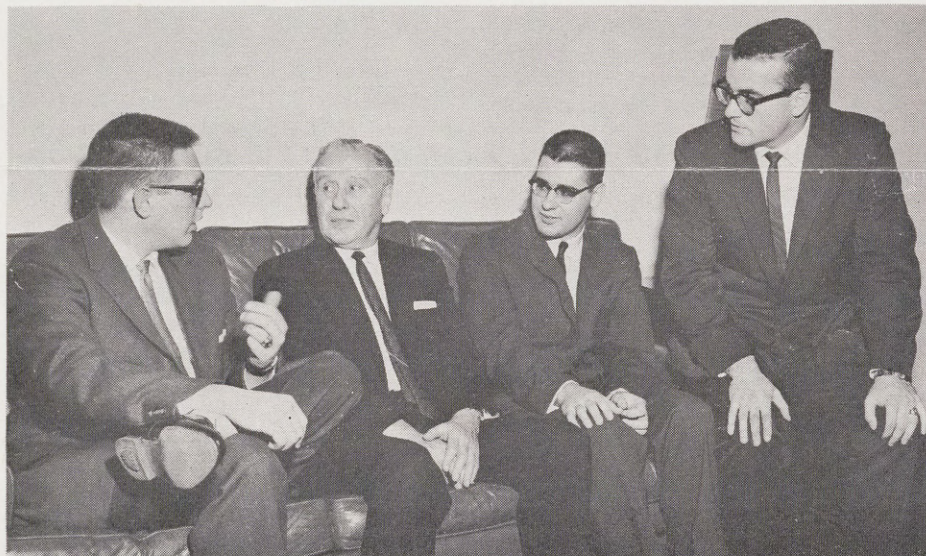

withdrawal with sincere regrets and shall welcome them to remain a part of our organization as honorary members."

"The thanks of the faculty, students, and staff go to the Hunts and to Jon who served as president of both the freshman and sophomore class. At the same time, we are most grateful to Mr. Wood and extend to him our whole-hearted support."

In his letter of resignation, Mr. Hunt wrote "After two years of work and close association with the Rose Family, I submit, with regret, my resignation as President of the Rose Parents' Association. My wife and I have enjoyed and will remember always the many friends we have made at Rose. We wish the Parents' Association continued success in its endeavors."

In a letter accepting his new responsibilities, Mr. Wood, who was named first vice-president last Fall, wrote: "He (Mr. Hunt) has served the organization in an excellent manner, and his leadership will undoubtedly be missed a great deal. As first vice-president, I will do my best to assume his responsibilities as president for the balance of the school year. I wish to take this opportunity to pledge as much of my time as possible to the activities of R.P.A., and also to ask for the support and help from as many of Rose parents as possible."

"An organization such as ours needs volunteers who are willing to give some of their time. I trust that anyone who is willing to serve in any capacity in the RPA will make it known to Professor Ross or myself. We hope that our organization will grow so that it may provide a valuable service to Rose and thus to all students of R.P.I."

Pictured are three of the eight undergraduates initiated into Tau Beta Pi, engineering honor fraternity, with Dr. G. Raymond Fitterer, class of 1924, who was initiated also at the November 18th ceremony. Students are, left to right, John Portlock, Evansville, Ind.; Dr. Fitterer, Dean of the Schools of Engineering and Mines at the University of Pittsburgh; Jack P. Riley of Terre Haute, and Stephen J. Hoffman of Fort Wayne. Other initiates were John A. Rohr, Hinsdale, Ill.; Max D. Goodwin, Paris, Ill.; Delmar Ellis and Daryle E. Riegle, both from Vincennes, Ind., and David L. Roberts, Louisville, Ky.

STUDY IN CONTRASTS MADE BY ROSE ALUMNUS AFTER SCOTTISH WORK-TRAVEL TOUR

An interesting study in contrasts between the Scottish home and the American home and the training of children in these two countries has been made by a Rose graduate of 1962 who returned this Fall from a six-months' work-and-travel tour of Scotland as one of seven International Farm Youth Exchangees sent from Indiana to several foreign countries.

William R. Brown of Bowling Green, appointed this October as an assistant in the Office of Development of the Institute, lived and worked with 15 different families throughout Scotland. His trip gave him many firm opinions about young people and parents in the United States. In an interview for *Rose Echoes*, he expressed great concern for our lack of motivation in this country in both groups.

"Scottish young people accept responsibility, they work harder, they are more interested in the world around them, and they grow up thinking," Bill said. "They have a basic respect for their elders and also for doing work which is satisfying. A young man may disagree with his father about use of various farming methods, for example, but at the same time he respects the opposition of his father and both can talk about the matter with ease."

Among the families with whom Bill stayed and worked, he found an ability to communicate with each other on the part of both generations, whether the concern was farming methods, smoking, drinking, sex education, or world affairs. At the same time, a steady but loving parental discipline resulted in young people who value responsibility, hard work, and who are prepared for their place in the world.

"If the young person is ready for the world, he is going to be made ready in the home," Bill emphasized. "One of the chief weaknesses in the American home today is a lack of this kind of discipline. A Scottish mother takes time for her children even though she may have club or social activities outside the home. She cooks excellent and substantial meals, and she really keeps the home in order."

In Scotland, he pointed out, television is not used as a means of killing time but rather turned on occasionally for a few moments' relaxation. Young people do not learn to drive until they are 18, and then there is not undue pressure to buy a car to "tear around the countryside."

Children start school at age 5, Bill explained, and are tested at age 11 to determine college or vocational ability. If at age 15 they are not college bound, they take additional vocational training and they continue to study on their own in order to keep up with their occupation. If it is indicated that the young person is college potential, he studies from age 15 to 18 for the "highers", and if he passes these examinations, he is admitted to college at age 18.

While we have good friends in Scotland who respect and admire the United States, Bill feels that too much of what is decadent and tawdry in the way of movies and books is being exported from America and too little of what is good and purposeful in our way of life.

Young people in this country, Bill emphasized again, will need to work harder and with greater purpose if they are to retain and contribute to the heritage of what is best in American life.

New Fine Arts Course Listed

A new course in the fine arts will be offered this Spring semester in the Humanities and Social Studies Department, according to an announcement by Prof. Gordon K. Haist, chairman.

Three visiting lecturers will teach in their respective areas of architecture, music, and art. Ewing Miller of the Terre Haute architectural firm of Miller and Miller, Associates, will lecture in this area. Mrs. Jeanette Neithamer, a graduate of Henderson State Teachers College and Louisiana State University, will lecture in music, and John Laska, Terre Haute art teacher and outstanding professional artist, will take the work in art.

Thus far, Professor Haist said, more than 20 students have indicated their interest in the course. He pointed out that the offering reflects a growing interest among students in art values and that instruction in these areas may become a regular elective offering in the Humanities at Rose.

Officers of the Rose Parents' Association

President Howard D. Wood,
6616 W. Ohio Street, Indianapolis, Ind.

Vice President Delmer Huppert,
1545 Windermire St., Indianapolis, Ind.

Recruitment Committee:

Chairman Hugh Rice,
5827 Fenwood, Ft. Wayne, Ind.

Co-Chairman John O. Teeguarden,
1818 W. 57th St., Indianapolis 8, Ind.

Activities Committee:

Chairman C. P. Goodwin,
305 West Madison, Paris, Ill.

Co-Chairman Robert A. Wright,
406 N. 9th Street, Casey, Ill.

Communications Committee:

Chairman John Valle,
2321 N. 10th Street, Terre Haute

Co-Chairman .. Mrs. Barbara Morgan,
824 N. 8th Street, Terre Haute

Development Committee:

Chairman Ervin J. Hahn,
240 Meadow Lane,
Chicago Heights, Ill.

Co-Chairman David Y. Rice,
20780 Beachcliff Blvd.,
Rocky River, Ohio.

ROSE BUDS

BILLY L. CRYNES, Terre Haute, president of Tau Beta Pi, attended the annual convention of the national governing body of the honor fraternity Oct. 16 to 20 at Longbeach, Calif.

* * *

DAVID Y. RICE, Rocky River, Ohio, was in charge of the program for the third annual performance of "Rose Riots" sponsored by Blue Key honor fraternity in December. This particular convocation, in which some Blue Key members and many other students participated, was made up of musical numbers, "ballerina" dancing, an imaginary interview with a freshman student, and other humor and "spoof" which faculty and students enjoyed most heartily.

Those taking part were **LARRY SHAFFER**, Terre Haute, who headed a combo of **RICHARD A. YOUNG**, Ladoga, Ind., and **TERRY L. SCHULTZ**, LaPorte, Ind.; **ROBERT STEDER**, Riverdale, Ill., and **EDWARD B. BAKER**, Charleston, Ill., who presented the freshmen interview; **MAX GOODWIN**, Paris, Ill., led "Three Cheers for the Physics Department"; **KEN STUBER**, Kell, Ill., sang a medley of three songs; **EDWARD DOWNEY**, Rosiclare, Ill., and **DAVID HOLOBAUGH**, Tipp City, Ohio, put on a mock wrestling match.

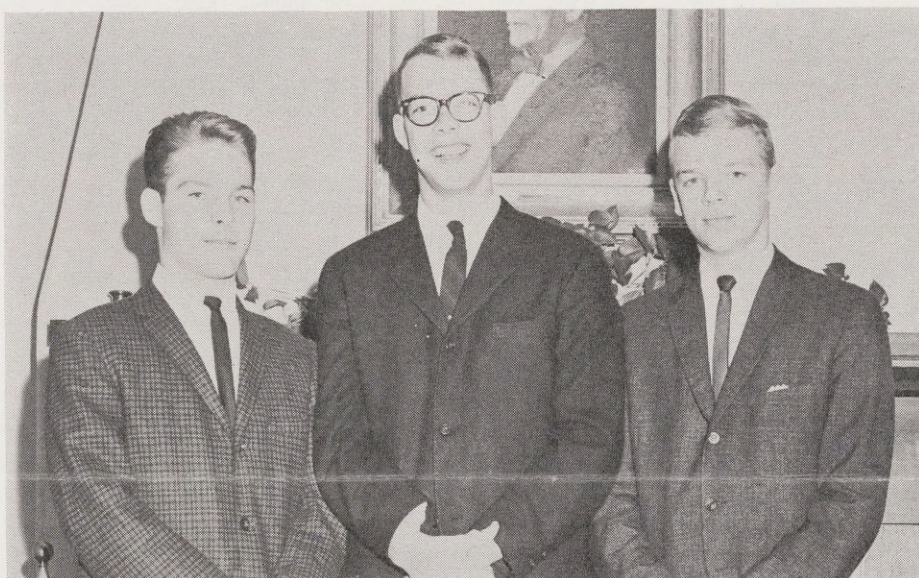

LYNN ROBERTS, Louisville, Ky., gave a repeat performance of an Andy Griffith monologue; **RON GESELL**, Decatur, Ill., led a singing group; **ROBERT N. CLARK**, Lawrence, Ind., was the "ballerina;" **MERLE RICE**, Ft. Wayne, Ind.; **WILLIAM NICEWANGER**, Indianapolis, **KEN MILLER**, Orland Park, Ill., and **JOHN KUHN**, Vincennes, Ind., sang selections from "The Sound of Music"; **ROBERT CRASK** of Evansville, Ind., did a take-off on "Rocky" Herakovich, Rose football coach and faculty member. Blue Key brought the program to a resounding close with a mock Blue Key meeting.

* * *

ROSE POLY'S RIFLE TEAM, led by sophomore **GRADY WALLACE**, New Albany, Ind., shot its way through many of the best teams in the west and midwest to place 8th in a strong field of 30 teams entered in the Kansas State Rifle Tournament Nov. 16, 17, and 18. Wallace finished 11th individually out of the 200 shooters who gathered at Manhattan, Kan., for the event. Capt. Kent Kelley, the team's coach, predicted that if Wallace continues to develop he will be a strong contender for the All-American next year.

* * *

Freshman Class Officers

Officers of the freshman class elected in November are left to right, Jeffrey Brugos, Hobart, Ind., president; Don H. Elliott, Bethel Park, Pa., vice president, and Terence L. Taylor, Gary, Ind., secretary-treasurer.

TRADITIONAL FRESHMAN-SOPHOMORE BANQUET is scheduled for Jan. 31 in the Mayflower Room of the Terre Haute House at 5:30 o'clock in the afternoon. This year the sophomores will be hosts to the first-year men who were the winners in the various contests this Fall between the two classes.

* * *

ROTC CADETS toured the U.S. Army Missile Command facilities Nov. 16 and 17 at Redstone Arsenal, Ala. Included on the agenda was a tour of some of the National Aeronautics Space Agency

facilities at the nearby George C. Marshall Space Flight Center, workshop of Dr. Wernher Von Braun.

* * *

STEPHEN CHITWOOD, Columbus, Ind.; **MAX JOSEPH**, North Salem, Ind., and **WILLIAM R. LEWIS**, Gary, Ind., were elected Student Council representatives from the freshman class for 1962-63.

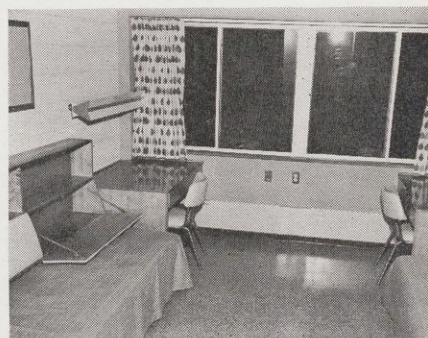

Development Plan

(Continued from page 1)

midwest for an examination of the educational program and policies at these institutions. Included in the itinerary were Earlham College, DePauw University, Haverford College, Haverford, Pa., Case Institute of Technology, Massachusetts Institute of Technology, and The Johns Hopkins University in Baltimore, Md.

At the present time, Dr. Logan and the faculty are working on a statement of purpose and definition of the future role of the Institute in engineering and science education.

"This philosophy," Dr. Bergmann emphasized, "will be based on our first and historic Rose principle: excellence in undergraduate education for engineering and the sciences. By study of the new developments and trends in engineering and the sciences, our faculty hopes to offer the best possible course of study for Rose students."

A view of a room in the new dormitory which will be ready for occupancy with the opening of the Spring semester. The other portion of the room not pictured has good-sized closets with sliding doors and two bureaus. This particular room affords an excellent view of the lake and wooded campus.

INCREASE IN GIFTS TO ROSE REPORTED; ALUMNI BEGIN PERSONAL APPEAL FOR '62-'63

An increase in both restricted and unrestricted gifts to Rose during the Sept. 1, 1962, to Dec. 31, 1962, period over this same period in 1961 was noted in the December report from the Office of Planning and Development.

Prof. John L. Bloxsome, Vice-President for Development, said that total unrestricted gifts for the period in 1962 totaled \$120,038.48 and restricted gifts \$37,069.75. For the previous year, unrestricted gifts totaled \$114,323.17 and restricted gifts \$19,421.00.

This year's personal appeal campaign, which began with a dinner for Terre Haute alumni on Jan. 14, will be extended this year and Professor Bloxsome expects to attend a total of about 30 meetings in cities throughout the United States where there are concentrations of alumni during the next two months. Details for arrangements for these have been made by Miss Helen Mahley, Alumni Secretary, who reports that the response of alumni has been "most gratifying."

Professor Bloxsome said that thus far in his conversations with alumni he has found them enthusiastic about the plans for the future of Rose.

"I want to commend Miss Mahley's work and that of Fred Kingery, our alumni fund chairman, and all his alumni workers," professor Bloxsome continued.

"I think it very significant that the results of our Personal Appeal Campaign in 14 cities last year were highly successful. Also, although the final results of all colleges which are members of the American Alumni Council are not

in yet, Rose should rank either first or second among all the engineering colleges of the United States last year in the percentage of living alumni contributing to their alumni fund."

Gifts of more than \$1,500 to Rose (either restricted, unrestricted, or in kind) during the four-month period ending Dec. 31, 1962, included:

Alumni Fund	\$37,992.47
Associated Colleges of Indiana	\$16,726
Link-Belt Company	\$ 2,000
Oglebay Norton Foundation	\$ 1,500
General Motors Corporation	\$11,900
Tektronix Foundation	\$ 4,200
National Science Foundation	\$ 6,400
Marathon Oil Company	\$ 2,000
Inland Steel-Ryerson Foundation	\$ 5,500
Eastman Kodak Company	\$ 2,400
General Motors	\$ 7,200
The Lilly Endowment, Inc.	\$42,000

Engineers Victors Over Blackburn

With the basketball season past the halfway mark, Rose has a record of 3 wins and 9 losses, according to Coach Jim Carr, who pointed out the Engineers won their last game before Christmas by defeating Blackburn College 91 to 78.

Scores of the games played in 1962 were:

Rose Poly 51	Oakland City 56
Rose Poly 68	Eureka 45
Rose Poly 82	Principia 64
Rose Poly 48	Franklin 84
Rose Poly 66	Illinois College 75
Rose Poly 57	Vincennes 86
Rose Poly 88	McKendree 101
Rose Poly 91	Blackburn 78

The leading scorers for the Engineers are: Captain Phil Chute, Ed Downey, and Steve Hart. Guards Duane Wood and Jim Brown have started to do their share in scoring. In the last game Duane scored 14 points and Jim scored 12 points.

Leading rebounders are Phil Chute and Steve Hart. Phil leads in offensive rebounds while Steve leads in defensive rebounds.

The Prairie College Conference Standing is 2 wins and 2 losses.

Since the first of the year, scores for the four games in January were as follows:

Rose Poly 80	Earlham 85
Rose Poly 54	Greenville There 90
Rose Poly 55	Wabash 76
Rose Poly 57	Marian 74

February games are scheduled as follows:

Feb. 2	Illinois College	There
Feb. 6	Marian	
Feb. 13	McKendree	
Feb. 16	Principia	There
Feb. 19	Greenville	

New Books Listed

Through the generosity of a friend of Rose, a gift has been made to the library to be used only for purchase of books to augment the collection of volumes on economics and business law.

Recent acquisitions as of December, 1962, were listed as follows: science and technology, 438 new volumes; social sciences and history, 136; fiction, literature, reference, philosophy, 58; periodicals, 252, and records, 49.
