Russian Club Being Organized At Rose

By Dan Maffucci

The changing face of Rose has brought many new and exciting opportunities. One of the most recent is the beginning of the Russian Club, highly predominant in the school and student body of Rose. The decision to create this club was made to reflect the growing number of Russian-speaking students on campus. The club, organized to foster interest in and appreciation of Russian culture, language, and traditions, will provide a platform for students to connect with their heritage and engage with the broader Russian-speaking community.

The Russian Club was founded by a group of students who shared a common interest in Russian studies and culture. As the club continues to grow, it aims to promote Russian language learning, cultural activities, and social events among its members. The club's activities will include language exchanges, cultural workshops, music and dance performances, and visits to local Russian-speaking communities. This initiative aligns with Rose's commitment to diversification and cultural exchange, enriching the educational experience for all students.

As the club continues to develop, it is expected to attract more members from the Russian-speaking community, fostering a sense of belonging and cultural identity among its members. The club also offers opportunities for students to engage in cross-cultural interactions, enhancing their understanding of global perspectives and promoting dialogue among different cultures.

The club's formation is a testament to Rose's inclusivity and willingness to accommodate the diverse needs and interests of its student body. By providing a space for international students to connect with each other and share their cultures, Rose is demonstrating its commitment to creating a vibrant and inclusive campus environment.

It is anticipated that the Russian Club will continue to grow, offering a wealth of opportunities for students to explore their cultural heritage and connect with others who share similar interests. As the club develops, it will undoubtedly serve as a vital resource for promoting cultural exchange and enriching the educational experience at Rose.
Dr. Morgen Visits Alumni

During the past three weeks Dr. Morgen has been visiting the Rose Tech Clubs in Washington D.C., New York City, Chicago, Cincinnati, Indianapolis, and New York to repeat topographical lectures and enjoy the great treats for the active support given Rose by its alumni. A few of the outstanding features of this tour were: Approximately fifty per cent of the alumni attended the lectures, the school is sold out of contributions from the Rose faculty, and the alumni groups are in evidence at all the clubs. In the past it has been the policy of the alumni groups to assist the staff of the attend these meetings as it is possible to work into his busy schedule. Therefore, if you happen by good fortune to catch a glimpse of him, he will not object to a "plonk" husband.

Event Coming

Come April 1—MS III & IV go to Louis ville.

ASME student secretaries announce the long- awaited Dr. H. K. Mason at Physics Seminar (tentative)

CIE—1140 Business Manager, Bill Young

April 2—ASME student secretaries present Rose IV and III others to Tour to Joe and Lambi Alpha White.

April 2—Baseball, Marian (2), 2—THE ROSE TECH EXPLORER—APRIL 1, 1960

April 3—Tennis Cavaliers at C-607. Beatrice Foods Co. C-6858

April 5—Jason, R. C. and Anderson here.

April 5—Baseball, I. C. here, 2:00 pm, at Indiana University, Bloomington.

April 5—ASME, J. B. Anderson and Memorial Lecture

April 5—Blue Bonnet, 6:30 p.m.

April 6—ASME Student Secretary and Central Indiana Section Secretary.

April 7—Rose Convo, 8:00 p.m. in Auditorium.

April 7—Reserves 15:30 p.m., Rose Rifles go to Chicago. Rose and Bob, University of Illinois.

April 7—Rose return (2) at Green ville.

April 7—Rose 8:00 p.m. at Franklin.

April 8—Modular Banquet, 6:30 p.m.

ON CONVOS

By Dan Maffucci

At 15 major U.S. universities, Rose Rifles has been asked by the University of Hawaii, students are participating in a research project in the Reserve Officers Training Corps. For the first time in its history, the Corps will experiment with the use of the German machine gun. Last week this equipment first was tested at state university campus. Samples: 1935 U.S. Infantry Automatic Rifle: (19,000) in East Lansing, where the faculty voted 400 to 100 to abolish compulsory ROTC. The former board of trustees was split, postpone its decision vote for days.

Arizona State University (10,000) near Phoenix, where four student leaders resigned from a student group with "pro-military" bias. Others collected 35 signatures on an anti-ROTC petition to get another 1,500 signatures on the petition. The group mailed the petition to Mr. J. G. Blakeslee, the Corvallis campus evening Mr. J. S. Moser presented a talk to the Anchor Y mood faculty for a evening.

"If any big school gives in, the protest might spread like a fire in a dry forest." No fewer than 30 universities and 50 states universities have small army units on their campuses. The university's basic ROTC policy was adopted as to the in- taking an examination to be- come on his past trip to Russia.

The army has a war-taxed faculty program that is being expanded in a large number of military installations. THE ROSE TECH EXPLORER—APRIL 1, 1960

On Tuesday, April 5, Mr. J. G. Mager will present a talk to the AIEE entitle "New Algebra and Switching Circuits." This talk will be given during the 4th per- manent plan has been made for a Freshman orientation session.

CH. E. DEFT: Dr. Reeds and Mr. Blake attended a meeting of the AIEE members from Lafayette, Indianapolis, and Terre Haute held at the Old Trail Inn on March 22. The speaker for the evening was Dr. B. Evans, president of the society, who spoke on liquid ex- tractions.

ROSE Rifles Receive the Weekly Inspection

Rose Rifles To Compete

For the third consecutive year, the Rose Rifles Drill team will participate in the annual Reserve Officers Association drill team competition in Chicago. The match which each year draws a crowd of the nation's top R.O.T.C. teams will be held on April 23, at the Cook County Naval Armory.

The competition is arranged so that each team is allowed an eight minute performance time in which to execute its series of drill movements. This year's team consists of eighteen sophomore cadets under the command of Captain Master Sergeant Larry Foll. The team has been practicing daily at noon in preparation for the coming event.

Many noted military leaders attend this competition which is considered the finest of its kind in the country. The two teams which have competed previously this year have placed very high in the competition and this year's team is receiving hard in hopes of bringing home the inveterate first place trophy.

DEPARTMENTAL BRIEFS

By Clyde Mels

MATE CLUB: On Wednesday evening Mr. C. E. Mcclayer presented a talk to the Math club entitle "Set Theoretic Generalizations of Infinities of Infinite Series." A new policy was adopted as to the in- taking of new members. Instead of taking an examination to become a member, each new member must take a brief biographical sketch of a mathematician.

ASME: Jim Funk and Jim Kauf man, Rose Rifles, Dave Herrington, and Ron Ireland, president of the university. Student members of the ASME are spending much of their free time on torn down old engines, motors, and jet engines to help other senators understand what the southerners are saying.

$20,000 Grant Received From Lilly Endowment

Rose Polytechnic Institute is the recipient of a $20,000 grant from the Lilly Endowment, Inc., which will be used for the initiation of the college's faculty research program.

In making the announcement Dr. J. Hob A. Morgan, Rose president, said that the funds would be used over a two-year period to aid the faculty in the departments of engineering, science and research work.

These programs, he continued, will be initiated as the faculty presents such research projects. The funds will provide for salaries, materials and other requirements essential with specific projects, to be announced at a later date.

Lilly Endowment, Inc., pointed out, is a philanthropic foundation established in 1909 by the family whose name it bears. During the period 1937-1957, the Endowment distributed funds exceeding $20,000,000 to about 200 institutions and organizations in the United States and abroad.

Lilly Endowment, Inc., Dr. Morgan said, continues to have resources available to support the total of grants totaling in entire operating history have been in the benefit of organizations and institutions within the state. Grants are made in three major fields: Education, religion, and community services.

Dean Moench Rests Momentarily

Dean Moench is probably the most recognized man on campus at Glenn Falls, New York, and lastly, his name was a good job of keeping him fed at home. He claims his birthday was during this century, and we know it was August eleventh.

Daffy deliverances

- To transfer a liquid, i.e., "Pass from the pitcher to the bucket,"
- Rah chair—Where you are at the game, i.e., "I can hardly hear what he's saying."
- Tarry—Weary.

Dean Moench, a Senior Staff Engineer for the Defense Electronics and left in 1930 to teach Engineering and EE Head.

THEREO TECH EXPLORER—APRIL 1, 1960-3
Bat-Men Look  To First Game  
By Larry Andel

After two weeks of practice in the fieldhouse, the baseball team and Coach Carr are still hoping, that "Old Man Winter" has departed with the first game only a week away.

and Coach Carr are still hoping, that "Old Man Winter" has departed with the first game only a week away.

The practices have been limited to pepper games, various infield drills, and just plain catch. The new batting cage, donated to the school by a group from Indianapolis, was built this week. This will give the hitters a chance to "swing away" in the fieldhouse when the weather is bad.

There are twenty-five men out and they are each vying for the following positions: Catcher, Don Lanier, Chuck Gilbert, infield, Dave Dumlaff, Marvin Barker, John Portlock, Steve O'Neill, Jim Young, Louis Roohan, Max Hinsdie, Bob Chlebor, Eddie Goosen, Bill Fengeling, Greg Holt, Larry Anderson, outfield, Bill Kohl, Don Dekker, Larry Myers, pitching. Jim Godwin, Jerry Heinrich, Jack Hobbs, Bill MacCue, Bill Johnson, Warren Grifflin.

When asked about his philosophy of winning games, Coach Carr stated, "I like to win, but I think having fun will make the idea of trying to win important. I would like to play as many men as I can.

The football coach, dejected because his team was losing, looked up and yelled, "All right, Andy, go in there and get ferocious!"

Andy jumped up and cried, "Sure coach. What's his number?"

In the last and final intramural track meet of the season Rose was defeated by Earlham College 65-42.
