Eureka, Illinois
College Topple Engineers

by Brent Lowes

Rose's first game, against Eureka, was full of tradition and the Engineers fielded a veteran first five but were unable to cope with the Eureka crew in losing 38-59. Several promising freshmen saw action, though the first half proved too much for many. Steve Ban, T. C. Copeland, and Duane Wood. Bob Samuels, and Duane Wood. Veteran John Ray was not up to his previous years Performances but as the season moves on John should be in top condition and excel his last year's peak. All other veterans, such as Don Decker, have been handicapped with a knee injury. This year, there is a fairly strong bench ample with many, a handicap in the past.

Last Saturday, the Engineers' hardworking crew traveled to Jacksonville, Illinois to play Illinois College. Unable to find the range in the first half, Rose found themselves on the short end of a 21 point loss. The second half saw the Engineers come to life and outscored their opponents in the second period but they were unable to erase the deficit by period's end.

Sophomore Phil Chute was the top scorer with 12 markers in three field goals and six foul shots for a total of 12 markers. Dave Dumford totaled 18 in the losing effort.

Illinois displayed a lot of balance with four players in the double figures. Jim Cottle, Mark Davy, Mike Randy, and Bill Scholand all tallied 11, 21, 10 and 10 points in that order.

Rose's cause was hampered when center John Ray fouled out at the beginning of the second half. The loss was Rose's second in as many outings.

Blue Key Holds Initiation, Dinner

Last night the Blue Key Honor Fraternity held a business meeting and initiation at Louise's Restaurant. Initiated into this service fraternity were seniors Russell Archer, Bob Cheekley, Bill Foug, Jim Godwin, and Dean Powl. Juniors being initiated were Steve Ban, T. C. Copeland, and Dale Oraman.

An orientation lecture on the traditions of the order was given by Roderick Herrick.

"To new horizons for information"

Student Council has been working to control the student body's reaction to traditions and hazing. Out of 160 men who filled questionnaires, all thought that Sunday, December 11th, is the date. Be prepared for this convocation, a poll was circulated for the purpose of getting a good estimate of the student body's reaction to traditions and hazing. Out of the 160 who filled out the questionnaires, all thought that traditions were important and beneficial to college life. A list will soon be posted giving the results of the poll.

The Rose student body upon receiving this plan presented the Student Council to hold an assembly to discuss the issue. This convocation will be held on Tuesday, November 29 at 2 p.m., with the program to be decided then. The council will be held in the Terre Haute House. All members of the student body are invited.

Editor's Corner

What has happened to the horrified young student who, a few years ago, couldn't wait to show his friends the books or briefcases in the hall outside? He was worried about them disappearing. This year, young students have been showing off their new books, which have "walked a leg." Usually, they are happy to show off their blunders or misprints or forgets books, but rather he runs across it and someone turns it into the main office. Perhaps this year a student lost his whole briefcase. Weeks later his books were found in a different part of the building. The only reason is that we have been so busy with books and briefcases. Several times books and briefcases have been found in the bookstore, and are therefore easier to recognize. Either one of these items under the name is on the outside. In the case of books, even if the owner wasn’t in the bookstore, he would be loaned by Smithsonian as an exhibit. If you have a grudge, and don’t sneak around behind his sneakest, rottenest way to do it; destroying his property when he hasn’t even a friend. If you dislike one lousy friend. If you dislike him. We more than anyone know of the finality a student loses his car running again. Pulling out the headlights and by the lime wires were so badly confused that the prankster turned his car into the main office.
NEWS FROM ... 65th Annual Congress Of American Industry
NEW YORK, Dec. 7 - A three-day meeting of America's leading businessmen will open here today. The gathering will provide an opportunity for discussion and analysis of the demands and problems of the nation's economic future.

Gathered together at the 65th Congress of American Industry, 1,000 delegates will hear key speakers from the fields of science, industry, government, education, and labor, and all industrialists will participate in discussions ranging from problems of the spirit to the challenge of foreign competition.

The Congress, sponsored by the National Association of Manufactur- ers, opened with a luncheon at which the keynote address was given by NAM President Rudolph E. Baiso, president, Bridgeport Machines, Inc.

In Wednesday's afternoon session Dr. Simon Ramo, executive vice president, Thoosom Rano Woodhull, Inc., and one of the nation's foremost industrial scientists, declared that the coming assemblage of "intelligence" — the partnership of man and the electronic machine — will vastly extend the powers of the human mind and senses during the rest of the century.

"Intelligence," Dr. Ramo said, will be applied not only to technology and engineering, but also to law, medicine, politics, bank and credit, education, and here natural language.

One prominent speaker at Wednesday's session analyzing the "Challenges of the New Age" the stresses and strains of the Nation's Future was C. Allen, chairman of the Board of Directors, General Electric Co., Arthur Goldberg, general counsel of the National Association of Manufacturers, and special counsel, AFL-CIO, to the American Medical Association, president, Otis Elevator Co.

The Congress, sponsored by the Indiana Symphony Orchestra is also one of the Top Ten orchestras of the United States, according to the National Association of Manufacturers. The orchestra has compiled an impressive list of distinctions in climbing to its present position as being among the nation's most travelled orchestras, having journeyed in excess of 100,000 miles to more than 30 nations. The orchestra's repertoire includes works by every major composer of the last 100 years, and it has been featured in concerts around the world, including London, Paris, and Vienna.

The Indianapolis Symphony Orchestra Under the Direction Of Isler Solomon.

INDIANAPOLIS SYMPHONY ORCHESTRA HOLDS CONCERT AT ROSE

Wednesday evening, December 7, the Indianapolis Symphony Orchestra presented a concert in the Rose Fieldhouse before an estimated audience of 1,100 people. The program included "Carnival Overture" by Dvorak; four movements from "Midsummer Night's Dream" by Mendelssohn; "Dance Overture" by Tchaikovsky's Fifth Symphony; and two encore pieces, one of which was "When Johnny Comes Marching Home."

The Indianapolis Symphony Orchestra dates back to 1871 and is 38 years old. It has been under the direction of Isler Solomon for four years. It has compiled an impressive list of distinctions in climbing to its present position as being among the ten best orchestras of the United States. The Indianapolis Symphony Orchestra is also one of the nation's most travelled orchestras, having visited in excess of 100,000 miles to more than 30 states during the past generation.

Fraternities Warm Up Before Playing For Keeps

by Jack Hobbs

Inter-fraternity basketball gets off to a fast start with a full slate of games involving twelve teams. There appear to be several good ones in the works, with last week’s tally of 1432 being the highest for the fall season. By Jerry Hahn

IN FULL SWING

Action on the floor is seen in a recent I-M basketball match between the Senior Royals and B11. Trimmers, ruff high, as what thinna blocks a noble attempt for a “dunk” by whatshamacallit.

BOWLING FINALLY GETS ROLLING

by Jerry Mohn

Last Tuesday was the big day for over 100 Rose Poly bowlers, it marked the beginning of the intramural competition for the 1960 season. If the first week is any indication, the season will produce some real interesting matches. There were thirty men over 300 plus the services of Bud Water. Last year’s standings are below.

Tally

Club

1. Sigma Nu

2. Lambda Chi Alpha

3. Alpha Tau Omega

DEPARTMENTAL BRIEFS

CIVIL — The Rose chapter of the ACSE was host to the Indiana Section of the ACSE on Tuesday evening, November 15th. Approx. 250 five and six-engine students attended the meeting. The highlight of the evening was a tour of the Anacosta mills and a demonstration by Mr. B. M. Budge, director of laboratories for the company. He was also present in the first place standings with 1526.

MILITARY — The Rifle team recently fired over 1400 shots for the two game series. The Jr. Cats 4-2 team, recording the first 1600 series in the series standings with 1609. Other high series were recorded by Jannasch, Sr. & Civils 5-2 was Prof. Matthews. The high score for the week went to the team and a team of the varsity. The Chemistry club will host the Visitors from the Eastern Chemical Society during the annual Christmas party on Wednesday afternoon, December 22.

Behind every school athletic program there is a governing body which formulates the policy and procedures for the various sports. The governing body is known as the Athletic Committee. The Committee has six faculty members, and two student members, each having an equal vote. Professor Deming is the head of the committee and President Morgan and Dick Shade have been its secretary for the past four years. The Committee has the responsibility of making decisions concerning the Team’s schedule and policies. The members of the Committee are the president, the Athletic Director, the head coach for the men’s basketball team, the head coach for the women’s basketball team, and the head coach for the football team. The Committee is made up of the team.

The Athletic Committee meets regularly to discuss the state of affairs of the various programs. Last year, the Committee adopted a constitution and present a proposal for the approval of the Board of Trustees. The proposal, which was approved by the Board, included the following provisions:

1. The Athletic Committee shall have the authority to make all decisions concerning the athletic programs of the School.
2. The Committee shall have the authority to adopt a constitution and present it to the Board of Trustees for approval.
3. The Committee shall have the authority to make all decisions concerning the athletic programs of the School.
4. The Committee shall have the authority to adopt a constitution and present it to the Board of Trustees for approval.
5. The Committee shall have the authority to make all decisions concerning the athletic programs of the School.
6. The Committee shall have the authority to adopt a constitution and present it to the Board of Trustees for approval.
7. The Committee shall have the authority to make all decisions concerning the athletic programs of the School.
8. The Committee shall have the authority to adopt a constitution and present it to the Board of Trustees for approval.
9. The Committee shall have the authority to make all decisions concerning the athletic programs of the School.
10. The Committee shall have the authority to adopt a constitution and present it to the Board of Trustees for approval.
