Drama Club

Thursday and Friday, November 16 and 17, the Rose Drama Club, with cooperation from St. Mary-of-the-Woods, will enact their first play of this year. “Darkness at Noon,” by Sidney Kingsley, was adapted from a novel by Arthur Koestler and is a modern intellectual story set in an atmosphere of intrigue and suspense.

The play takes us back to Russia during the Moscow purge trial of 1937 when disenchantment with the revolution is beginning to seize the people. Scenes of the play see the main character engaged in tormenting trials in his cells, in retrospective thought about his earlier, more loyal life in the party, and in contemplation of the abominably unjust inquisi-

SEN. BAYH SPEAKS AT CEF CONVENTION

Senator Birch Bayh (Dem.-Ind.) will speak at Rose Polytechnic Institute. The Senator is scheduled to address the state convention of the Citizens For Educational Freedom. The convention is to be held this Saturday, November 11, in the Hulman Memorial Union Building on the Rose Campus.

The Senator will be the guest speaker at the convention’s main session which starts at 1 P.M. The title of Senator Bayh’s address was not known at press time but he is expected to speak on the future of education and more specifically in the area of finances.

The Citizen’s For Educational Freedom is a national organization which has its main interest in private schools on all levels of education. The CEF has supported such action as the Fair Bus Bill, granting of state scholarships to private school students, tax credit

Mike Mefford, senior wingback from Bloomington, leaps high to catch a Charlie Hills aerial in last week’s game. Mefford has been the leading pass receiver for Rose the past three seasons.

S.S.O.R.P.I.

Did anyone notice anything different about the football field last Saturday? If you were observant (besides watching the girls) you probably noticed the decorations on the goal posts and the red lettering in the end zones. In the west end zone was written ENGINEERS and in the east end zone EAGLES. This addition to the pagentry of the homecoming fest-

Rose Board Of Managers Elected

TERRE HAUTE, Ind. (RPI)—Forrest Sherer, president of the Forrest Sherer Agency, Terre Haute, and Raymond E. Crandall, vice president of biochemical and biological operations and a member of the board of directors of Eli Lilly and Co., Indianapolis, have been elected to the Rose Polytechnic Board of Managers.

The new members were elected at the regular meeting of the Rose Board of Managers Friday, Nov. 3, on the Institute campus in conjunction with Homecoming activities Nov. 3 and 4.

Re-elected chairman of the board was Dr. Henry Y. Offutt, former chairman of the board of the Kentucky Trust Co., Louisville.

Benjamin G. Cox, Terre Haute attorney-at-law, was elected vice chairman, Walter T. Osmer of the Equitable Life Assurance Society of the U.S., Terre Haute, was named secretary of the board and John T. Royse, president of the Merchants National Bank, Terre Haute, was elected treasurer.

Named to the Executive Committee of the Rose Board of Managers were Benjamin Cox of Terre Haute, chairman; John T. Royse of Terre Haute, vice chairman; Richard F. Bergmann of Terre Haute, formerly vice president and chief engineer of the Link Belt Co., Frederick M. Crapo of Muncie, formerly chairman of the

ENGINEER CAGERS FACE TOUGH SCHEDULE

Facing the toughest schedule in many years, the 1967-68 Fightin’ Engineers are raring to go. The season opens November 20 as Berea, Kentucky, travels to the Rose campus hoping to avenge one of the two losses suffered at the hands of Rose last year.

Although this year’s cagers lack depth, there is a core of seven veterans returning from last year’s 14-7 squad. Backing up these men are six very talented freshmen. However, only eleven men are presently practicing with the team. Already, two frosh are injured and are unable to play. Ralph Rodgers is suffering from a bad back, but should start practicing soon. Ken Horton has a broken hand. He should be ready to play again before the Christmas break. Also expected to join the squad later is senior Pete Hodapp, who is presently playing football.

TEAM ROSTER

Name                  Height  Class
Jim Pettee            6-2  Senior
Jerry Wones           6-2  Senior
George Shaver         6-4  Junior
Dave Yeager           5-10  Senior
Don Ings              6-0  Sophomore
Jim Tucker            6-1  Junior
Rex Stockwell         6-0  Junior
Ralph Rodgers         6-6  Freshman
Ken Horton            6-0  Freshman
Tom Butwin            5-11  Freshman
Dimitri Cordero       6-6  Freshman
John Leahy            6-6  Freshman
Don Johnson           6-3  Freshman

One of last year’s most effective weapons, the full court press, is in jeopardy this year. The press, which pulled Rose out of the fire several times last year, requires considerable depth to execute properly.

On this year’s schedule are a formidable array of new teams. They include Depauw University, Kenyon (Ohio), Queens College (N.Y.), and Brooklyn Poly (N.Y.). Depauw is expecting its best season in ten years, while Kenyon College was 18-6 last year and expects to have perhaps its greatest team ever. Queens and Brooklyn Poly will both be played in New York over the Christmas holidays.

Rose will participate in two tournaments this year. The first will be the Thanksgiving Turkey Tournament at Greenville College. This will involve eight teams. December 8 and 9 will see Wabash College, Principia and Northwood Institute as well as host Rose Polytechnic Institute in the Rose Bowl at the fieldhouse.

VICTORY!

Displaying great determination and their best play execution of the season, Rose’s Fightin’ Engineers trounced St. Procopius 41-7 before a large Rose Homecoming crowd last Saturday. Rose now holds a 1-4-2 season mark.

After a scoreless first quarter, Charlie Hills started the Engineers’ train rolling with a 45-yard TD aerial to senior Pete Hodapp. The Eagles fought back, though, as Richard Zak broke loose for a long touchdown scamper to tie the score at 7-7. Rose gained control from this point as Roger Ward scored on an 11-yard run and Fred Valanti plunged over from the two after gaining 50 yards on a Hills to Valanti pass the previous play.

The score stood 20-7 at the half. The Engineers continued to dominate the contest in the second half. Ward again scored on a one-yard plunge midway through the third period, and shortly later, John Kramer broke away for a 10-yard score making the margin 34-7. Fred Valanti’s second TD of the day near the outset of the fourth stanza further sweetened the first Rose triumph of the year. Charlie Hills experienced his best passing effort with eight completions in 15 attempts for 214 yards.

“‘There’s consolation in the thought that if the Congress spends all its time in investigations there will be no chance to pass any more give-away laws.’” —Harold S. May, Editor, Florence (Ala.) Herald.

Ah, how glorious to spend a day in the woods! Unfortunately, I was playing golf at the time.

—Paul Light in St. Paul Pioneer Press.

tivities was the product of many hours of fun and work by the newly formed (but not yet recognized) Student Service Organization of Rose Polytechnic Institute.

Meeting notices of this organization have been posted on the various campus bulletin boards since the spring quarter of last year. It has been organized in hopes of starting a chapter of Alpha Phi Omega, the national service fraternity affiliated with the Boy Scouts of America, in the near future. An informal get together for all those interested in service to the community, and to Rose will be held Sunday, November 19, 1967, from 4:00 to 5:00 P.M. in the Alumni room of the Union. This session is sponsored by the Beta Lambda chapter of Alpha Phi Omega at Indiana State University and the Student Service Organization. Refreshments will be served during this time and all questions concerning Alpha Phi Omega will be answered. An open invitation is extended to all Rose students.

INTRAMURAL NEWS

A slow week in the intramural leagues produced no change in the standings whatsoever. In the major league, Sigma Nu and Lambda Chi Alpha remain undefeated. The game between these two teams, to be played this week, will decide the major league championship. Winless Off Campus major has now forfeited two games and has been dropped from the league. The only game in the minor league was the Alpha Tau Omega-BSB game, which BSB forfeited.

PROTEST AT SOUTHWEST TEXAS

SAN MARCOS, Texas (CPS)—The anti-war movement has reached the alma mater of President Lyndon B. Johnson.

At Southwest Texas State College last week three students began handing out anti-war leaflets in front of the student center after getting permission from the dean of students. It was the first anti-war effort on the campus.

The three students were surrounded by a hostile crowd in the afternoon. Part of the crowd took the anti-war pamphlets handed them and burned them on student center steps. There was also a brief scuffle in which one of the protestors was pushed around.

The student newspaper, the COLLEGE STAR, defended the two protestors, although the editor said in a separate column that he favors the war.
How to interview 130 companies in half an hour.

Talk to the man from General Electric. He represents 130 separate GE "companies" that deal in everything from space research to electric toothbrushes. We call them product departments. Each one is autonomous with its own management and business objectives. That's why a job at General Electric offers the kind of immediate responsibility you might expect to find only in a small business. Right from the start you get a chance to demonstrate your initiative and individual capabilities. And the more you show us, the faster you will move ahead. As you do, you'll find that you don't necessarily have to spend a lifetime working on the same job in the same place. We have operations all over the world. Chances are you'll get to try your hand at more than one of them. Our interviewer will be on campus soon. If you're wondering whether it's possible to find challenging work in big business, please arrange to see him. He speaks for 130 "companies."

DR. PRATTER SPEAKS AT
ROSE CONVOCATION

Dr. Harry Pratter, professor of law at the Indiana University School of Law, will speak on "Civil Disobedience" at a Rose Polytechnic Institute convocation Tuesday, Nov. 14.

Previously scheduled for Oct. 31, the speech by Dr. Pratter was postponed when he was involved in an automobile accident.

Dr. Pratter, whose law degree is from the University of Chicago, is an authority in the area of commercial law. He also teaches in the area of conflicts of law.

He has been exceptionally well received as a speaker on problems of civil rights and civil disobedience.

James C. Skinner of Indianapolis will again head the Board’s Academic Committee. Other members of the committee are G. Lee Berry of Pittsburgh, Penn., chief engineer of the Jones & Laughlin Steel Corp.; Mr. Osmer, Carl L. Wischmeyer of Houston, Texas, master of Baker College, Rice University, and Mr. Crandall.

Elected chairman of the Development Committee were Mr. Ehrenhardt, chairman; Russell E. Archer, Sr., of Terre Haute, professional stock trader; C. E. Blanchar of Plainfield, president of Public Service Indiana; Mr. Cox, Mr. Sherer, Anton Hulman, Jr., of Terre Haute, president of Hulman & Co., and Mr. Osmer.

Members of the Honorary Degrees Committee are Mr. Bergmann as chairman, Edward Baur of Terre Haute, and Mr. Berry.

On the Rose committee on Endowment or Investments Supervision are Mr. Crapo as chairman, Mr. Archer, Mr. Blanchar, Mr. Royse and Robert Shattuck of Chicago, group vice president of the Borg Warner Corp.

Mr. Hubbard heads the committee on Budget and Accounting. Other members are Mr. Bergmann and Mr. Osmer.

Mr. Osmer is chairman of the Advisory Committee on Fraternities. Other members are Mr. Bergmann, Mr. Ehrenhardt, Mr. Sherer and Ruel F. Burns, Sr., of Terre Haute, chairman of the Weston Paper and Manufacturing Co.

Wendell E. Carroll of Stamford, Conn., president of Regent Controls, Inc., is chairman of the Nominating Committee. Other members are James D. Anderson of Findlay, Ohio, vice president of Marathon International Oil Co. Other members of the committee are Mr. Anderson, Mr. Skinner and Mr. Blanchar.

CAREERS IN STEEL

Our representative will be on campus

DECEMBER 1

to interview candidates for Bethlehem’s 1968 Loop Course training program.

THE LOOP COURSE trains selected college graduates with management potential for careers with Bethlehem Steel. The Course begins in early July and consists of three phases: (1) orientation at our headquarters in Bethlehem, Pa.; (2) specialized training in the activity or field for which the Looper was selected; and (3) on-the-job training which prepares him for more important responsibilities.

OPPORTUNITIES are available for men interested in steel plant operations, sales, research, mining, accounting, finance, and other activities.

DEGREES required are mechanical, metallurgical, electrical, chemical, industrial, civil, mining, and other engineering specialties; also chemistry, physics, mathematics, business administration, and liberal arts.

If you expect to be graduated before July, 1968, and would like to discuss your career interests with a Bethlehem representative, see your placement officer to arrange for an interview appointment—and be sure to pick up a copy of our booklet “Careers with Bethlehem Steel and the Loop Course.” Further information can be obtained by writing to our Manager of Personnel, Bethlehem, Pa. 18016.

Finally after six games and eight weeks of practices, the seventh game suddenly cast all the work and previous humiliation of the season into the wind. It's amazing what a victory can do to the memories of the first two-thirds of a discouraging season. Now we can practice mentally refreshed, knowing that we can do what we've known all year—beat our opponent.

You're insurable now... but what about

THE FUTURE?

With New York Life's Policy Purchase Option, you can buy more insurance up to age 40—regardless of health or occupation.

As a young man, you may not have the means to build the financial security your family will need later. That's why I'd like to tell you about New York Life's Policy Purchase Option for men age 37 and under.

- This Policy Purchase Option can be included in most policies of $5000 or more.
- Gives you the right to acquire additional policies at regular stated intervals (usually every 3 years) until you're 40 with no physical exam or evidence of insurability required.
- Special "Wedding Bells" and "Stork" features. When you marry or a child is born, you may arrange to buy an additional permanent policy—also without evidence of insurability.

Don't be caught with growing responsibilities and no way to get the life insurance you should have. Call me soon for the full story on New York Life's Policy Purchase Option.

You can easily understand, then, why we mangled St. Procopius, the victim of our previous frustrations.

ODDS AND ENDS

Films were taken of all but one away game of our first six games. Last Saturday, the day of our first victory, the camera broke in the first half.

Fred Valanti, who has had a secret ambition to play center, and Don Lombardi, who always wanted to know what happens to the ball after he snapped it, switched positions late in the fourth quarter. This didn't fool St. Procopius—before the ball was snapped by Fred, their defense called to one another, "Watch No. 52." Lom, having heard them, received the ball and closed his eyes while all the "defensive players in the world" tackled him. He survived. Monday he was back happily snapping the ball again.

No "B.S." card tournaments took place last weekend, but the king "B.S.er," Jack Meholok, says he'll take on all comers during this weekend trip to Culver-Stockton.

TOMORROW---

CULVER STOCKTON

Tomorrow Rose journeys to Culver Stockton, Canton, Missouri, hoping to return with their second victory of the season. Culver Stockton is led by the Ken Williams to Keith Alexander passing combination and the rushing of Bob Vascinhko. Alexander scored Culver Stockton's four touchdowns in their 58-28 loss to the Engineers last season while Williams was a NAIA All-American.

Comparatively, Culver Stockton beat Illinois College 7-6 and lost to Central Methodist and St. Procopius 13-7 and 25-13 respectively while the Engineers tied Illinois College 7-7, lost to Central Methodist 28-14, and downed St. Procopius 41-7. This indicates two evenly matched teams with the exception of the St. Procopius contests which give Rose a decided edge.

Coach Martin noted that Culver Stockton boasts a 255-lb. defensive line which means the Engineers' play execution will have to be as good or better than that of last Saturday if they are to be victorious.
