Alma Mater
Music by Raymond Mech
Lyrics by Andrew Mech

*Here in central Indiana
 is the school we know is best.
 Rose-Hulman, Yes, our Alma Mater
 far surpasses all the rest.
 Sing her glories and her praises
 in every way she does excel.
 Rose-Hulman, you're our Alma Mater
 our Alma Mater loved so well.
 Rose did more than set foundations
 for the work that was to come.
 The people here became as family;
 Rose became another home.
 Though we live at quite a distance
 and time has passed since our farewell,
 Rose-Hulman you have grown yet dearer
 our Alma Mater loved so well.*

Dear Old Rose
The School Fight Song
Words and Music by Malcolm C. Scott, Class of 1922

*Dear Old Rose
 The sweetest flower that grows
 Here's to your colors rose and white
 Here's to the ones who've kept them bright.
 Colors true for those who honor you
 Here's to everything you've done,
 Here's to every fight you've won.
 Dear Old Rose.*

Mitchell E. Daniels, Jr.

Governor of the State of Indiana

Mitchell E. Daniels Jr. was elected as the 49th Governor of the State of Indiana in 2004, in his first bid for any elected office.

Governor Daniels came from a successful career in business and government, holding numerous top management positions in both the private and public sectors. His work as CEO of the Hudson Institute and President of Eli Lilly and Company's North American Pharmaceutical Operations taught him the business skills he brought to state government. He also has served as Chief of Staff to Senator Richard Lugar, Senior Advisor to President Ronald Reagan and Director of the Office of Management and Budget under President George W. Bush.

Daniels' first legislative success created the public-private Indiana Economic Development Corporation to replace a failing state bureaucracy in the mission of attracting new jobs. In each of its first four years of existence, the agency broke all previous records for new jobs in the state, and was associated with more than \$18 billion of new investment. The state is now near the top of every national ranking of business attractiveness.

In 2005, Daniels led the state to its first balanced budget in eight years and, without a tax increase, transformed the \$600 million deficit he inherited into an annual surplus of \$370 million within a year. In 2008, the governor was named "Public Official of the Year" by the independent magazine *Governing* for his achievements as governor. He also received the Manhattan Institute's 2008 Innovator Award for his creative public policy initiatives.

These innovations included the 2006 lease of the Indiana Toll Road, the largest privatization of public infrastructure in the United States to date, generating nearly \$4 billion for reinvestment in the state's record breaking 10-year transportation and infrastructure program. The 2007 year saw the enactment of the Healthy Indiana Plan to provide healthcare coverage for uninsured Hoosier adults, and a sweeping property tax reform in 2008 resulted in the biggest tax cut in Indiana history.

The governor was re-elected in 2008 to a second and final term. He earned a bachelor's degree from the Woodrow Wilson School of Public and International Affairs at Princeton University in 1971 and his law degree from Georgetown University in 1979.

Daniels and his wife Cheri have four daughters: Meagan, Melissa, Meredith and Maggie.

Jeff Belskus

**Executive Vice President and Chief Financial Officer
Hulman & Company and Its Subsidiaries**

Jeff Belskus is the Executive Vice President and Chief Financial Officer for Hulman & Company, Terre Haute, Indiana, and its subsidiaries, including the Indianapolis Motor Speedway (IMS) and the Indy Racing League.

The IMS is home to the Indianapolis 500, the Brickyard 400 stock car race, and the Indianapolis MotoGP motorcycle event. Hulman & Company, one of the oldest incorporated entities in Indiana dating back to 1850, has owned the historic speedway since December of 1945. Hulman manufactures and distributes Clabber Girl Baking Powder, and has diverse interests in energy, banking, communications and real estate.

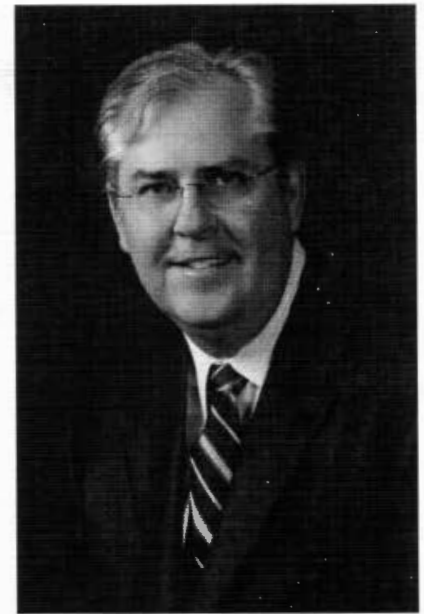

Belskus, 49, joined the organization in 1987 as controller and was elevated to treasurer in 1989. Already functioning as the company's chief financial officer, he was promoted to vice president in late 1991 and named executive vice president in January 1994.

In this role with Hulman & Company, Jeff is part of the corporate executive office and a member of the executive team responsible for the overall company leadership and executive strategy. He is focused on providing leadership at the Indianapolis Motor Speedway and Hulman related organizations to further their position as international leaders in motor sports entertainment.

Belskus graduated with honors from Indiana State University in 1981 with a bachelor's degree in accounting, and earned his Certified Public Accountant designation in 1985. He also attended graduate school at Indiana University. He is a native of Terre Haute and graduated from Terre Haute South High School in 1978.

Belskus' professional affiliations include Financial Executives Institute, American Institute of CPAs and Indiana CPA Society. Additionally, he is a member of the Board of Trustees of Rose-Hulman Institute of Technology, where he serves as Treasurer and chairs the Business Affairs Committee, as well as the Indiana State University Foundation Board, where he is a member of the Audit Committee. Belskus is also on the Board of Directors of the Morris Plan Company of Terre Haute and is a Trustee for The Nature Conservancy of Indiana.

Jeff and his wife, Debra ("Debbie"), also of Terre Haute, reside in Zionsville, Indiana. They have two children John, 23 and Kristen, 20. In his spare time, Belskus enjoys golf, travel and wine.

Fifty-Year Commemorative Degrees

For more than a century, Rose-Hulman alumni have been making positive contributions to society as engineers and scientists. Success has not been limited to their career areas. They serve their local communities through civic organizations, youth activities and churches.

Much of the recognition Rose-Hulman enjoys today is because of our alumni. Rose-Hulman graduates make an impact. Their achievements as engineers, scientists and concerned citizens translate into a reputation of quality for their alma mater.

Today, we recognize the contributions of the Class of 1959 by presenting commemorative degrees to those who have been alumni for 50 years. The diplomas they receive today honor their dedication of time and talent to their careers, society and Rose-Hulman. The following members of the class of 1959 returned to campus for today's ceremony.

The Academic Procession

In today's academic procession, the gown and hood indicate the degree held by the wearer. The hood is lined with the official color or colors of the college or university conferring the degree. Graduates of certain institutions wear gowns in the color of the university, faced down the front with velvet panels and with velvet crossbars on each sleeve. The velvet may be black or may be the color which represents the field in which the degree was conferred.

RHIT Bachelor's Degree Attire

Rose-Hulman Institute of Technology Bachelor's degree holders or candidates wear a black gown and a black mortarboard with a red and white tassel. Students graduating Cum Laude, Magna Cum Laude or Summa Cum Laude wear gold Honor Cords

RHIT Master's Degree Attire

The John T. Royse Award

The John Tuller Royse Award was inaugurated years ago at Rose-Hulman to honor Mr. Royse in perpetuity for his many years of service to the college as a member of our Board of Managers. The Royse tradition on the Board continues yet today as John N. Royse still is an active member.

The award consists of a bronze medal and cash honorarium to be made at commencement each year to the graduating senior who, in the opinion of the faculty and administrative staff, is considered to be our most outstanding graduate based on academic achievement, student leadership, participation in co-curricular activities, and general campus citizenship. The recipient of the Royse Award must be nominated by either a classmate or a member of the faculty or administrative staff.

The Moench Commendation

Herman A. Moench graduated from our school, then called Rose Polytechnic Institute, in 1929. He served Rose as associate vice president and professor of electrical engineering for over five decades, during which time he was an inspiring mentor and role model. Herman helped shape the Rose-Hulman values that we all cherish today, including putting the student first, remaining humble while striving for excellence, and encouraging close student-teacher relationships. Though Herman never married, he had a lifelong love affair with one great lady: a school named "Rose Poly".

In 1980 the first Moench Commendation was awarded to the most "Moench-Like" graduating senior. This is a person who is "Not just a good student in the upper half of their class, but also has demonstrated exemplary character in the eyes of their peers and teachers; a person who has been influential in making RHIT a better place." The recipient is selected by a vote of faculty and administrative staff who believe this student has demonstrated exemplary character, including honesty, self-discipline, compassion, and moral conviction.
