THE COVER

The bonfire built by the Class of 1982 is featured on the cover of this issue of *Echoes*. Frank Gavrilos of Hammond, his foot of the chair, was chairman of the bonfire committee. The structure was 73 ties high, had somewhere between 70 and 90 tons of combustible materials and burned 51 minutes before it fell, according to calculations of the freshman class. "The biggest damn bonfire ever," exclaimed the spirited freshman class. No one disagreed.

***Echoes* is published quarterly by Rose-Hulman Institute of Technology at Terre Haute, Indiana 47803. Publication number 470700. Second class postage paid at Terre Haute, Ind.**

It is the policy of Rose-Hulman Institute of Technology to admit students on the basis of their academic ability. Rose-Hulman does not discriminate with regard to race, color, creed or national origin.

The institute does not discriminate on the basis of handicap in admission, or access to, or treatment, or employment in its program and activities.

Rose-Hulman Alumni — A Happy Family

This issue of *Echoes* reports the "who, what, and where" of alumni of Rose-Hulman Institute of Technology — the most requested service of the RoseTech Alumni Office.

Rose-Hulman graduates are "men-on-the-move" and hence many have moved on to new assignments in the lead time that it takes to publish this alumni directory issue of *Echoes*. Approximately one-third of our alumni report a change in position, address, additional degrees or professional engineering certification each year. Thus, it is impossible to ever print a directory which is up-to-date.

This directory had a shorter turn-around time than most since Rose-Hulman supplied a computer tape which the printer, Phillips Bros., Inc., of Springfield, Ill., interpreted and provided page proofs via a computer-driven photo-composition system. Rose-Hulman is hopeful that the cost reduction and speed of this set-up will allow the printing of an alumni directory issue of *Echoes* on an annual basis rather than the two to three-year intervals which it has been published during the last 15 years.

Thanks to the conscientious effort of alumni in keeping Rose-Hulman informed, the RoseTech Alumni Association has one of the most enviable alumni programs anywhere. Our "lost alumni" list usually runs between 100 and 200 names. Although this is a far longer list than Alumni Office personnel Jim Schwartz '54 or Anna Mary Turner would like, it is, nevertheless, probably the smallest list on a per capita basis of any college or university in Indiana.

Please help us eliminate the "lost list." As you scan your class list, please send us information on persons whose name is followed with the designation, "lost."

Rose-Hulman is somewhat unique in its approach to alumni relations. There are no dues and each alumnus receives publications such as *Echoes* and the alumni directory free of charge. This philosophy has been carried through on projects as ambitious as Rose-Hulman's centennial history by Professor John Bloxsome.

The alumni office's primary purpose is to be of service to alumni. If you need information about Rose-Hulman or any of its programs, or have a suggestion for RoseTech Club activities, please contact Jim Schwartz at Rose-Hulman. Furthermore, if you feel you need an update of your class listing or a set of address labels for a Rose-Hulman related project, please do not hesitate to contact the alumni office. We find that persons often are planning a reunion, 25th or 50th wedding anniversary or some other like occasion and find this service to be of benefit to them.

Persons who find the information on them to be out-of-date or in error are requested to correct this information and send to Rose-Hulman by use of the business reply post cards available in the back of this publication.
