About the Cover

The collection of photos on the cover of this publication record the renovation of the A Section and part of the B Section of Moench Hall. The front view of Moench is almost unchanged — just enhanced by new windows, a power scrubbing of its face and repair of its venerable slate roof. Inside, the building is brand new, with the only remnant of the old being the sandblasted beams, etc., which serve as the ceilings in the hallways. The skylight which runs the length of B through E sections will be replaced with a new skylight. Major corridors will be covered with durable quarry tile.

Echoes is published quarterly by Rose-Hulman Institute of Technology at Terre Haute, Indiana 47803. Publication number 470700. Second class postage paid at Terre Haute, Ind.

It is the policy of Rose-Hulman Institute of Technology to admit students on the basis of their academic ability. Rose-Hulman does not discriminate with regard to race, color, creed or national origin.

The Institute does not discriminate on the basis of handicap in admission, or access to, or treatment, or employment in its program and activities.

How Can You Help Rose-Hulman?

Rosie's Recruiters & RoseTech

The 1983-84 year will be recorded as one of the best in the history of Rose-Hulman. It was a year of records, building dedications, the beginning of a major renovation of Moench Hall and significant steps forward for Rose-Hulman Institute of Technology.

The opening and subsequent dedications of Olin and Hadley Halls heralded a new era in physical facilities. The arrival of JANET (a personal computer network and no real competition for our beloved Rosie) leaves little doubt that just as the hand-held calculator replaced the slide rule, the personal computer is rapidly becoming an important tool in engineering and science education.

The Class of 1984 took its place among the Rose-Hulman alumni body. Although it was a very difficult year for placement (96 percent had been placed as of this writing), the national average for engineering college placement is 75 percent.

A record number of alumni donated a record number of dollars during the 1983-84 fiscal year. Thanks in large part to the work of class agents and more than 80 students in Rose-Hulman's second annual Telethon, alumni giving surpassed the 50 percent alumni participation mark for the first time in a decade.

As you scan this annual alumni directory issue of *Echoes* you will find a number of opportunities to help your alma mater. Rose-Hulman has correct addresses on all but 100 of its living alumni. If you know the where-

abouts of an alumnus whose name is followed by "No Information Available," please send this information to the Alumni Office. As you review the geographical section, you may find a concentration of alumni sufficient to organize a RoseTech Club or coffee klatch (Rose Philosophical Society) in your area.

Just inside the back cover you will find a sheet of postage-paid business reply cards to use when making address changes or joining the ranks of Rosie's Recruiters. While recommending young men for Rose-Hulman has been done on an informal basis since its earliest days, the admissions team is actively seeking the names of prospective students from alumni and friends of Rose-Hulman (please refer to the information on the inside back cover of this publication.)

This year's survey for the alumni directory requested two new items of information which are not included in the directory: 1) the preferred first name or nickname of alumni; and 2) those areas of expertise which alumni feel they would be willing to serve as a consultant or lecturer. Listings are available on the following broad topics: the four major engineering disciplines, computers, consulting, design, research, science and mathematics, environmental control, corporate management, small business, manufacturing methods, quality control and assurance, marketing and sales, stocks and bonds, real estate, medicine, law, insurance, and, of course, others.

Rosie's Recruiters

We want you to join Rosie's Recruiters. In order to become a member of this highly selective organization which does not collect dues nor hold lengthy meetings, all you have to do is refer the name of a potential Rose-Hulman student to the Admissions Office. The student may be a relative, neighbor, friend, your paper boy or the son of a business associate. The Admissions Office needs your assistance in identifying high school juniors and seniors as prospective students for Rose-Hulman. If you will provide us with the names and addresses, we'll send these students the appropriate literature. Rose-Hulman is one of America's best kept secrets, but with your help we can get the word out about the quality of our educational program and very special campus environment. Join Rosie's Recruiters today! Become a part of our admissions effort. For your convenience, please use the adjacent postage paid referral card. Thanks for your assistance.
