## The Rose-Hulman family at your fingertips

The 2000 Rose-Hulman alumni directory provides the most up-to-date listing of more than 9,000 alumni, where they are and what they are doing.

The directory provides a comprehensive review of alumni data. You can look up your classmates alphabetically, by class year, and geographically. Also, we list businesses and institutions employing more than five Rose-Hulman alumni. You also will find listings for former faculty and staff who served the college for many years.

In the class listing area, alumni are listed by name, major, home address and work position. Major abbreviations are:

AERO - Aeronautical engineering  
AO - Applied optics  
ARCH - Architecture  
BIO - Biological engineering  
BE - Biomedical engineering (master's)  
CE - Civil engineering  
CH - Chemical engineering  
CM - Chemistry  
CO - Computer engineering  
CS - Computer science  
EC - Economics  
EE - Electrical engineering  
EV - Environmental engineering  
MA - Mathematics  
ME - Mechanical engineering  
PH - Physics

While we encourage communication among alumni, the staff of Rose-Hulman does not allow its alumni lists to be used for commercial purposes. No outside agencies have access to our alumni lists. Your names and addresses are used only by the school and fellow alumni. We hope alumni using this directory would do so in a professional manner.

So, when you have a change in your life, let us know. Call it in, write it in, send it via e-mail or carry it in. We want you to have the most current record possible. You also can fill out the data cards in the back of this book or the information form that appears in every issue of "Echoes."
