FOR TO SMALL COLLEGE EDITORS: Below is a brief outlook for Rose-Hulman's 1994 football season. Use it as a preview of the season and as a guide to the types of stories you may be preparing. We will be sending a 1994 media guide soon, along with photos and information on players from your area.

## ROSE-HULMAN FOOTBALL TEAM READY FOR 1994 SEASON

Terre Haute, Ind. -- Rose-Hulman Institute of Technology Head Coach Jeff Duncan hopes changes in the off-season by football coaches and players can bring about a reversal of fortune from the Engineers' 1-10 record in 1993.

"Everybody on the coaching staff has changed position, looking for new ways to do things," said Duncan, who will be making the switch from the offensive to the defensive side of the ball. "Those changes along with some dedicated preseason work by the players should make us a stronger team."

Nine starters return on both sides of the ball, and the Engineers will count on every bit of that experience in hopes of competing for the 1994 Indiana Collegiate Athletic Conference title.

"The key this season is to defend the ball. We need to respond in the last five minutes when the game is on the line," said Duncan, who is in his fifth season as head coach of the RHC Division III team.
