Disclaimer: Archived issues of the Rose-Hulman yearbook, which were compiled by students, may contain stereotyped, insensitive or inappropriate content, such as images, that reflected prejudicial attitudes of their day--attitudes that should not have been acceptable then, and which would be widely condemned by today's standards. Rose-Hulman is presenting the yearbooks as originally published because they are an archival record of a point in time. To remove offensive material now would, in essence, sanitize history by erasing the stereotypes and prejudices from historical record as if they never existed.

This Book is brought to you for free and open access by the Student Newspaper at Rose-Hulman Scholar. It has been accepted for inclusion in The Rose Tech Explorer by an authorized administrator of Rose-Hulman Scholar. For more information, please contact weir1@rose-hulman.edu.

Parents Day This Weekend

by Jim Eddleman
& R.P.I. News Bureau

Some 300 parents are expected Saturday (May 9) on the Rose Polytechnic Institute campus for the annual Parents' Day program and the annual meeting of the Rose Parents' Association.

According to the announcement of the program by Prof. Ralph M. Ross, Dean of Students and coordinator for the event, registration takes place in the west corri-

dor of the main building from 8 until 9:30 o'clock in the morning during which time coffee and doughnuts will be served.

The parents will assemble in the auditorium from 9:30 until 10 o'clock for a welcome from Dr. John A. Logan, Rose president; Norman Schuld, Cleveland, Ohio, junior and president of the Student Council, and Howard D. Wood of Indianapolis, president of the Association.

Two visitation periods are scheduled, from 10 o'clock until noon and from one o'clock until three o'clock in the afternoon, when parents may meet and visit with faculty members. A buffet luncheon will be served in the Student Center from 11:45 o'clock until 1:30 o'clock.

The annual meeting is called for three o'clock in the afternoon when the Glee Club will sing and Dr.

Logan will speak about the Institute's development program. The business meeting and election of officers will follow.

The dormitories and fraternity houses will have openhouse between 4 o'clock and 5:30 o'clock in the afternoon. The program first ad parents day Rose Polytechnic Institute closes with the presentation of two one-act plays by the group of Rose students under the direction

of Assistant Prof. William O. Makeley and B. LeRoy Baker, of the humanities and social studies department at 8 o'clock in the evening in the auditorium.

Cooperating with the administrative officers in planning the affair are officers of the Association, members of Blue Key honor fraternity, Tau Beta Pi honor engineering fraternity, Student Council, and the student wives of the Institute.

New Constitution: Vote on Monday

Work on the revision of the present Student Council Constitution has been progressing for most of this semester, under the direction of S.C. president Norman Schuld.

Recently, the revisions committee published their recommendation for the proposed Constitution of the Student Body of Rose Polytechnic Institute.

The document was designed to be patterned after the Constitution of The United States, with separate branches of Executive, Legislative and Judicial action.

However, general student reaction to the revised system of student government indicated to the committee that their original document was not as satisfactory as possible, and made further modifications.

They considered comments and criticisms of any interested students and faculty, and made further changes with these comments in mind.

The full text of the soon-to-be-voted on Constitution begins below. Any changes that have been made since the committee made its original recent publication are printed in **The Explorer** in bold type.

Several separate articles have been written and are printed throughout this issue. They are written to explain to the voter the committee's thinking behind several major issues and changes in student government.

The voting for the Constitution will be held all day Monday in the main hall.

Complete Text of Student Body Constitution

CONSTITUTION AND BY-LAWS

of THE STUDENT BODY OF ROSE POLYTECHNIC INSTITUTE ARTICLE I

NAME

The name of this organization shall be THE STUDENT BODY OF ROSE POLYTECHNIC INSTITUTE.
ARTICLE II
PREAMBLE

In view of the fact that men who regularly deal with natural forces and the practical application of scientific principles to the facts of life are liable to lose sight of the humanities, and in view of the fact that without the cooperation and patronage of the members themselves, no organization can thrive, and with a view toward establishing the present association of students on a firm foundation and providing for their future welfare and prosperity, we, the students of Rose Polytechnic Institute ordain and establish this constitution.

ARTICLE III THE EXECUTIVE

SECTION 1.—EXECUTIVE POWERS

Executive powers shall be, at all times, vested in an Executive Committee which shall consist of the Executive Officers and the Administration Officers.

SECTION 2.—EXECUTIVE OFFICERS.

The Executive Officer shall consist of a Secretary, a Treasurer and a Historian, to be appointed by the President as hereinafter set out.

SECTION 4.—TERMS OF OFFICE. A. EXECUTIVE OFFICERS.

Executive Officers shall serve for a term of one year from the date of their election, or until such

date as their successors are elected.

B. ADMINISTRATIVE OFFICERS

Administrative Officers shall serve for a term co-extensive with the term of office of the Executive Officer appointing such Administrative Officer.

SECTION 5.—ELECTION OF EXECUTIVE OFFICERS.

A. Any member of the regular student body of Rose Polytechnic Institute, in good standing and not on probation shall be eligible for nomination to an Executive Office hereunder as follows:

1. A petition for nomination for each Executive Office shall be circulated among the Student Body and shall be endorsed by at least five per cent of such members; no duplication of signatures shall be permitted and each individual signing such petition shall affix his own name and no other; any number of such petitions may be circulated for any number of prospective candidates.

2. The nominee for whom such petition shall be circulated shall endorse such petition, at the head thereof, with such language as shall express his sincere desire to seek such office and faithfully execute the duties thereof if elected.

3. Before such petition shall be circulated, and after being endorsed by the nominee, as provided hereinabove, such petition shall be endorsed by the faculty advisor of the nominee named therein.

B. The Primary System of Elections.

1. A primary election for the Executive Officers shall be held on the first Friday in the month of May each year; the arrangements for voting, counting of votes, and all other matters, incidental or necessary thereto, shall be arranged

Leverone To Give Schmidt Lecture

by News-Bureau

Nathaniel Leverone, founder chairman of the Automatic Canteen Co., of America, will be the speaker for the twelfth annual Oscar C. Schmidt Memorial Lecture at Rose Polytechnic Institute on Tuesday (May 19) at 10:40 o'clock in the morning in the auditorium on the campus.

"Freedom, Our Greatest Heritage," is the title of his address.

Established in the Spring of 1952 by the Cincinnati Butchers' Supply Co. of Cincinnati, Ohio, the lecture series was given in memory of the late Oscar C. Schmidt whose developments and inventions relating to the mechanization of the processing of meats form the foundation of that company's manufacturing business.

On the occasion of the inaugural lecture, his son, C. Oscar Schmidt, president of the company, expressed pleasure that the Fund would be used to present addresses by prominent business and industrial leaders so that Rose students would

better understand the place of industry in American life.

"It was our thought that in this way business men would show that they were still the leaders of free enterprise and could bring to the students the message that to keep themselves free they must have freedom," Schmidt said.

Leverone was born in Wakefield, Mass., reared in Keene, N. H., and has been a Chicago resident since graduation in 1906 from Dartmouth College, Hanover, N. H. He is a member of Phi Beta Kappa, Phi Gamma Delta, and was a Rufus Choate Scholar. Last January his alma mater named the new \$1.5 million Pier Luigi Nervi fieldhouse the Nathaniel Leverone Fieldhouse in honor of its donor.

Active for a number of years in many civic and cultural activities, the speaker is the recipient of four honorary doctorates: Doctor of the Science of Oratory from Curry College, Milton, Mass.; Dr. of Laws from Culver-Stockton College, Can-

ton, Mo.; Doctor of Laws from Morningside College, Sioux City, Iowa and Doctor of Humanities from Illinois Wesleyan University Bloomington, Ill.

His firm, of which he was president or chairman of the board for 30 years, is the largest and most outstanding firm in the automatic merchandising industry. He was a founder of the National Automatic Merchandising Association, the industry trade association, and served as its president for ten years. He is now a director.

He has served as president or chairman of a number of civic and service organizations and is currently very active in more than a dozen civic, philanthropic, and educational associations in Chicago. He is also a trustee of Culver-Stockton College.

HOWLETT TO GERMANY

by Dan Lenz

John Howlett, a Sophomore EE, plans to work this summer in Germany. He will work on a construction job there, exactly where he is not sure. Leaving soon after finals, John will work for eight weeks, then take a couple of weeks vacation in Europe.

When asked why he is working there, his answer was simple, the gross pay is higher. Anyone desiring a similar opportunity for summer European employment is advised to contact the American Student Information Service.

How Will The Common Court Effect Traditions?

Tradition is not something that can be established by a court. If it were, it would no longer be tradition. However, there is often a need of a court to determine just how far a tradition does extend. This is the purpose of the Common Court concerning traditions. (The Common Court's) main function concerning traditions will be to determine just what the sophomores

have a right to do to the freshmen in the name of tradition. However, its jurisdiction has not been limited to Hazing because it is possible to find other areas where the limits of tradition are questionable. Therefore a means of referring these questions to a court has been established, so that these questions may be discussed and decisions reached.

EDITORIALS

CONSTITUTIONAL PLEA

Monday will be Election Day at Rose Poly—each student will be asked to express his opinion on the proposed Constitution.

Pulling no punches, and masking no feelings, I want to say here that I am firmly in favor of passage of this Constitution, and will ask as many students as possible to vote YES for it.

My position has shifted since last week, due to the revisions presented to you in this Explorer. Most Rose men have felt for some time that our present Student government system is sterile; most would like to see a new system giving students added voice in their affairs.

The original Constitution presented last week would have been a step in the right direction, but it left open so many holes and points of dissensions, that even with a fine basic idea and good intentions, ratification at that time would have made our desires as students hard to realize.

Take a quick look at the dark-typed changes. Be sure to read the explanatory stories. The many benefits to running and living of student life seem very obvious.

Consider also Mr. Allard's comments below. He has valid questions. But I do not believe that they are of such a nature as to prevent any student from accepting this Constitution.

Remember difficulties arise from difference of opinion. The Congress is designed to provide the discussion ground for resolving these difficulties.

Consider this point of view: almost anything would be better than what we have now.

Sure, you may say, "Why the hell should I accept any rules made up by only seven or eight students?" But, remember this, as the Student Council is set up now, it can meet to adopt student laws

with a $\frac{3}{4}$ quorum (about nine men), and only five of these voting together can pass laws far more sweeping than those presented in the new system.

Think of that for a minute—you're not getting this shoved at you. You're getting a chance to get away from the possibility of having your entire, on-campus, life run by only five men:

Consider this: under the new system, you can recall any representative that isn't shaping up the way you want him to.

Consider this: article 19 of the bylaws (the last one) provides the mechanism for the first year so that the Constitution is easily changed, specifically to provide the opportunity to make changes of the type brought up by Mr. Allard.

Consider this: Changes have been made in the financial structure so that each club can have a real voice in how much money it will get; no longer will one man have final say. No more will financial transactions be bogged down if the Financial Secretary doesn't have time to keep things going.

Read through the whole Constitution again—do it in groups of three or four in the dorms, so that guys can make sure that they understand the structure and internal balance.

Don't hesitate to seek out members of the committee who drew up the system's outline (not the system—we do that as we use the outline) and ask questions.

Finally, a plea to each of you fellow students to realize that this issue is presented to you in all honesty, all desire to make things better for students, as a chance to show definitely our maturity and interest in our own affairs, and as a chance to make secure our position in an evolving and changing school.

R.T.

QUESTIONS

The new Student Body constitution is indeed a fine effort to make a more efficient student government. Yet, in keeping with the traditional attitude, I have three points to be questioned.

(1.) Suppose one of the Judicial Council members turns out to be a lemon, how do we get rid of him? The President of the Student Body will fire him? Wouldn't then the President be able to enforce his own decision on any court case just by replacing judges? Proposed Solution: Have the President of the Institute remove a judge upon recommendation of the President of the Student Body.

(2.) Here is a senior living in the dorm but planning to move into the house in the fall. He wants to run for congress, but by house rule the sophomores have first preference; so he may end up living in town. To further complicate matters, he has applied for a dorm counselorship which he may, or may not get.

Proposed Solution: Why not hold congressional elections in September?

(3.) The Committee has deliberately left out the word "Faculty" even though by the Board of Managers' By-Laws, the faculty is final arbiter over all student affairs. First, this entire matter approaches unreasonableness, and second, what if the faculty doesn't pass the whole constitution because of this one minor point? In fact, I would feel much safer knowing the veto power was placed in the hands of the one stable, conservative, and conscientious group of people which exists in the Institute. Proposed Solution: Change it to read what it implies anyway.

Letters To The Editor

Editors
EXPLORER
Rose Polytechnic Institute
Terre Haute, Indiana

Gentlemen:

I would like to formally express my appreciation to the officers of the Student Council, Professor John Biel, Dick Hahn and the others who have worked so hard in preparing the proposed new Constitution.

In common with Dean Moench, Dean Ross and other members of the faculty I believe that our Student Council, as presently constituted, does not have a strong enough voice in the important area of extra curricular affairs, including athletics, recreation, social activities, etc. The new Constitution is, I believe, a marked improvement over our present one and would provide for more responsible student participation in the future activities of the Institute.

Although there are undoubtedly minor points which will need clarification and perhaps revision, I believe that the Constitution as presently proposed would be in the best interests of Rose Polytechnic.

Yours sincerely,
John A. Logan
President

I heap laurels on the heads of all the men who helped to make up the April 24, Explorer. I feel this was definitely a milestone in student publications. This was something with meat in it, and not a refugee from a toilet paper roll, as much of the reading material around here is:

Steve Hill

Student
Voices

Last Tuesday at the convocation in which the plans for the new Student Union Building and dorms were outlined, one of the freshmen brought out a very good point. Namely, in planning these dorms, why weren't any consideration of how the students felt taken into account? After all, it will be Rose students who will be living in these dorms.

In view of this point, I would ask the same question. Many opinions were expressed at this convocation concerning the new dorms. For example, the small windows, the value of brick for soundproofing, the layout of the beds, the lack of facilities for fellow student guests in the rooms, the distance of parking lots, the small, numerous heads, as compared to a single large one, and the "ribbing" on the exterior of these dorms. Yet, Mr. Nelson from Perkins and Will seemed determined that his way was the right way, saying that he and administrative members had looked into the matter closely at other schools.

I ask this final question, if Perkins & Will continue as planned, will the campus sentiment in three years be as one senior expressed last Tuesday, "Well, it looks as if Speed Hall will be still the best dorm on campus"?

W.B.A.

EDITOR'S
COMMENT

The editor expresses his sincere thanks to all those who put in extra time and effort into this issue:

Mrs. Mary Collier
Curt Pease
Bill Allard
Constitution Committee,

and above all,

The Daily Clintonian, who transform the ideas into the words on the page.

R. T.

Grade Requirements

"Why set minimum grade requirements for those students who serve in the executive, legislative, or judicial branches of the student government proposed under the new constitution?" This is one of the questions asked about the new constitution, and it is one of the easiest to answer. The situation is not unique and not particular to student government. ANY position of responsibility requires much time and effort. Every Student Body officer, Student Congress representative, or Judicial Court member will be holding down a position of responsibility, and much time and effort will be demanded of him. If he is to serve properly, he must be able to afford this time and effort.

So then you may ask, "What do academic considerations have to do with this?" The fact that time for study is a prime ingredient in academic success cannot be ignored. The lower one's grades are, the more precious time becomes to him. Following the theory that grade-point index is proportional to time spent studying (a widely accepted theory), low grades indicate little time, or in some cases, simply not enough time spent studying. What is the explanation for this? There are two possible explanations; either the student with low grades cannot study efficiently and therefore needs more time to accomplish himself what other students can in much less time; or he does not study as much as his time allows him to study. If a student needs more time to study, he should have it! After all, he came to Rose to get an education; and he should not be deprived in any way of his opportunity to obtain it. If participating in student govern-

ment demands time, he who wants to participate should have this time. Low grades do not suggest time available for use in other areas, unless available time is not being used for study. But if a man has low grades and yet is not making good use of his time in order to bring them up, what does that suggest about the man? The first word that comes to mind is "irresponsible." What sense of responsibility has a man who spends \$2,000 a year for an education and then doesn't even try to get what he's paying for?

The proposed student government needs responsible, capable men to serve as representatives and as leaders. The Constitutional Committee feels that men who do not meet the minimum grade requirements for an office are either not responsible enough or do not have time to serve in that office. For some positions, the requirements are slightly more than bare minimums; for the positions of greatest responsibility, they may seem rather high. These positions must be filled by TRUE leaders. Look at the TRUE leaders on campus. How many fall below even the highest of the grade requirements? Among men of responsibility, not many. You may point to a few men with titled positions or with honor key citations, whose grades are rather low, but how many of them are really doing their job? For every one you can name that is, this writer can name at least one that isn't—or didn't before he flunked out of school. These grade requirements are necessary to insure that the job will be done and be done well. If you want the job done well, you will see this, and will realize that this provision of the new Constitution must be supported.

Concept Of Precincts

A major change in the new student government will be the method in which you, the student, are represented. As noted in the new constitution by-laws there are two distinct groups, the Freshmen and the Upperclassmen. Perhaps a more complete interpretation of Section 1 of the by-laws is needed at the present time.

As stated, the Freshmen class shall have five representatives from their class elected according to proportional population. It will be the duty of the election committee to decide, on a purely mathematical basis, the area of each of the five precincts and who resides in each of those precincts. If you want a concrete example let us consider what will probably happen in next year's freshmen class. There will be 250 frosh, divided into 5 precincts which gives 50 men per precinct. If off campus freshmen number in the 35-50 range they will most likely choose a representative from among themselves. The other four representatives will be chosen according to area population in the dormitories and would probably mean one representative from Deming Hall, one from Speed and two from Baur-Sames-Bogart. By election of the freshmen representatives in this manner the number is kept constant. This allows them sufficient debating power and a second semester voting power.

The Upperclassmen shall also be elected by precinct area as described in the by-laws. It will also be the duty of the election committee to post a list of the men living in each precinct before election and nomination time. This will permit you to know which precinct you belong to and for whom you are voting. Note that each fraternity house constitutes a precinct and not each fraternity. There is no double representation.

It is hoped that this new method of representation will make the Student Congress a strong body with more power to get a job accomplished. However, no method of representation can create interest. This must come from the student and their representatives.

Q:/A:

Dr. Logan, President:

Q. Dr. Logan, as an advisor, what are your comments on the new Student Body Constitution?

A. In general, I think it's an excellent constitution and am very much in favor of it. I think these fellows deserve to be congratulated and Professor Biel should be given special thanks for his help in legal matters.

Q. What do you think will be the faculty reaction?

A. The constitution as written makes a stronger representation and gives students more responsibility. In general, I hope the faculty will find it acceptable. There may be some specific questions but these are not basic and could be resolved by compromise.

Dean Moench, Dean of Faculty

Q. Dean Moench, as an advisor, what are your comments on the new Student Body Constitution?

A. I think it represents some very useful work which should make student government much more effective on the Rose campus. I feel that we have needed a form of student government which would put more responsibility on the students themselves for almost all phases of student life at Rose and I hope that the new constitution will provide that.

Q. What do you think will be the faculty reaction?

A. I believe by and large the faculty favor the new structure.

S. B. PRES. POWERS

The President of the Student Body holds a position of honor and respect from the Student Body. He also holds a position of responsibility and obligation to the Student Body. As it is with any office, these are inseparable and go hand in hand.

In this constitution the President of the Student Body has little change from the powers entrusted to the present Student Council President. The main change is the inclusion of his power to appoint the Judicial Council. This is the same system used in the State and Federal Supreme Court Systems and invol-

ves five (5) men. The President is required to appoint these men from those of senior standing with the approval of the Student Congress being required for each appointment.

In brief, then: (1) The new President of the Student Body has no new powers that would create a "dictatorship" as feared by some, but rather (2) has only those powers normally bestowed upon such an office that have proven to be needed and desired, and (3) he does have a job which can and should bring honor and respect to the Student Body, both in school and civic affairs.

HONOR POINT SYSTEM

It is recognized by most everyone that both the Honor Point System and the method in which Honor Keys are given are inadequate. This system needs to be revised or replaced so that a Rose Honor Key has some value to the man who earned it. It is believed that the basic system is good and that men should receive recognition for services rendered to clubs, organizations, publications, and Rose.

Because most students feel that the Honor Point System has some merit, it was not deleted from the new constitution entirely. It has been included in name only with a provision for a complete revision of points and earning requirements by the Student Congress dur-

ing the first semester of next year. When this revision comes you will decide whether or not the Honor Point System is worthwhile.

Those not eligible for Honor Keys from their work this semester will still be considered under the present point system and keys will be awarded accordingly. It is most probable that the new system will recognize the work done by men in their previous semesters and so no "credit" will be lost.

A re-evaluation of the Honor Point system is long overdue. This is a job which will take a considerable amount of time and can be done as a needed challenge to the first Student Congress. When the time comes this project will need your ideas.

CLASS OFFICER ELECTIONS

Under the present constitution, the class officers are elected with the candidate receiving the highest votes, according to the modified Hare System, becoming President; the second highest, Vice-President; and the third highest, Secretary-Treasurer. The candidate is not running for a particular posi-

tion, but merely for A class office. Under the proposed constitution, a candidate runs only for one particular office, not just any office. This means that a candidate will not have an office which he really doesn't want, forced upon him. He will be a candidate only for the office he desires. This should eliminate the dissatisfaction and the poor job of filling an office which arises when a candidate must accept an office he doesn't want.

The proposed constitution will allow a student to sign a nomination petition for each class office, if he so desires. He can endorse his favorite candidate for each office. Under the present constitution, a student can sign only one petition for all of his class officers. The proposed constitution will allow the student to better express his opinion by giving him the opportunity to support a candidate for each office.

FENCING CLASS ADJOURNS

Prof. Joe Moser's fencing class, which had started in November, ended its first season recently. This class, composed of Prof. Moser, Tom Holmes, and Mike Francis, met approximately two times a week to study and practice the art of foil fencing. Although he has tried to introduce fencing at Rose before, this was Prof. Moser's first successful year. He hopes that next year there will even more interest in the sport.

This class was not a team and was not school supported. The students, who had no previous experience, learned the essentials of foil fencing. They also learned that fencing, unlike many other sports, takes a great amount of practice before it can be enjoyed.

He has it at Western Electric

John LaCost received his B.S.E.E. from the University of Illinois in 1962. One of the factors which influenced him to join Western Electric was the quick manner in which new engineers become operational.

During the short time John has been with us, he has worked in several areas which are vital to the nation's communications complex. And with his future development in mind, John attended one of our Graduate Engineer Training Centers where he studied the front-line Electronic Switching System. He is currently working as a systems equipment engineer on such projects as cross bar switching and line link pulsing.

John's future at Western Electric looks promising indeed. He knows he will be working with revolutionary and advanced engineering concepts like electronic switching, thin film circuitry, computer-

controlled production lines and microwave systems. He is also aware of the continued opportunity for advanced study through the Company-paid Tuition Refund Plan, as well as through Company training centers.

How do you see your future? If you have high personal standards and the qualifications we are looking for, we should talk. Opportunities for fast-moving careers exist now, not only for electrical, mechanical and industrial engineers, but also for physical science, liberal arts and business majors. For more detailed information, get your copy of the Western Electric Career Opportunities booklet from your Placement Officer. Or write: Western Electric Company, Room 6405, 222 Broadway, New York 38, N. Y. And be sure to arrange for a personal interview when the Bell System recruiting team visits your campus.

ged for and executed by an Election Committee to be named by the President at least thirty (30) days prior to such first Friday in the month of May each year.

2. The primary elections shall eliminate all nominees for the positions of Executive Officers except for those two (2) obtaining the highest number of votes for each Office, by the modified Hare system of proportional representation, which two (2) candidates for each Executive Office shall be certified by the Election Committee.

C. The Final Election.

1. The final elections shall be held on the second Friday in the month of May each year and shall be conducted, in all detail, by the Election Committee, hereinabove referred to.

2. At this election, the candidate receiving the greater number of votes for the Office for which he was declared a candidate in the Primary Election, shall be elected to such Office, and his election shall be so certified by the Election Committee.

SECTION 6.—DUTIES AND POWERS OF THE EXECUTIVE OFFICERS.

A. The duties and powers of the President shall be as follows:

1. He shall serve as Chairman of the Executive Committee.

2. He shall call, and preside at, all meetings of a general assembly of the Student Body.

3. He shall represent the Student Body at all functions, on all occasions and at all ceremonies where such representation shall be deemed necessary, required or desirable.

4. He shall administer and enforce, by whatever action, either personally or by AD HOC Committee appointed by him, shall seem proper to him, all laws and regulations of the Student Body.

5. He shall appoint all Administrative Officers and members of the Judicial Council from members of the Student Body, at large, with the approval of a majority of the Student Congress, as soon as practicable after his election.

6. He shall make recommendations for legislation, or other action, to the Student Congress, and to carry out this duty shall address the Student Congress at the beginning of each semester of the academic school year, and at such other times as he shall deem necessary or upon request by such Student Congress.

7. He shall supervise, instruct, assist and require reports from: all Administrative Officers, standing Committees and AD HOC Committees and shall establish and approve all policies made by them.

8. He shall, at his discretion, remove any officer who shall be serving in such office solely by reason of his appointment.

9. He shall approve, or veto, in writing, all acts of the Student Congress and—or amendments to the Constitution and By-Laws proposed or enacted by that Body; provided however, that such approval or veto must be made within ten (10) school days after the passage by such Body. A veto by the President may be overridden by a two-thirds vote of a quorum of the Student Congress.

10. He shall perform each and every other duty usual, customary or required of the presiding officer of any organization.

B. The duties and powers of the Vice-President shall be as follows:

1. He shall assume and perform all the duties of the President in his absence or his incapacity for any reason, or as he may be specifically requested.

2. He shall serve as the presiding officer of all meetings of the Student Congress.

3. He shall appoint all standing committees of the Student Congress.

4. He shall dismiss the Student Congress Secretary from his duties as Secretary whenever he shall have violated this Constitution or By laws.

5. He shall perform any and all other duties which may, from time to time, be delegated to him or requested of him, by either the President or the Executive Committee.

SECTION 7. —DUTIES AND POWERS OF THE ADMINISTRATIVE OFFICERS.

A. The duties of the Secretary shall be as follows:

1. He shall keep the minutes and records of the meetings of all official meetings of the Executive Committee, and of all Committees appointed by the President.

2. He shall prepare all written correspondence for the President.

3. He shall serve as a liaison between the Executive Committee and the Student Body.

B. The duties of the Treasurer shall be as follows:

1. Receive and hold the Student Budget from the Comptroller of the Institute.

2. Receive and hold, in trust, all monies belonging to all student organizations which are recognized by the Student Congress.

3. Keep a true and accurate record of all funds handled for the Congress and for each organization, and shall have these audited immediately prior to the relinquishment of his office by the Comptroller of the Institute.

4. Prepare and submit in conjunction with and with the approval by a majority of the Subcouncil, for approval to the Congress, a budget of the Student Budget for each semester of the school year.

5. Require, at the beginning of each semester of the school year, a financial MODUS OPERANDI from each organization recognized by the Congress and for which he is holding funds.

6. Preside over all meetings of the Student Sub-council, as provided for in Section Article VIII.

C. The duties of the Historian shall be as follows:

1. He shall collect and keep in an orderly manner all written material written about or concerned with the Student Body government.

2. He shall prepare a brief outline at the end of each semester of the Government's successes, failures, good points, and bad, to be bound in a notebook as a history of the Student Body Government.

ARTICLE IV THE LEGISLATIVE

SECTION 1.—LEGISLATIVE POWERS.

A. The Student Congress shall be composed of:

1. A number of elected members, such number to be fixed, and changed, from time to time, as provided for hereinafter in Section 1 of Article VIII, which members shall be known and designated as Student Body Congressional Representatives.

2. An Assistant Vice-President, who shall be elected from among the Student Body Congressional Representatives, at the first meeting of such Congress, by majority vote of the members thereof, after nominations duly and regularly made.

a. Such Assistant Vice-President shall serve for a term co-extensive with the term for which he is elected as a Student Body Congressional Representative.

b. Such Assistant Vice-President shall serve as Presiding Officer of the Student Congress in the absence of the regular Presiding Officer, pertaining to the conduct, administration and functioning

of such Student Congress.

3. A secretary, who shall be appointed from among the Student Body Congressional Representatives, at the first meeting of such Congress, by the Presiding Officer thereof.

a. Such Secretary shall serve for a term co-extensive with the term for which he is elected as a Student Body Congressional Representative, or at the pleasure of the Presiding Officer.

b. Such Secretary shall keep the minutes and records of all official meetings of the Student Congress and of all meetings

of the Student Congress and of all meetings of Standing Committees which may be appointed by the Presiding Officer of such Congress; shall prepare all correspondence for the Presiding Officer of the Congress and—or the Assistant Vice-President; and shall perform such other services and duties as shall be assigned or delegated to him, from time to time, by either the Presiding Officer or the Assistant Vice-President.

c. He shall present a copy of the minutes of all official meetings of the Student Congress to:

1. The President of the institute

2. The Deans of Faculty and Students

3. The Student Congress Bulletin Boards

4. The President and Vice President of the Student Body.

SECTION 3.—ELECTION OF STUDENT BODY CONGRESSIONAL REPRESENTATIVES.

A. The Student Body Congressional Representatives shall be elected as provided for hereinafter in Section I of Article VIII.

SECTION 4.—POWERS AND DUTIES OF STUDENT BODY CONGRESS.

A. The Student Body Congress shall have the duties, and all powers necessary or incidental thereto, as follows:

1. To enact, by a two-thirds affirmative vote thereof, By-Laws as may be deemed necessary to carry out and—or make effective the objects and purposes of this organization, THE STUDENT BODY OF ROSE POLYTECHNIC INSTITUTE.

2. Propose, by a two-thirds affirmative vote thereof, amendments to this Constitution.

3. Provide for the compilation and publication of all its legislative enactments in order that the members of the Student Body may be adequately informed.

4. Confirm or reject, by a two-thirds affirmative vote thereof, all appointments which shall be made by the President, the Vice-President or the Assistant Vice-President, as the case may be.

5. Impeach, and remove, when such impeachment may be deemed necessary, by a two-thirds affirmative vote thereof, Executive or Administrative Officers of the Student Body.

6. To approve, by a two-thirds vote thereof with no appeal permitted therefrom, all budgeting of the Student Budget.

7. To approve, or disapprove, by a two-thirds vote thereof, all Student Organizations which shall be permitted to function on the Campus of Rose Polytechnic Institute, with the exception of church affiliated Religious Organizations and Social Fraternities, Professional Organizations, Dormitory Organizations, and Honor Societies.

A. Criteria for Recognition:

1. The organization desiring recognition shall submit for approval a constitution and bylaws of said organization.

2. A 2/3 majority vote of approval by the Congress shall constitute recognition.

3. The organization shall have a faculty advisor.

8. To establish its own regular and special meeting times and to adopt, and change from time to time, all rules and regulations governing its procedures and operations.

SECTION 5.—QUORUM OF STUDENT CONGRESS.

A. A quorum of the Student Congress shall consist of a 2/3 majority of the elected Student Body Congressional Representatives present and voting at any regular or special meeting thereof.

SECTION 6.—LIMITATIONS ON POWERS OF STUDENT BODY CONGRESS.

A. No law, regulation, act or charter of any kind, nature, form or description shall be passed, or if passed, shall be effective in any manner whatsoever, which shall limit, modify or repeal any of the powers or duties granted in or by this Constitution, except as shall be presented and enacted as regular Constitutional Amendments, in accordance with the provisions for such amendments as provided for herein.

B. All acts, laws, rules, regulations, charters or proposed amendments of the Student Body Congress shall be subject to review, modification and—or veto:

1. Only by such officials as may be authorized by the Charter of Rose Polytechnic Institute, the Board of Managers of such Institute, the State of Indiana, or by the President of such Institute; and then

2. Only when such legislation directly concerns areas of student life or activity under administrative jurisdiction, namely: health, safety, public policy, maintenance of Institute property, academic policy, public relations and in such other, and additional, areas as may be specifically set out in the Charter of Rose Polytechnic Institute.

ARTICLE V.

THE JUDICIARY

SECTION 1.—Judicial Powers.

A. All judicial power of the Student Body shall be vested in a court system, composed of a higher Court and two lower Courts, as follows:

- 1. The Judicial Council
- 2. The Traffic Court
- 3. The Common Court

SECTION 2.—THE JUDICIAL COUNCIL.

A. The Judicial Council shall consist of five (5) members, of senior academic standing, to be appointed by the President of the Student Body for terms co-existent with the term of office of such appointing officer.

SECTION 3.—JURISDICTION OF THE JUDICIAL COUNCIL.

A. The Judicial Council shall:

1. Have original jurisdiction over all cases of student theft occurring at the Institute or any of its properties or occurring in the community in which the Institute is located.
2. Have original jurisdiction over all cases of cheating when such cases are directed to it by members of the Faculty or members of the Administration of the Institute.
3. Have original jurisdiction in all cases of student conduct which is, or may be, detrimental to the Institute.

4. Hear all appeals from the Traffic Court and the Common Court when such appeals may be directed to it.

SECTION 4.—PROCEDURES OF THE JUDICIAL COUNCIL.

A. The Judicial Council shall select one of its members to assume the duties, and serve as, clerk.

B. The Judicial Council shall convene within two school days after a case is reported to its clerk.

C. The (accused) shall be notified of the case pending against him by the clerk at least four (4) hours prior to a review of the case by the Judicial Council.

D. The Judicial Council shall have power to determine all its procedures, rules for testimony and evidence and any other matter necessary, incidental or desirable to effect its primary duties, not incon-

sistent herewith.

E. After deliberation, the Judicial Council shall make a written report of its findings of fact and recommendations which report shall be submitted, by the clerk, to the Faculty Disciplinary Committee when such recommendations involve disciplinary probation, suspension or expulsion.

F. A quorum of the Judicial Council shall be four (4) members thereof and concurrence of a quorum shall be necessary to render effective a decision of such Judicial Council; if a concurrence of four (4) cannot be secured on any decision, a majority and a minority opinion may be recorded, if in the discretion of such Judicial Council such recordation would serve any useful purpose.

SECTION 5.—POWERS OF THE JUDICIAL COUNCIL.

A. The Judicial Council shall have plenary power to:

1. Place any member of the student body of the Institute on social probation for such period and under such conditions as it shall determine.

2. Recommend to the Faculty Disciplinary Committee probation, suspension or expulsion from the Institute.

3. Review all decisions of the lower courts which may be directed to it with a final decision of approval or rejection.

SECTION 6.—THE TRAFFIC COURT.

A. The Traffic Court shall consist of five (5) members to be appointed by the Vice-President from members of the Student Congress; at least one of such members shall be of senior academic standing and at least one shall be of junior academic standing.

B. The members so appointed shall select and designate a Chairman from among their members, except that, such Chairman shall be senior or junior academic standing; such Chairman shall preside over all sessions of such court.

SECTION 7.—JURISDICTION OF THE TRAFFIC COURT.

A. The Traffic Court shall have jurisdiction over all violations of the Traffic Code, as shall be established, or changed from time to time, by the Student Congress.

SECTION 8.—PROCEDURES OF THE TRAFFIC COURT.

A. The Court shall select one of its members to act as bailiff, who shall be charged with the duties of collection of fines, keeping all records of the actions and deliberations of the Court and cause all decision of such Court to be made available to members of the Student Body.

B. The Traffic Court shall meet in alternate weeks, on the same day of the week and at the same hour of the day, as shall be determined by the Court en banc at its first session.

C. A quorum of the Traffic Court shall be four (4) and it shall be necessary for concurrence by a majority of the members, present and voting, to render effective any decision made by such Court.

SECTION 9.—POWERS OF THE TRAFFIC COURT.

A. The Traffic Court shall have plenary power to:

1. Levy fines in connection with violations of the Traffic Code.

2. Suspend driving privileges.

3. Transfer to the Judicial Council the case of any violator who shall fail to comply with the decisions and orders of the Traffic Court with recommendations to such Judicial Council on suggested action to be taken.

SECTION 10.—THE COMMON COURT.

A. The Common Court shall consist of five (5) members to be

(Continued on Page 5)

appointed by the Vice-President from members of the Student Congress; at least one of whom shall have senior academic standing and at least one of whom shall have junior academic standing.

B. The members so appointed shall select and designate from among their members a Chairman, except that such Chairman shall be a member having senior or junior academic standing; such Chairman shall preside over all sessions of such Court.

SECTION 11.—JURISDICTION OF THE COMMON COURT.

- A. The Common Court shall:
 1. Have jurisdiction over the interpretation of the enforcement of tradition with the exclusive power to determine what such traditions may be or have been.
 2. Have jurisdiction over all cases of petty theft or destruction of personal property not deemed of sufficient magnitude for the original jurisdiction of the Judicial Council.
 3. Have jurisdiction over all infractions of rules and regulations and over all actions deemed detrimental to the Institution or the Student Body not otherwise delegated herein.

SECTION 12.—PROCEDURES OF THE COMMON COURT.

- A. The members of the Common Court shall select one of its members to act as clerk, who shall be charged with the duties of keeping all records of such Court and cause all decisions of such Court to be made available to members of the Student Body.
- B. The Common Court shall meet once a month on such day and at such time as shall be fixed by the Court en banc at its first session; such Court may meet more often as may be deemed necessary, on call of the Chairman.
- C. A quorum of the Common Court shall be four (4) and it shall be necessary for concurrence by a majority of the members, present and voting, to render effective any decision made by such court.

SECTION 13.—POWERS OF THE COMMON COURT.

- A. The Common Court shall have powers as follows:
 1. To make such rules and regulations as it may deem necessary or advisable to render effective any decision it may make in any of the areas over which it has jurisdiction.
 2. To place a student on social probation.
 3. Transfer to the Judicial Council all cases, for further action, which it shall deem necessary.

ARTICLE VI. AMENDMENTS

Any amendment or addition to this Constitution and By-Laws shall be made as follows:

- A. Such amendment or addition shall be submitted in writing by any member of the Congress, to the Presiding Officer of the Student Body Congress.
- B. The Presiding Officer of the Student Body Congress shall read such amendment or addition, in full, at the first meeting of the Student Body Congress following his receipt of such amendment or addition to be posted on the regular Bulletin Board of Rose Polytechnic Institute not later than the day after such meeting at which such reading shall take place.
- C. The Presiding Officer of the Student Body Congress shall submit such amendment or addition to the proper official for review, modification or veto as provided for in Section 6 of Article IV hereof, and,
 1. Should such amendment or addition be changed or modified in any way, it shall be read in such modified or changed form at the next regular or special meeting of the Student Congress and re-posted at least fifteen days prior to the meeting at which such amendment or addition shall be put to a vote,

but
 2. Should such amendment or addition be vetoed by the proper officials having such power under Section 6 of ARTICLE IV, herein, such amendment or addition shall be dropped and the subject matter thereof shall receive no further consideration until the lapse of one year.

D. At a meeting of the Student Body Congress held at least one month or fifteen days, as the case may be, after the meeting at which such amendment or addition is read, such proposed amendment or addition shall be put to a vote.

1. Should the vote recorded for the adoption of such amendment or addition be less than two-thirds of the entire Student Body Congress such proposed amendment or addition shall fail and no further or additional amendment or addition on the same subject shall be considered until the lapse of one (1) year from the date of such vote.

2. Should the vote recorded for the adoption of such amendment or addition be two-thirds or more of the entire Student Body Congress, then sub-sections E. & F. of this ARTICLE VI shall be followed through.

E. The Presiding Officer of the Student Body Congress shall call a general meeting of the entire student body of Rose Polytechnic Institute to be held at least one (1) week after the meeting of the Student Body Congress at which such amendment or addition was voted on and passed and shall cause notice of such meeting and the purpose thereof to be posted on the official bulletin board of Rose Polytechnic Institute for at least one (1) week prior to such meeting of the entire student body.

F. At the general meeting of the entire Student Body called in accordance with Section D, hereinabove, such amendment or addition shall be submitted for vote and should the recorded vote be less than a majority of those in attendance at such meeting, then such amendment or addition shall be considered until the lapse of one (1) year; but should the recorded vote be a majority or more of those in attendance at such meeting, then such amendment or addition shall be considered in full force and effect and shall be added to, and become a part of the Constitution and By-Laws of this organization.

ARTICLE VII ADOPTION & REPEAL

This Constitution & By-Laws shall be considered adopted when and if a two-thirds majority of the Student Body of Rose Polytechnic Institute vote to adopt said constitution at a regular voting time called for such purpose posted on the official Bulletin Board of Rose Polytechnic Institute prior to such voting time.

Upon the adoption of this Constitution and By-Laws of the Student Body at Rose Polytechnic Institute all previous Constitutions and By-Laws, including any and all amendments thereof and thereto, shall be considered codified herein or repealed.

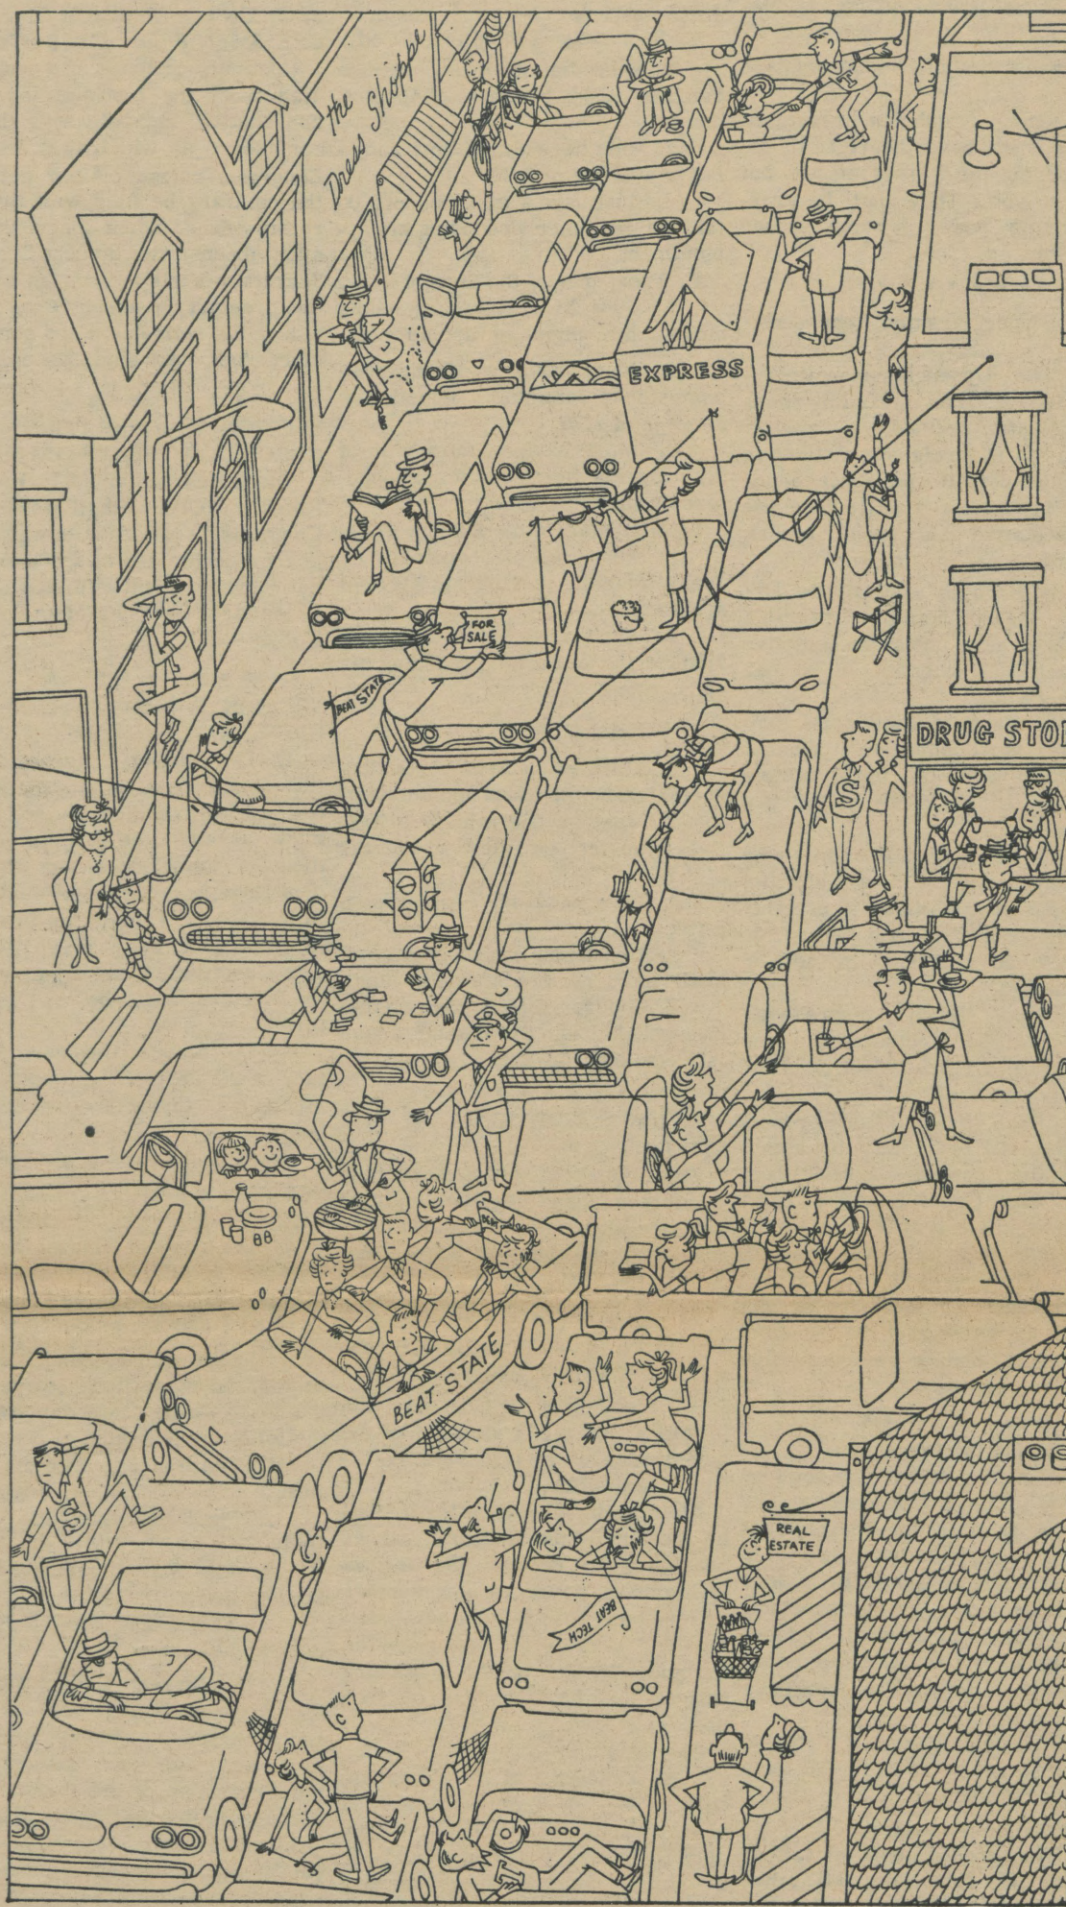

Bylaws

ARTICLE VIII. THE BY-LAWS

- SECTION 1.— Election of Student Body Congressional Representatives.
- SECTION 2.—Class and Grade Requirements.
- SECTION 3.—Meetings of the Student Congress.
- SECTION 4.—Attendance of Student Congress.
- SECTION 5.—Impeachment of Congressional Representatives.
- SECTION 6.—Absence of a Congressman from the Institute.
- SECTION 7.—Operating Procedure of the Congress.
- SECTIONS 8.—Records of Congressional Sessions.

- SECTION 9.—The Student Budget.
- SECTION 10.—Deposition of Funds.
- SECTION 11.—The Bond.
- SECTION 12.—The Financial "Modus Operandi".
- SECTION 13.—Application for Funds from the Student Budget—The Sub-Council.
- SECTION 14.—Class Fees.
- SECTION 15.—Class Elections.
- SECTION 16.—Recognized Organizations.
- SECTION 17.—The Honor Point System.
- SECTION 18.—Amendments and Additions.
- SECTION 19.—One Year Amend-

- ment provision.
- SECTION 1.—ELECTION OF STUDENT BODY CONGRESSIONAL REPRESENTATIVES.
 - A. Freshmen Representation.
 1. The Freshmen Class shall

Can you avoid living in "Jamsville"?

It won't be easy. By 1980 most Americans will live in 40 large metropolitan areas—each with more than a million population. To keep your community from becoming a "Jamsville" will take people with ideas—ideas that can help cities move more traffic swiftly, safely and economically.

Some of the ideas come from the men and women of General Electric who, in effect, form a "Progress Corps."

In major cities, they're helping to develop balanced transportation built around rapid rail-transit systems . . . and they're providing advanced equipment to power and control the trains. They're also developing a TV monitoring system that enables a single engineer to control miles of auto traffic . . . a jet engine

that speeds commuters in a hydrofoil ship over the waves . . . and another jet engine to lift travelers over traffic via turbocopter at 150 mph.

Traffic is only one of many problems General Electric people are working on. Their numerous projects, in this country and around the world, demand a variety of talents: engineering, finance, marketing, law, physics and many others.

If you'd like to join the "Progress Corps" after graduation, talk to your placement director. He can help qualified young people begin their careers at General Electric.

Progress Is Our Most Important Product

GENERAL ELECTRIC

Constitutional Bylaws

have five (5) representatives.

2. They shall be elected according to proportional representation by those Freshmen living in each of those precincts defined by the Election Committee.

3. The Freshmen representatives shall be elected one week after the election of Freshmen Class Officers.

4. The Freshmen representatives shall have the right to debate during the first semester but have no vote. They shall be granted voting power for the second semester.

B. Upperclassmen Representation.

1. The Upperclassmen Representatives shall be elected by areas as hereinafter defined.

a. All upperclassmen living in Freshmen dormitories shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

b. Each Upperclassmen dormitory shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

c. Each of the Social Fraternities shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

d. All Upperclassmen living off campus and not in a fraternity house shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

2. Upperclassmen representatives shall be elected within one week after the final election of the executive officers.

3. Each Upperclassmen representative shall have debating rights and voting powers at all times.
4. Each Upperclassmen representative shall reside in the precinct from which he was elected.
5. If a representative vacates his precinct he must forfeit his seat in Congress and that precinct must elect another representative within two weeks.

C. Nominating Procedure.

The student must be nominated by the following procedure:

1. A petition for the nomination of a representative from a given precinct shall be signed by no less than five residents of that precinct.
2. The nominee shall endorse the petition and indicate his desire for election as the representative from that precinct.

3. The nominee shall pledge to remain in that precinct for his term of office, if elected.

D. Election Procedure.

1. The arrangements for voting, counting of votes and all other matters, incidental or necessary thereto shall be arranged for and executed by an Election Committee, as provided for in Article III, Section 5, Paragraph B-1.

2. A modified Hare System of proportional representation (as described in the student handbook) shall be employed in the election of all representatives.

3. In order to assume his seat in the Congress, any representative shall first obtain a certificate from the Registrar, as follows:

"I certify that, to the best of my knowledge, _____, has been elected representative of (name of precinct) and is therefore entitled to a seat in the Congress. (signed), Registrar"

SECTION 2.—CLASS AND GRADE REQUIREMENTS.

A. President of the Student Body.

1. Must be of Senior standing during his term of office.

2. Must have a minimum first five semester cumulative average of 2.50.

3. Must have a minimum of 2.00 for his first semester, Junior year.

B. Vice-President of the Student Body.

1. Must be of Junior or Senior standing during his term of office.

2. Must have a minimum cumulative average of 2.50.

3. Must have a minimum of 2.00 for his first semester, the year in which elected.

C. Secretary of the Student Body.

1. Must be of upperclassmen standing during his term of appointment.

2. Must have a minimum cumulative average of 2.20.

3. Must have a minimum of 2.00 for the semester preceding his appointment.

D. Treasurer of the Student Body.

1. Must be of Junior standing during his term of appointment.

2. Must have a first three semester minimum cumulative average of 2.75.

3. Must have a minimum of 2.25 for his first semester, Sophomore year.

E. Historian of the Student Body.

1. Must be of Sophomore or Junior standing during his term of appointment.

2. Must have a minimum of 2.00 for the semester preceding his appointment.

F. Judicial Council.

1. Must be of Senior standing during their terms of appointment.

2. Must have a minimum first five-semester cumulative average of 2.25.

G. Congressional Representatives.

1. Freshman representatives shall have no grade requirement.

2. Upperclassmen representatives shall have a minimum cumulative average of 2.00.

SECTION 3.—MEETINGS OF THE STUDENT CONGRESS.

The Student Congress shall hold monthly meetings regularly and also at times when deemed necessary by the President and—or Vice-President of the Student Body.

SECTION 4.—ATTENDANCE OF STUDENT CONGRESS.

Any member of the Congress who is guilty of gross violation of the constitution or by-laws shall be retired from office.

After each called meeting it shall be the duty of the Student Congress Secretary to deliver the following written notice to any member or members absent from said meeting and who have not given an adequate excuse to the Presiding Officer of the Congress of such absence:

"Dear Sir:

At a meeting of the Congress, held on _____, you were marked absent from the roll. It is my duty to inform you, that should you be absent from the next meeting without an adequate excuse, you shall be retired from office.

signed _____ Secretary, Student Congress"

Should the same member absent himself the second time, as stated above, it shall be the duty of the Student Congress Secretary to inform the Congress of the fact at the next meeting. If the Presiding Officer of the Congress has received no adequate excuse from the absentee, he shall instruct the Student Congress Secretary to notify said absentee of his retirement from office. Upon the retirement of any member for this offense, the Student Congress Secretary shall inform, in writing, the precinct he represented of his retirement and such precinct shall elect a successor.

SECTION 5.—RECALL OF CONGRESSIONAL REPRESENTATIVES.

In case a precinct desires to contest the seat of any one of its representatives in the Congress, it shall submit its reasons for contest, in writing, signed by a majority of members of that precinct.

In such case a vote of a major-

ity of the members of the Congress shall be sufficient for expulsion.

In such case the Student Congress Secretary shall inform, in writing, the precinct the congressman represented of his retirement and such precinct shall elect a successor.

SECTION 6.—ABSENCE OF A CONGRESSMAN FROM THE INSTITUTE

Continued absence of a congressman from the Institute for three consecutive school weeks shall be considered as withdrawal from the Congress, unless written notice to the contrary be filed with the Secretary of the Student Congress. Upon such absence the Student Congress Secretary shall inform, in writing, the precinct the absentee represented of his retirement and such precinct shall elect a successor.

SECTION 7.—OPERATING PROCEDURE OF THE CONGRESS.

The rules contained in Robert's Rules of Order shall govern the Congress in all cases to which they are applicable and in which they are not inconsistent with the Constitution and By-Laws of the Student Body.

SECTION 8.—RECORDS OF CONGRESSIONAL SESSIONS.

A. The Student Congress Secretary shall keep a separate record of all resolutions and rules made at any time for the government of the Congress or the Student Body, and such rules and resolutions shall remain in force until set aside by a majority vote. The Constitution and By-Laws with these rules shall be kept in book form.

B. The Student Congress Secretary shall keep the minutes of all meetings in the above-mentioned book.

SECTION 9.—THE STUDENT BUDGET.

A. The Student Budget shall be created by allocation from the Institute. The minimum allocation shall be \$10.00 per student per year.

The amount shall be fixed at the end of each school year for the next year by compromise among the following four men:

1. The President of the Institute.

2. The President of the Student Body.

3. The Vice President of the Student Body.

4. The Treasurer of the Student Body.

B. The Student Budget shall be apportioned to the various clubs and publications. The apportionment shall be made each semester by the Treasurer of the Student Body, in consultation with the clubs and publications, with the final approval of disbursement of funds by a two-thirds positive vote of the Congress, as per Article III, Section 7, Paragraph B-4.

C. Each student of the Institute is eligible to membership in any recognized organization.

SECTION 10.—DEPOSITION OF FUNDS.

All funds received from any source whatsoever shall be deposited by the Treasurer of the Student Body in an approved national bank.

SECTION 11. THE BOND.

The Treasurer of the Student Body shall furnish at the expense of the Congress, a bond to the amount of Ten Thousand Dollars (\$10,000.00) from some approved surety company.

SECTION 12.—THE FINANCIAL "MODUS OPERANDI."

A. The financial "modus operandi" of each organization shall be as follows:

1. Organizational constitutions shall govern the Financial Modus Operandi of said organizations.

2. All movement of funds by organizations shall have the written

approval of the faculty advisor.

3. The Treasurer shall have the authority to:

a) audit at any time financial records of any recognized organization.

b) review and/or contest any alleged violations of (1) and (2) immediately above.

B. Each organization may draw from the appropriation an amount not to exceed Five Dollars (\$5.00) said sum to be used as a Petty Cash Fund, and furthermore, a statement of the expenditures of the amount issued shall be filed with the Treasurer of the Student Body before this fund can be replenished.

C. In case a Faculty Advisor should refuse to sign an order, the matter may be appealed to the Congress, the decision of the Congress being final in the matter.

SECTION 13.—APPLICATION FOR FUNDS FROM THE STUDENT BUDGET —THE SUB-COUNCIL.

A representative of each organization, at the May meeting of the Council, shall read and hand in a report of the condition of the organization as to interest and disposition of the students toward the organization, as to finances, and as to the future prospects of the organization he represents. This report shall also contain an approximation of what the expenses of the organization for the semester will be.

A report containing the same items shall be presented again at the December meeting of the Council. These reports shall then be considered by a committee composed of the President's of each of the recognized organization the presiding officer of the Student Congress, and the Treasurer of the Student Body to be known as the Sub-Council. If in the judgment of this committee the student body has not received sufficient benefit from money expended by the organization, then this committee shall recommend that the support of the Council shall be withdrawn from this particular organization for the balance of the school year.

SECTION 14.—CLASS FEES.

The Freshmen, Sophomore, and Junior class treasuries shall be created by an assessment of \$5.00 upon each member of that class. The registrar shall make all decisions concerning membership of classes. Assessments shall be made as described below.

All Freshmen shall be assessed \$5.00 in September of their Freshman year. The class paying for the Freshman—Sophomore banquet either as Freshmen or Sophomores shall be required to reimburse their treasury with a \$5.00 assessment the following September. The class not paying for the Freshmen—Sophomore banquet shall carry their treasury with them, and no assessment shall be made. A transfer student will be assessed \$5.00 upon entry to Rose.

A record of each class treasury shall be kept by the Financial Secretary, and all transactions shall be made by the secretary-treasurer of each class with him.

The Treasurer of the Student Body shall submit to the registrar no later than June 1st of each year, a statement naming that class (in addition to the Freshmen class) which shall be assessed the following September. All fees shall be paid at the time of tuition payment and are subject to the rules thereof.

SECTION 15.—CLASS ELECTIONS A. Freshmen Class Officers

The Freshmen Class shall elect a President, Vice President, and Secretary-Treasurer. The Freshmen Class elections shall be conducted by the President of the Student Body on or before the second Monday in November.

Freshmen Class elections are subject to the rules and regulations as provided for in part C.

B. Upperclassmen Class Officers
Each of the three upper classes shall elect a President, Vice-President and Secretary-Treasurer. The class elections shall be held in May for the following year's officers and such elections shall be conducted by the presiding officer of that class.

Upperclassmen elections are subject to the rules and regulations as provided for in Part C. C. Rules and Regulations.

1. An announcement of the election must be posted at least one week in advance of the election and shall contain the following information:

- a. Time and place of the election.
- b. Form of nomination.
- c. Deadline for submitting nominations.

2. Candidates shall be nominated by petition requiring 5 per cent for a given office of members of the class concerned. No one may sign more than one petition per office. Nominations shall be filed with the Registrar at least 48 hours before the election. The Registrar shall post (on the open bulletin board) a list of all nominees at least 24 hours before the election. A modified Hare System of Proportional Representation (described in the student handbook, shall be employed in all class elections.

3. The presiding officer at the election of the class officers shall certify the vote to the Registrar of the Institute in the following manner:

"I certify that the following named men were elected to the offices indicated in (name of class) on (date), and that the election was held in a proper manner and with equal fairness to all candidates."

A copy of the tally sheet shall be attached to this certificate.

4. In order to assume his class office, any representative shall first obtain a certificate from the Registrar, as follows:

"I certify that, to the best of my knowledge _____, has been elected (office) of (name of class) (signed) _____, Registrar."

This certificate shall be presented to the Vice-President of the Student Body at the first meeting of the Student Congress.

5. In the event that any class officer leaves school, the next ranking officer shall fill the vacancy, and a new election shall be held to fill the vacancy created by this change.

SECTION 16.—RECOGNIZED ORGANIZATIONS.

A. The following organizations are recognized by the Student Congress.

- 1. Astronomical Society
- 2. Camera Club
- 3. Explorer
- 4. Flying Club
- 5. Glee Club
- 6. Math Club
- 7. Modulus
- 8. Physics Club
- 9. Radio Club
- 10. Rifle Club
- 11. R-Men's Club
- 12. Technic

SECTION 17.—THE HONOR POINT SYSTEM.

The Honor Point System shall be under the jurisdiction of the Student Congress and a committee of all heads of recognized organizations, and shall operate hereinafter provided.

The Honor Point System shall be determined and submitted as a by-law, to the Student Congress during the school year 1964-1965, by a committee composed of the heads of recognized organizations, the President and Vice President of the Student Body, and the Presidents of each academic class.

(Continued on Page 7)

SECTION 18—AMENDMENT AND OR ADDITION OF THESE BY-LAWS ARTICLE VIII.

These By-Laws may be amended and—or added to by a two-thirds vote of the Student Congress, at least one week notice of the proposed amendments having been given to the Student Body.

SECTION 19. ONE YEAR AMENDMENT PROVISION.

This section shall be in effect until May 1, 1965, and shall provide that Article VIII, Section 18 (immediately above) shall supercede Article VI Paragraphs C-2 and D-1.

End of Text

Student Courts

As notes in the judicial portion of the new constitution there are three courts; the Judicial Council, the Common Court, and the Traffic Court. Let us review each of them briefly.

The Judicial Council is a "student disciplinary committee" to rule on things of major concern to the entire Institute. The five men are seniors appointed by the President of the Student Body. This court has a lot of power and will gain respect only by making unbiased "right" decisions. They can recommend action and severe penalty upon you, the student.

You ask, "What if these five men are out to hang me?" If you have to ask this question then I suggest you look at the man you elected as Student Body President and also at the Congress that approved these men. The idea is not for these men to hang you but to let you be hanged by your own fellow students, if you deserve such, rather than by the faculty.

Will you be judged fairly? Perhaps you immediately answer, no. But is this the case? Do you not know at least five responsible men who would render a verdict in concurrence with the facts? If you do, then why do you think they'll "hang" you? If you have no faith at all in those who have a little authority, then any, and I mean any, student government or court system will be completely meaningless. Remember also that the President of the Student Body has the power to dismiss these judges at any time. Surely you must have some faith in him and can express your views about biased judges to him.

Although the Common Court and Traffic Court are created in a different manner, the previous comments are applicable. Do you think for one instant that the faculty or administration will go on forever giving meaningless tickets? They will eventually have time to consider doing something about those tickets. And those of you with eight or ten unpaid fines may not be driving a car.

It seems to me that you as a student would want these fines to be paid and furthermore, why not let the students collect the fines. After all, someone's getting away with "murder". Are you? If you aren't, then why not? Some people are, and don't you have equal rights? If taking driving privileges away will cure a habitual rule breaker, then why are you against it? Should he be permitted to break the law which YOU have set up?

These court systems can be strong and can make our student government work if you are willing to do justice. Again there is some degree of faith which must be employed in those men of the court but life is full of faith in the other guy, especially if you have picked him.

Fraternity Notes

Spring is here! With the occurrence of this joyous season the men of Theta XI fraternity are pleased to supplement Rose's Parents' Day. This will be done by our annual Parent's Day dinner for our parents on May 10.

Under the committee supervision of Brothers Choy-Hee, Lovelace, and Skjordahl, the event promises to be a success. Brothers Tynan and Goodwin will be assisting the forementioned by making sure the house is spotless for the occasion. A buffet dinner will be prepared under the culinary skills of Mom

Phillips and will be served by pledges, Kerber, Oldham, Blessing, Hacker and Sprouse at 1 p.m.

Presiding over the afternoon's events will be President, Joe Byrd. One of the events is the presentation of the outstanding pledge trophy. This is awarded annually to the outstanding pledge as deemed by the actives, and is based on such things as contributions to the fraternity, attitude and leadership. By this one afternoon, the men of Theta XI wish to welcome the parent's of Rose men and hope they will enjoy their visit.

Say, There

The Juniors, in their last meeting, discussed not having a cord day. In order to resolve the question, this week's SAY THERE topic is: "What are your comments on the Juniors and Cord Day?"

Jim Copeland, Junior: I've got a trunk full of cords (courtesy of Goodwill Industries).

Jim Sargent, Junior: Let's catch the Seniors with their pants down.

Jim Fearday, Junior: I'm against it unless we get the whole class behind it. If it's a tradition, the whole class should be out there and we don't come close to having the whole class behind Cord Day. If its going to be continued, we should have a little of the right spirit behind it.

Tom Evans, Junior: I am completely for Senior Cord Day except I think we should turn the fire-hose on them or have it down by the lake.

Will Stratten, Senior: All I've got to say is this Cord Day will be one massacre.

Bill Everson, Junior: There are certain elements of the Junior Class with a high fink factor.

Bill Kuschel, Junior: Let's have it on the Drill Field!

Lynn Paces Win

by Steve Watson

Rose Poly won its first track meet of the season Saturday, nipping St. Joseph's 71-70. The Rose thinlies, who had lost a previous indoor meet to St. Joe, showed their usual strength in the running events, but gained new power in the field events to take the meet.

John Lynn topped his former mile record while also winning in the half-mile and the two-mile. Another Rose man to break his former record was Jeff Keeler as he jumped 40' 6 1/2" in the triple jump. Rose also took six other firsts and the Mile Relay. The Engineers will meet Indiana Central and Franklin in a three way meet at Indiana Central Tuesday.

Summary of events:

Mile Run—Lynn (R), Kalmenka (SJ); Brandriss (R); Time 4:31.9.

440 Yard Dash—Sandberg (R), Wood (R), Lewis (R); Time 51.6.

100 Yard Dash—Bonson (R), Dostal (SJ), Proctor (SJ); Time 10.5.

120 Yard High Hurdles — Still (SJ), Klausman (R), Watson (R); Time 18.2.

Half-Mile Run—Lynn (R), Rubner (SJ), Kalmeka (SJ); Time 2:01.3.

220 Yard Dash—Bonson (R), Proctor (SJ), Dostal (SJ); Time 23.6.

330 Yard Intermediate Hurdles—Wood (R), Watson (R), Langley (SJ); Time 44.2.

Two Mile Run—Lynn (R), Brandriss (R), Duzzynski (R); Time 10:32.9.

Mile Relay—Rose (Wood, Lewis, Woodward, Sandberg); Time 3:35.6

Half-Mile Relay — St. Joseph's (Proctor, Still, Dvrok, Dostal); Time 1:37.7.

High Jump—Still (SJ), Bonson (R), Dvorak (SJ); Height 5'10".

Shot Put — Geiss (SJ), Dasse (SJ), Grafe (R); Distance 42' 7 3/4".

Javelin—Dasse (SJ), Holler (SJ), Byrd (R); Distance 163' 5".

Discus Throw—Holler (SJ), Emery (SJ), Dasse (SJ); Distance 106' 4 1/2".

Triple Jump—Keeler (R), Dostal (SJ), Langley (SJ); Distance 40' 6 1/2".

Pole Vault—Sroka (SJ); Height 9' 7".

Broad Jump—Keeler (R), Dostal (SJ), Langley (SJ); Distance 18' 9 1/4".

Tennis Team

The Rose Polytechnic tennis team composed of Dave Nancrede, Tom Terry, Jay Sinex, Phil Halt, Pat Cahill, Jim Hunt, Gus Carroll, and Jim Schulz is in the middle of its season and to this date has compiled a 1 - 4 record under stiff competition. The teams win was over Marian College of Indianapolis by a score of 6 - 1. The losses were suffered at the hands of Indiana State, Wabash, Principia, and Marian College (second meeting).

Although this record is not very impressive, the team in its first actual year of competition is young and is getting stronger as the season wears on. Coming up are matches with Wabash, Illinois College, Blackburn College and the Prairie College Conference meet held at Principia. The brand of tennis played at these matches is very good and the team can use the support of the school at its home matches.

Rose Rifles

The Rose Rifles placed 16th out of 27 teams at the University of Illinois Drill meet conducted on 14th of March. Wil Otaguro won the 8th place award in the individual drill competition in which over 350 contestants were entered.

The team placed 8th of 11 at the Bradley U. drill meet conducted on 18th of April 1964. Jay Barton placed 11th out of 200 contestants in the individual competition.

I. F. BASEBALL UNDERWAY

Lambda Chi Alpha defeated Sigma Nu in the opening round of the six game inter-fraternity series. Playing on the new intramural field located next to the varsity baseball diamond, Lambda Chi jumped off to a three run lead in the first inning and was never behind in posting a 14-6 win.

Denny Lind led the way for Lambda Chi with two singles, a double, and a home run for four at bats. Bob Leonard, pitching for Lambda Chi, gave up only seven hits and hit a home run in notching his first win of the season. Bill Bess feating Alpha Tau Omega, 14-5, with two home runs, one in the fifth and one in the seventh. Larry Clemons also contributed a four bagger for Sigma Nu. The rest of the Sigma Nu hits were scattered over the seven innings.

Theta Xi moved into a tie for first place with Lambda Chi by defeating Alpha Tau Omega, 14-5. No box score was kept of this game so a detailed account is unavailable.

ENGINEERS SPLIT WITH PRINCIPIA

by Don Endsley

On April 25, Rose Poly split a doubleheader with Principia at the later's field. Rose lost the first game 3-2 but came back to win the second game by the identical score.

In the first game neither team scored until the third inning. Rose opened the third by scoring one run on two hits. With one out Ed Jirousek and Tom Carter had back to back singles and Jirousek scored on a fielders choice. Principia scored in the bottom of the third on a home run by Chuck Filbert, Principia's pitcher.

Rose went ahead in the fifth with one run when Larry Halstead singled and then scored on a sacrifice, a wild pitch, and a squeeze play. Filbert hit his second home run in the bottom of the fifth to tie the game once again. Then in the bottom of the seventh with one out a Principia player reached first on an error. At this point, starter Dave Gerstenkorm was relieved by Barry Raff. Raff walked the first batter he faced and both runners advanced on a wild pitch. Raff got the next man to ground to the third baseman, but after the third baseman made the throw to first the runner on third raced for the plate. The batter was out at first but the throw to the plate wasn't in time and Principia scored the winning run.

Rose had two runs on three hits and three errors. Principia has

three runs on three hits and two errors. Gerstenkorm was the losing pitcher and Filbert was the winner for Principia.

Rose was hungry for a victory in the second game so they jumped off to a quick 1-0 lead in the first inning. Carter doubled and then scored on Jim Phelps's single.

Principia didn't score until the fourth, but they then went ahead 2-1 on three doubles. Gib Bosworth homered for the engineers in the top of the sixth to tie the score. In the bottom of the sixth Tom Sprouse relieved Raff and pitched hitless ball for two innings. In the top of the eighth Carter tripled with no one out, but was then erased on an attempted squeeze play when Principia called for a pitch out and nailed him at the plate. Then with two outs in the same inning, Phelps was safe on an error and then scored the tie breaking run on a long double by Captain Denny Lawson.

Tom Sprouse yielded a hit in the bottom of the eight but then settled down to retire the side and give Rose a victory. Rose had three runs on six hits and two errors and Principia had two runs on nine hits and two errors. Sprouse, with a magnificent relief performance, got credit for the win and Filbert, who won the first game, was the loser in relief.

MARTIN IS FOOTBALL COACH

by News Bureau

Richard Martin, for three years head football coach at Olathe High School, Olathe, Kan., has been appointed football coach at Rose Poly technic Institute, according to the announcement by Dr. John A. Logan, president.

Martin (who is no relation to Wiley High School coach Dick Martin) will have responsibility also for track and wrestling, and will be assistant basketball coach, according to John Mutchner, Acting Director of Athletics and Recreation.

Now taking graduate work at Indiana University where he will receive the degree of Director of Physical Education this summer, Martin received the Bachelor of Director of Physical Education this summer, Martin received the Bachelor of Arts degree in 1955 from Ottawa State University, Ottawa, Kan., and the Master of Arts degree from Colorado State College at Greeley, Colo., in 1959.

His combined football record at Olathe (a suburb of Kansas City), and at Yates Center High School, Yates Center, Kansas, where he was head football coach for four years, Mutchner pointed out, is 43 wins, 11 losses and three ties, and his teams never finished less than second place in any conference in which they have competed. He has had four all-state performers and one high school all-American.

He and Mrs. Martin have two sons.

Early Season Baseball Action

by Don Endsley

April 8, Rose Poly's baseballers opened their season at Franklin by playing the Grizzlies to a 7-7 tie in 10 innings. This ball game proved two good points to the diamondmen. (1.) they can have the big inning and (2.) they can come from behind when the pressure is on.

Franklin drew first blood by scoring two runs in the second inning on a hit batsman, an error, a walk, and a single. The engineers then came back in the top of the third to score five big runs and to take the lead in the ball game. The big blow in that inning was a two run producing triple by Jim Phelps.

Franklin pecked away and scored a run in both the fifth and sixth innings. The R-men were stymied until the ypicked up an insurance run in the top of the eighth to make the score 6-4. In the bottom of the eighth Franklin scored three unearned runs to take the lead 7-6.

Rose Poly now had only one chance to tie the score. Denny Lawson opened up the top of the ninth with a triple to deep right field. He then scored on a wild pitch to tie up the ball game. The game was then called after ten complete innings either because of darkness, coldness, or snow. Any of these was a good excuse to call the game.

The hitting stars for Rose Poly were Denny Lawson with a triple, Jim Phelps with a triple and a single. Don McNally with two singles and John Diefenbaugh with three singles.

TOTALS: Rose Poly—7 runs on 11 hits and 3 errors. Franklin—7 runs on 6 hits and 3 errors.

On April 17 and April 11 Rose lost two hard-fought home baseball games to Ind. Central and Wabash. The Engineers were never out of these games and displayed a fine defense in both games. The main problem that plagued the Engineers was their inability to get a hit with men in scoring position. However, Coach Mutchner and the team feel that they will soon start getting the "clutch" hits and have their sights set for a winning season.

On April 17, Rose was defeated by Ind. Central 9-6 in the Engineer's fourth home game of the season. Ind. Central scored one run in the first inning on three singles and three runs in the second inning on two singles, a walk and a double. Rose broke the ice in the fourth inning by scoring three runs on a triple by Phelps, a single by McNally.

In the fifth inning Ind. Central scored a run on a triple and single. Rose came back with two runs in the bottom of the fifth on a home run by Bosworth (which was the first ever hit over the fence by a

Rose man) and a single by Lawson, a walk to Phelps, and a single by Gerstenkorn. At the end of five innings, the score was 5-5.

But in the top of the sixth inning, Ird. Central scored three runs on three singles, a double, a sacrifice bunt, and a walk. The Engineers were never able to catch up and Ind. Central took home a 9-6 victory.

On April 11 Rose lost to Wabash 7-4. Wabash broke the ice in the first home game of the season by scoring one run on two hits in the second inning and one run on one hit in the third inning. Rose scored in the third inning on a single by Carter who stole second and scored on Bosworth's double. Wabash ended its scoring with a three run homer by the pitcher Witte in the fourth inning and two runs on two doubles and a single in the fifth inning. In the seventh inning behind 7-1, the Engineers scored three runs on a double by Endsley, a single by Jirousek, an error, and a two run producing single by Phelps. However, the Engineers were not able to mount another scoring threat and ended in a 7-4 victory for Wabash.

TOTALS

Intramural Softball

The Intramural Softball League began in April, and has been under way for several weeks. The games are being played on the North and South softball diamonds at 5:20 P.M. on weekday afternoons. The new South diamond is located by the baseball diamond, and the North diamond is near the football field.

The games have been plagued by rain during the early part of the schedule, and many have been rained out. Jim Carr, Intramural Director, had rescheduled these games for 6:20 P.M. following the originally scheduled games which start at 4:20 P.M.

The present leader of the league is the Senior II team led by Bob Valle, Bob Leonard, and Warren Foy, with a record of three wins and no losses. The Senior I team is in the runner-up spot with a record of two wins and no losses.

One of the outstanding games of the season was the Senior I's 8-6 extra-inning victory over the Juniors. The score was tied 6-6 at the end of the regulation seven innings. The Seniors managed to score two runs in the top of the eighth, and then held the Juniors scoreless in their half of the inning. Jim Brown was the winning pitcher and Larry Jackson the loser. Larry Clemon's three hits paced the Seniors while Dave Hussung also had three hits for the Juniors.

The Juniors also lost another close game when the Senior II team beat them 21-20 in a real ding-dong battle. After a wild first inning in which the Seniors gained

a 9-7 lead, the Juniors gradually pulled away. But were unable to stop the Seniors from scoring eight runs in the bottom of the seventh, and thus the Seniors won by one run.

CATCHING RECORD

CHICAGO (UPI) — When Gabby Hartnett was with the Chicago Cubs he caught 100 or more games per season for 12 years, eight of them consecutively, for a major league record.

GOLF SCHOOL HELD

BURLINGTON, Vt. (UPI) — The fifth annual national golf school for women teachers will be held at the University of Vermont on June 22-26. The faculty will include stars of the touring Professional Golf Association tournament circuits.

LOGAN, Utah (UPI) — The new Cochise College at Douglas, Ariz., has signed John Whatcott as its head baseball coach and athletic instructor. Whatcott coached football at Logan High School for two years.
