Disclaimer: Archived issues of the Rose-Hulman yearbook, which were compiled by students, may contain stereotyped, insensitive or inappropriate content, such as images, that reflected prejudicial attitudes of their day—attitudes that should not have been acceptable then, and which would be widely condemned by today's standards. Rose-Hulman is presenting the yearbooks as originally published because they are an archival record of a point in time. To remove offensive material now would, in essence, sanitize history by erasing the stereotypes and prejudices from historical record as if they never existed.

This Book is brought to you for free and open access by the Student Newspaper at Rose-Hulman Scholar. It has been accepted for inclusion in The Rose Tech Explorer by an authorized administrator of Rose-Hulman Scholar. For more information, please contact weir1@rose-hulman.edu.
Work on the revision of the present Student Council Constitution has been progressing for most of this semester, under the direction of S.C. president Norman Schmidt. Recently, the revisions committee published their recommendations for the new Constitution of the Rose Polytechnic Institute. The document was designed to be patterned after the Constitution of The United States, with separate branches of Legislative, Executive and Judicial powers. However, general student reaction to the revised system of student government indicated to the committee that the original instrument was not as satisfactory as possible, and made further modifications. They considered comments and criticisms of any interested students and faculty, and made further changes with these comments in mind. The full text of the soon-to-be-accepted Constitution begins above. Changes that have been made since the committee made its original recommendations are printed in The Explorer in bold type. The complete Constitution is written up in its original form and is printed throughout this issue. They are written to explain to the voter the committee's thinking behind several major issues and changes in student government. The voting for the Constitution will be held all day Monday in the main hall.

1964 Varsity Baseball Team

Nathanial Leverone, founder of the Automatic Canned Meat Business of Cincinnati, Ohio, will be the featured speaker for the twelfth annual Oscar Schmidt Lecture at Rose Polytechnic Institute on Tuesday (May 19) at 10:40 o'clock in the morning in the auditorium on the campus.

"Freedom, Our Greatest Heritage," is the title of his address. Established in the Spring of 1952 by the Cincinnati Butchers' Supply Co. of Cincinnati, Ohio, the lecture series was given in memory of the late Oscar C. Schmidt, whose development and invention relating to the mechanizing of the processing of meats formed the foundation of his company's outstanding status. That company, Leverone Meat Processors, Inc., is one of three major companies which make the Nathanial Leverone Fieldhouse the largest and most outstanding in the automatic merchandising industry. He was a founder of the National Automatic Merchandising Association, the industry trade association, and served as its president for ten years. He is now a director. He has served as president or chairman of a number of civic and service organizations and is currently very active in more than a dozen civic, philanthropic, and educational associations including the Service Club. He is also a trustee of Culver-Stockton College.

How Will The Common Court Effect Traditions?

Tradition is not something that can be established by a court. If it were, it would no longer be tradition. However, there is often a need of a court to determine just how far a tradition does extend. The question concerning traditions will be to determine just what the sophomores have a right to do to the freshmen in the name of tradition, however, its jurisdiction has not been limited to Harvard because it is possible to find other areas where the limits of tradition are questionable. Therefore a reign of re-engineering is to be expected. These questions may be discussed and decisions reached, but they cannot be decided by the Common Court.

CONSTITUTIONAL PLEA

Monday will be Election Day at Rose Poly—each student will be asked to express his opinion on problems that affect us all.

Polling no punches, and masking none of the issues, I firmly am in favor of passage of the new constitution; I feel that so many students as possible to vote yes on this proposition.

My position has shifted since last week, when I was invited to meet with a group of students. At that time, I was under the impression that our present student government system is not as perfect as you would like it to be, but that our new system might have something to offer. I realize that.

Take a quick look at the dark side; be sure to read the explanatory stories. The many downsides to this system have been described in detail, so that in the end, we all have the right to realize.

THE ROSE TECH EXPLORER—MAY 15, 1964

Let The Editor Write

Editor

Rose Polytechnic Institute
Terre Haute, Indiana

Gentlemen,

I would like to formally express my appreciation to the officers of the Student Council, Professors John Biel, Dick Hahn and the others who worked so hard in preparing the proposed new Constitution.

In common with Dean Moench, I feel that the constitution as a whole is a fine effort to face the problems of dissentions, that even with a fine constitution, Rose men have felt for some time what the basic idea and good intentions, the fundamental attitude. I have three main ideas.

1. There are undoubtedly minor points which will need clarification and perhaps re-vision, I believe that the Constitution, as it is right now, should be the one stable, conservative, and traditional way was the right way, saying that in any student from accepting this constitution.

2. The new Constitution is, I believe, the provision of the new Constitution is not unique and not particular to the Students’ Council, as present-ly constituted, does not have a strong enough basis. I believe there is a poorly important area of extra curricular affairs, including athletics, recrea-tion, social activities, etc. Therefore, I believe that the time has come to make a major improvement over our present one and would provide for more responsible student participation in the future activities of the Institute.

3. Although there are undoubtedly minor points which will need clarification and perhaps re-vision, I believe that the Constitution as it is now, would be the best interests of Rose Polytechnic.

Take a look at the dark side; be sure to read the explanatory stories. The many downsides to this system have been described in detail, so that in the end, we all have the right to realize.

Steve Hill

Student Voices

The new Student Body constitution is indeed a fine effort to make a more efficient student govern-ment. Yet, in keeping with the tradition of this journal, I have three points to be questioned.

(1) Suppose one of the Judicial Council members turns out to be a cheat, how do we get rid of him? If the constitution were on the student body, he would fire himself. Wouldn’t that be taking responsibility for his own decision on any court case? Just by replacing judges? This problem of having the Institute remove a judge under any circumstances, is present in the President of the Student Body.

(2) Here is a sector living in the comfort of the time. I think, the house in the fall, he wants to help. We are not supposed to follow the rules of the house in the fall, he wants to run. He wants to run and rule the dormitories, and run the dormitories. He has applied for a dorm on campus. "Could I be the duty of the election committee for an office?"

(3) Deandem of Deacon, Professors, in the dormitories, and run the dormitories. He has applied for a dorm on campus. "Could I be the duty of the election committee for an office?"

Sincerely yours,

Chairman, President

Dr. Logan, President:

Dr. Logan, as an advisor, what is your comments on the new Student Body Constitution?

A. In general, I think it’s an excelle

nt constitution and am very pleased on it. A sense of the consts, or even more, that the others who have worked so hard to be congratulated have been successful.

Dean Moench, Dean of Faculty

I’m also an advisor on the new Student Body Constitution.

A. I think it represents some very good points, and that the Rose Polytechnic student government much more ef- ficient than it was before. I feel that we have needed a form of student government, which would put more responsibility on the student. It would be a good form of student life at Rose and it would be a good form of the new constitution we propose that.

Sincerely yours,

[Letter from Dean Moench, Dean of Faculty]

I, believe by large and the faculty favor the new structure.

CONCEPT OF PRECINCTS

Conducting Precincts

A major change in the new student government will be in the way in which we, the student, are re-presented to the student body. The new constitution provides for two distinct groups, the Freshmen and the Upperclassmen. Perhaps a more specific question is: How many students are going to represent the Freshmen.

As stated, the Freshmen class shall be voted upon from their class elected according to proportional population. It will be the duty of the election committee to decide, on a purely mathematics basis, the way of his opportunity to obtain it. If participating in student government-

T. E.
The President of the Student Body holds a position of honor and respect from the Student Body. He also holds a position of responsibility and obligation to the Student Body. As it is with any office, these are inseparable and go hand in hand.

In this constitution the President of the Student Body is selected from the powers entrusted to the present Student Council President. The main change is the inclusion of his power to appoint the Judicial Council. This is the same system used in the State and Federal Supreme Court Systems and involved five (5) men. The President is required to appoint these men from those of senior standing with the approval of the Student Congress being required for each appointment. In brief, then: (1) The new President of the Student Body has no new powers that would create a “demonstrably” as feared by some, but rather (2) has only those powers normally bestowed upon such an office. This means that a candidate will have no office which he really doesn’t want, forced upon him. He will be a candidate only for the office he desires. This should eliminate the dissatisfaction and the poor job of filling an office which arises when a candidate must accept an office he doesn’t want.

FENCING CLASS

Prof. Joe Moser’s fencing class, which had started in November, ended its first season recently. This class, composed of Prof. Moser, Tom Holmes, and Mike Francis, met approximately two times a week to study and practice the art of foil fencing. Although he tried to introduce fencing at Rose before, this was Prof. Moser’s first successful year. He hopes that next year there will be more interest in the sport.

This class was not a team and was not school-supported. The students, who had no previous experience, learned the essentials of foil fencing. They also learned that fencing, unlike many other sports, takes a tremendous amount of practice before it can be enjoyed.

Under the present constitution, the class officers are elected with the candidate receiving the highest votes, according to the modified Hare System, becoming President; the second highest, Vice-President; and the third highest, Secretary-Treasurer. The candidate is not running for a particular position, but merely for a Class office. The proposed constitution will allow a student to sign a nomination petition for each class office, if he so desires. He can endorse one candidate for each office.

The proposed constitution will allow the student to better express his opinion by giving him the opportunity to support a candidate for each office.
SECTION 4. - POWERS AND DUTIES OF THE ADMINISTRATIVE OFFICER

A. The duties of the Student Body are as follows:

1. To receive and hold the Student Budget and the Appropriations of the Student Body, and to see that the same is spent properly.

2. To provide an annual report to the Student Congress and of all meetings that such budget and its expenditure have been held.

3. To approve and submit with the approval of the Student Congress, a budget for the next fiscal year.

4. To provide for the compensation and publication of all its legislative acts.

5. To accept or reject any act of the Student Congress, as it may deem necessary or incidental thereunto.

6. To dismiss the Student Congress, if necessary, to carry out this duty shall be added to the same extent as it may deem necessary, the request by the Student Congress to the University.

7. To supervise, instruct, and control the University, and to such Administrative Officers as have been elected by the Student Congress, and shall establish and authorize all other powers as may be necessary for the execution of the duties of the Student Congress.

8. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.

9. To make regulations, or vest, in writing, all acts of the Student Congress, as they may be passed and become laws, the Constitution and By-Laws as passed by the Student Congress.

10. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.

11. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.

12. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.

ARTICLE V. - JURISDICTION OF THE JUDICIAL COUNCIL

A. The Judicial Council shall:

1. Jurisdiction over all violations of the Traffic Code, as well as over all cases of cheating when such impeachment may be deemed necessary to carry out such a violation of the Traffic Code, or to make effective the discharge of the accused, this Court shall be composed of:

2. The President, Vice-President, Secretary, and Treasurer of the Student Body, and the Assistant Vice-President of the Student Body.

3. The common Court of the Student Body, with the exception of church affiliated organizations, and the Student Congress, as the necessary, by a two-thirds affirmative vote thereof, such ammendment shall be submitted to the Student Congress for its approval.

4. The President and Assistant Vice-President of the Student Body, and the Student Congress, as it may deem necessary or incidental thereunto.

5. To dismiss the Student Congress, if necessary, to carry out this duty shall be added to the same extent as it may deem necessary, the request by the Student Congress to the University.

6. To supervise, instruct, and control the University, and to such Administrative Officers as have been elected by the Student Congress, and shall establish and authorize all other powers as may be necessary for the execution of the duties of the Student Congress.

7. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.

8. To make regulations, or vest, in writing, all acts of the Student Congress, as they may be passed and become laws, the Constitution and By-Laws as passed by the Student Congress.

9. To do, at his discretion, remove any officer who may be serving in such office solely by reason of his appointment.
appointed by the Vice-President from members of the Student Congress; at least one of whom shall have senior academic standing and in any case, shall have junior academic standing.

B. The members so appointed shall select a chairman from among their members, a chairman, except that such chairman shall be a member, having senior or junior academic standing; such chairman shall preside over all sessions of such Court.

SECTION IV.—PROCEDURES OF THE COMMON COURT.
A. The Common Court shall: 1. Have jurisdiction over the interpretation of the enforcement of tradition with the exclusive power to determine what such traditions may be, or are.
2. Have jurisdiction over all cases of petty theft or destruction of personal property not deemed of sufficient magnitude for the original jurisdiction of the Judicial Council.
3. Have jurisdiction over all infractions of rules and regulations and over all actions deemed detrimental to the institution or the Student Body not otherwise delegated herein.

SECTION V.—POWERS OF THE COMMON COURT.
A. The Common Court shall have powers as follows: 1. To make such rules and regulations as it may deem necessary or advisable to render effective any decision made by such Court.
2. To place a student on social probation.
3. Transfer to the Judicial Council all cases, for further action, upon the recommendation of the Common Court.
4. Review the composition and voting, to render effective any decision made by such Court.

SECTION VI.—AMENDMENTS
Any amendment or addition to this Constitution and By-laws shall be made as follows: 1. Such amendment or addition shall be submitted in writing by any member of the Congress, to the Presiding Officer of the Student Body Congress.
2. A quorum of the Common Court shall be assembled, and such amendment or addition shall be considered in full force and effect and shall be added to, and become a part of the Constitution and By-Laws of this organization.

ARTICLE VII
ADOPTION & REPEAL
This Constitution and By-Laws shall be considered adopted when in a two-thirds majority of the Student Body of Rose Polytechnic Institute, for at least one (1) week prior to such meeting of the entire student body of Rose Polytechnic Institute, shall have submitted for vote and shall have been voted on and passed and shall be considered in full force and effect, upon the adoption of this Constitution and By-Laws.

Can you avoid living in “Jamsville”?
It won’t be easy. By 1980 most Americans will live in 40 large metropolitan areas—each with more than a million population. To keep your community from becoming a “Jamsville” will take people with ideas—ideas that can help cities move more traffic swiftly, safely, and economically.

1. A financial expert advises: "In major cities, they’re helping to develop plans, programs, in this country and around the world, demanding a variety of talents: engineering, finance, marketing, law, physics and many others."
2. They’re also developing a TV monitoring system that speeds commuters in a hydrofoil ship over the waves... and another jet engine to lift travelers over traffic via turbofoils at 150 mph.

Traffic is only one of many problems General Electric people are working on. Their numerous projects, in this country and around the world, demand a variety of talents: engineering, finance, marketing, law, physics and many others.

If you’d like to join the “Progress Corps” after graduation, talk to your placement director. He can help qualified young people begin their careers at General Electric.

Progress is Our Most Important Product
By-laws

Constitutional By-laws

have five (5) representatives, 2. They shall be elected according to the election rules and procedures as determined by the Faculty. 3. The Freshman representatives shall be the only representatives who shall be the electors for the Freshmen Class Officers.

The Freshman representatives shall have the right to debate during any deliberations, to offer amendments, and to have no vote. They shall be granted voting power for the second semester.

B. Upperclassmen Representation

1. The Upperclassmen representatives shall be elected by areas as determined by the Registrar. All Upperclassmen lives residing in the same geographic area shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

2. Each Upperclassmen dormitory shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

3. All Upperclassmen lives residing off campus in the same geographic area shall constitute a precinct and shall have one representative for each 20 residents or 60 per cent thereof.

4. The Upperclassmen representatives shall be elected within one week after the final examination of the current semester.

5. Each Upperclassmen representatives shall have one vote in all deliberations and voting powers at all times.

6. Each Upperclassmen representative shall be elected by a majority vote of those present. The upperclassmen representative shall be the voting officer of the precinct.

7. The upperclassmen representative shall reside in the precinct he must represent and must have a minimum cumulative average of 2.50.

8. Each Upperclassmen representative shall have one vote in all deliberations, and voting powers at all times.

C. Nomination Procedure

The student must be nominated by the following procedure:

1. A petition for the nomination of a representative from a given precinct shall be signed by a majority of the precinct, and five (5) of the precinct.

2. Each Upperclassmen representative shall have the right to vote, but shall not be present for the elections as the upperclassmen representative.

3. The nominees shall be required to present themselves for election to the precinct of their office, if elected.

D. Election Procedure

1. The procedure for voting shall be counting of votes and all other matters pertaining thereto, shall be arranged and executed by the Student Election Committee, as provided for in Article III, Section 5, Paragraph B-1.

2. A system of proportional representation (as described in paragraph B-3 of this Article) shall be employed in the election of all members of the Congress.

3. In order to assume his seat in the Student Congress, a student must first obtain a certificate from the Registrar, as follows:

(a) received the maximum of 2.00 for the semester preceding his election;

(b) be elected by a majority of the members of the Congress;

(c) have voted for the faculty advisor;

(d) be notified of any time financial records of any recognized organizations;

(e) be notified of any time financial records of any recognized organizations;

(f) review and/or contest any and all violations of (1) and (2) immediately.

4. Each Upperclassmen organization, the following organizations shall be subject to the rules and regulations as provided for in Part C, C.

1. Anniversary of the Student Congress shall be held in May for the following year's officers of the Congress shall be conducted by the president of the class concerned.

2. Candidates shall be nominated by petition requiring 5 per cent of the members of the class concerned. No one may sign more than one petition per office.

3. Each candidate shall be listed with the Registrar at least 48 hours before the election. The Registrar shall post (on the open bulletin board) a list of all nominees on the days before and after the election. A modified Hare System of Proportional Representation shall be described in the Student handbook, shall be employed in all class elections.

4. The president officer at the election of the class officers shall certify to the vote to the Registrar the result of the election in a proper manner;

5. Each class shall be certified that the total of the knowledge of members elected was held in a proper manner and shall formally file a certificate of the result.

6. The copy of the tally sheet shall be attached to this certificate.

7. The certificate shall be presented to the Vice-President of the Student Congress.

Each designated officer of the Student Congress shall be the President or the Vice-President of the class. If any class officer leaves school, the next ranking officer shall fill the vacancy, and the student who fills the vacancy created by this change shall be elected for the balance of the school year.

SECTION 23.-RECOGNIZED ORGANIZATIONS

A. The following organizations, as determined by the President and Vice-President of the Student Congress, the decision of the Congress, shall be considered as recognized organizations.

B. Secretary shall inform, in writing, the President of the Congress of the election of Freshmen Class Officers.

C. In case a Freshmen is not elected, the Vice-President should sign off in order to appeal the decision, the decision of the Congress being final in the matter.

SECTION 7.-OPERATING PROCEDURE OF THE CONGRESS

The rules contained in Robert's Rules of Order shall govern the Congress in all cases to which they are applicable and in which they are not inconsistent with the Constitution and By-Laws of the Student Body.

SECTION 8.-RECALL OF CONGRESS.

A. The Student Congress Secretary shall call for the recall of Congress, as per Article III, Section 4, Annual Meeting of Congress.

B. Each Upperclassmen organization shall have the written form of the rules and regulations providing for this purpose.

Fraternity Notes

Spring is here. With the occurrence of this joyful season the men of Theta Xi fraternity are pleased to supplement Rose's Parent's Day. This will be done by our annual Parent's Day dinner for our parents on May 8.

Under the committee supervision of Brothers Choy-Hee, Lovelace, and Skjordahl, the event promises to be a success. Brothers Tyens and Goodwin will be assisting the forementioned by preparing and serving the broccoli soup that will be prepared under the culinary skills of Mom Phillips and will be served by pledgers, Kerber, Oldham, Ebling, Hacker and Sprouse at 1 p.m.

Presiding over the afternoon's events will be President, Joe Byrd. One of the events is the presentation of the outstanding pledge trophy. This is awarded annually to the outstanding pledge as deemed by the active members. It is based on such contributions to the fraternity, attitude, and leadership. By this one afternoon, the men of Theta Xi wish to welcome the parent's of Rose men and hope they will enjoy their visit.

"If it's Meadow Gold it's Mighty Good"
Lynn Faces Win

by Steve Watson

April 8. Rose Poly's baseballers opened their season at Franklin by playing George, Ill., a home team, 1-0, in 10 innings. This ball game proved two good points: the hitting stars for Rose Poly were Dunn and Watson and the support of the school at its home matches.

Franklin drew first blood by getting on the board in the fourth inning by scoring three runs on two singles, a walk, and a single. The Engineers answered with six runs in the fifth inning. In the seventh inning Bier and Sprouse, with a magnificent relief job, settled down to retire the side and thus the Seniors won by one run when Larry Halstead singled and then scored on a sacrifice bunt, and a wild pitch. Raff got the next man to ground to the third baseman, but after the third baseman made the throw to first the runner, the third baseman batted out at first but the throw to the young left hander Princibla scored the winning run. Rose had two runs on three hits and three errors. Princibla had three runs on three hits and two errors. Gerstenkorn was the losing pitcher and Raff was the winner for Principia.

Lynn Paces Win

by Don Enslow

On April 25, Rose Poly split a doubleheader with Principia at the last home field of the season. The game was tied 3-2 but came back to win the second game 9-4. The Rose Poly baseballers were able to mount another scoring threat and ended in a 9-4 victory.

In the first game neither team scored until the third inning when the rain started which delayed the run of the second baseman. Principia scored in the bottom of the third by scoring one run on two hits. With one out Ed Jirousek doubled, Larry Halstead singled and then scored on a sacrifice fly. Principia scored in the bottom of the third on a home run by Chuck Flibert, Principia's first home run of the season. Rose went ahead in the fifth inning with one out, but was then erased on an attempted squeeze play when Principia called for a pitch-out and called him at the plate. Then with two outs in the same inning, Phelps was safe on a line drive out and Raff made a fine breaking run on a double by Captain Dewey Logan.

SPRING SPECTACULAR

See It Saturday I. F. BASEBALL UNDERWAY

Lambdai Chi Alpha defeated Sigma Nu in the opening round of the Spring Spectacular. Playing in the second game of the tournament, Rose Poly defeated the local team of Principia and Marian College (second meeting), in a close battle. The tourney is in its first actual year of competition and is getting stronger as the season wears on. Coming up are Wabash College, Valparaiso College, and Valparaiso College, a double feature and a conference meet held at Principia. The trend of teams played at these matches is that they can use the support of the school at its home matches.

Rose Rifles

The Rose Rifles placed eighth out of 13 teams at the University of Illinois Drill meet conducted on April 17. In the third game of the tournament, the Rifles placed ninth.

I. F. BASEBALL UNDERWAY

In the first game of the tournament, Raff and Principia tied the scoreless in their half of the inning. In the seventh inning both teams scored four runs on two hits in the bottom of the seventh inning. The Seniors managed to win the game 3-2 but came back to win the second game 9-4. The Rose Poly baseballers were able to mount another scoring threat and ended in a 9-4 victory.

In the first game, neither team scored until the third inning when the rain started which delayed the run of the second baseman. Principia scored in the bottom of the third by scoring one run on two hits. With one out Ed Jirousek doubled, Larry Halstead singled and then scored on a sacrifice fly. Principia scored in the bottom of the third on a home run by Chuck Flibert, Principia's first home run of the season. Rose went ahead in the fifth inning with one out, but was then erased on an attempted squeeze play when Principia called for a pitch-out and called him at the plate. Then with two outs in the same inning, Phelps was safe on a line drive out and Raff made a fine breaking run on a double by Captain Dewey Logan.

Princibla drowned out the third game with a strong five-out inning for four at bats. Rose scored five runs in the sixth inning on two singles, a walk, and a single. The Engineers never were able to get a hit in any conference in which they have competed. He has had four all conference honors in any conference in which they have competed. He has had four all conference honors.

In the fifth inning Ind. Central scored one run in the inning and three runs in the second inning on two singles, a walk, and a double. Rose broke the ice in the fourth inning by scoring three runs on two singles, a walk, and a single. Principia answered with six runs in the fifth inning.

On April 11 Rose lost to Wabash 7-4. Wabash broke the ice in the first home game of the season by scoring one run on two hits in the second inning and one run on one hit in the third inning. Rose scored in the third inning on a single by Clifford who scored and scored on Bosworth's double. Wabash ended the inning with a sacrifice fly by the pitcher Wieland in the fourth inning on a double and a single in the fifth inning. Rose tied the game in the third inning with one out a Principia player fielding the ground to the third baseman.

On April 17, 1962, Rose Poly defeated Principia 2-1 on three doubles. Gib Bosworth's double and a single in the fifth inning. In the second game so they jumped ahead of Principia which had two runs on two hits in the bottom of the seventh inning. The Seniors managed to win the game 3-2 but came back to win the second game 9-4. The Rose Poly baseballers were able to mount another scoring threat and ended in a 9-4 victory.

The present leader of the league to the Senior II team led by Bob Logan, for three years head football coach at Olathe High School, Olathe, Kan., has been appointed football coach at Rose Poly by the Academic Governance Council. Logan, who is no relation to Wiley High School coach Dick Martin, will have responsibility also for track and wrestling, and will be assistant coach of football.

In an interview with the editors of the college's newspaper, Logan, a football coach for four years, Mutchner pointed out, is 43 wins, 11 losses and three ties for his high school career. He was in any conference in which they have competed. He has had four all conference honors.

MARTIN IS FOOTBALL COACH

by News Bureau

Richard Martin, for three years head football coach at Olathe High School, Olathe, Kan., has been appointed football coach at Rose Poly by the Academic Governance Council. Logan, who is no relation to Wiley High School coach Dick Martin, will have responsibility also for track and wrestling, and will be assistant coach of football.

The Juniors also lost another close game to Wabash and at 8:30 P.M. South diamond is located by the baseball diamond, and the North is the Senior II team led by Bob Logan, for three years head football coach at Olathe High School, Olathe, Kan., has been appointed football coach at Rose Poly by the Academic Governance Council.
