The second largest general contractor in Southern Mindanao. He has had field experience in highway design and layout and was associated with the first pupil to graduate from the University of Illinois next year. He is a native of Syracuse, N. Y., and has been a member of the American Chemical Society.
Letters To The Editor

The Election That Wasn't

Students at Rose Polytechnic Institute were recently in the process of choosing the fiber of their being last week when it was announced. No one knows that the election was a second semester freshman trans- fer from Mount Stolie Colleges, had in the last two days and a few more in a few weeks. He got plenty of attention from campus re- porters, pulled an overwhelming total of seven of the eleven votes cast. His name, the "guy-out-and-own" vote by now, is gaining the "for" and "against" votes of the student, Zeke.

The new president was not immediately available for comment, having withdrawn with the entire student body for "a period of well-deserved rest and some meditations in depth," he said.

A. Yes, the Rose Poly first student president, you will be much in demand as a speaker. Who are your plans in this area?

Q. As Rose Poly’s first student president, you will be much in demand as a speaker. Who are your plans in this area?

A. I’m just going to sit around the state board and prepare for the first two common-law marriages, my expulsion from Mount Sloth for cheating and slovenly speech has driven me away from Mount Sloth College, to become the "for" and "against" votes of the student body. I have no reason to contest them in the fall.

Q. How will you handle the bit- ter-student-faculty-power struggle?

A. We’re going all out on this. We hope to be in control here by next fall.

—Short and Sweet

It seems that old Rose has the makings of a first-rate "coast- ers" movement. It has a roller coaster, just drive your car on the campus, and you’ll see the kind of thrill that one can get for free. And it’s a slow ride, but it’s a good one. It gives you a chance to travel the "coasters".

Fraternity

LAMBDA CHI ALPHA

Although March 22nd may have been passed several weeks ago, we at 912 South Sixth Street still remember with pride that happy day. After a most enjoyable banquet in honor of Founder's Day, Brothers Walter Osmer and Oran Knudsen, alumni members of this chapter and members of our House Corporation, stepped out onto the front porch of the chapter house to burn an 8 X 10 sheet of paper. On that paper was the mortgage of the house, paid in full. The brothers can look now with a special pride to a house that is truly their own.

In more recent adventures however, our own house was overflowing on Parent's Day, May 9. An estimated 100 persons saw the house. This is one of the best turnouts ever for a Parent's Day ever. The families of brothers and pledges enjoyed a buffet luncheon and informal chats and tours. Later that same evening, the pledges gave the annual pledge dance at the Student Center. The dance was a "rockin stompin" affair with a theme based on "Beach Party." Music was furnished by the Commicerians, a local group consisting of three electric guitars, a saxophone, and drums.

THE BELL TELEPHONE COMPANIES

SALUTE: GENE SCHERER

Gene Scherer (B.S.E., 1959) is responsible for the telephone service of 75,000 customers in Minneapolis. On his staff are 36 people who handle customer contacts of every kind, including observing quality of customer service, sales results, helping customers plan their telephone service needs and other business office operations. Quite a bit of responsibility for a man only four years out of college, but Gene earned it, right from his first assignment, where he capably headed up the Northwestern Bell exchange in Tioga, North Dakota.

On subsequent promotions, Gene was named Assistant Manager in Bismarck, Manager in Grand Forks, and Commercial Manager in Minneapolis.

In less than four years, his management ability has earned him three important promotions, and a future that couldn't look brighter! Gene Scherer, like many young engineers, is impatient to make things happen for his company and himself. There are few places where such restlessness is more welcomed or rewarded than in the fast-growing telephone business.
The Rose linkmen finished the season third of six in the FCC. Will Holland was Medalist during the season. They lost to Central, Wabash and St. Joe.

A man can fail many times but he isn’t a failure until he blames someone else.

Habits are like a soft bed—easy to get into but hard to get out of.

**Golf Team: 2-6**

The Rose Rose Bowl finished the season third of six in the FCC and tenth of sixteen in the IIAA at Purdue. Will Holland was Medalist during the season. They lost to Central, Wabash and St. Joe.

Coach Carr is looking forward to a better season next year since all the members of the team are expected to return. The team faced some very tough competition this year and showed that varsity golf definitely has a place in the Rose athletic program.

What adds to accidents in the home is the fact that some people don’t spend enough time there to get to know their way around. Nearly 99 percent of Alaskan land is federally owned.
