TECHNIC CHANGES FORM.

At a meeting of the Technic staff held on May 19, it was decided to change the form of the Technic, which is published bimonthly and quarterly magazine to a regular monthly magazine. The change is to take effect at the beginning of the next school year. The plan of the staff is to enter into a contract with a regularly published engineering magazine, with the idea of utilizing the best points of each. In this association are such magazines in a combination known as the Engineering College Magazines Association. In this association are such magazines as the McCall Engineering Magazines, the Kentucky Engineer, the Western Engineer, the Missouri Engineer, the Illinois Engineer, and the Wisconsin Engineer and Illinois Technograph as well as several others. By becoming a member of this organization, the Technic is assured of the same form and size of magazine which is associated for this association. The size of type page is 9 by 11 inches, and the pages are to be numbered, with the number printed at the top of each page.

SHARP REPLY.

On the night of May 17, Dr. C. L. Neukom, 23, who spoke on "The Cottrell Process," received a sharp reply from a member of the audience. The reply was as follows: "I have been listening to your talk on the Cottrell Process, and I think you are mistaken. The Cottrell Process is for the prevention of rust, not rusting."

ROSE DROPS TWO TO WASHINGTON.

In the second game with Washington University, Rose was a shutout victory, 1-0. In the first inning, Rose faced only one hit, a single by Hidey. In the second inning, Rose allowed a double and a single, but retired two batters to end the inning. In the third inning, Rose faced only four batters, allowing two singles and a walk. In the fourth inning, Rose allowed a single and a double, but retired the next two batters. In the fifth inning, Rose faced only one hit, a single by Hidey. In the sixth inning, Rose allowed a single and a walk, but retired the next three batters. In the seventh inning, Rose faced only one hit, a single by Hidey. In the eighth inning, Rose allowed a single and a walk, but retired the next two batters. In the ninth inning, Rose faced only one hit, a single by Hidey. Rose pitched a complete game, allowing only five hits and one walk, striking out five batters.

TENNIS TEAM SHOWS UP WELL IN ROSE.

The tennis team showed up well in Rose, winning both singles matches and the doubles match. In the first singles match, Rose defeated Washington 6-1, 6-0. In the second singles match, Rose defeated Washington 6-2, 6-0. In the doubles match, Rose defeated Washington 6-3, 6-0.

TUNE BROS.
California won the forty-fifth annual intercollegiate track and field championships at Cambridge, Mass., May 28, from a field of seventeen colleges and universities. The Pacific Coast athletes placed in sight of the thirteen events, making a total of 70 points.

Frederick S. (Fritz) Baslin of Indiana University recently took the state tennis singles title and then last Saturday won the western intercollegiate conference championship by defeating Andy Mahon of Illinois.

Illinois University clinched the Big Ten tennis team title last Saturday by defeating Michigan 3 to 2. Illinois won ten games and lost none in the western conference race.

Now Illinois usually takes the Illinois state track meet last Saturday with a total of 44 points. Five new state records were set up. Illinois defeated Butler last week 11 to 3 in the third of a four-game series between the schools. This clinched the series for the Little Giant as they won the first two games.

The University of Northwestern won the fourteenth annual track and field meet of the South Dakota conference with 37 points. The Cornell crew defeated Harvard by a length in the eight-sized varsity race last Saturday afternoon. The Harvard freshman defeated the Cornell freshman eight.

From the Rememberer "Polytechnic"

"She: "Arn't his fingers unusually white and clean,"

"He: "Why you see he used to be a chemist."

Now, somebody tell the one about the dumb and deaf woman who broke his thumb yelling fire.

EXCHANGE NOTES

The University of Michigan has established Coast Artillery Corps and Signal Corps units of the R. O. T. C. now established an infantry unit and will establish an Ordnance Corps unit for the coming year.

The council of the Polytechnic Institute of Brooklyn started work for the season recently when one of the members gave a full regard photograph. Rose Camera Club members should make a note of this.

St. Louis University has the largest enrollment of all the Catholic schools.

The total enrollment at St. Louis U. is 1,430 students.

During the week of May the California Institute of Technology gave two concerts. In connection with the Blue Club there is a saxophone quartet, which added jazz to the concert.

The San Francisco system of education and the school of education have approved by the faculty.

the right kind of diamonds in the fields of South Africa.

Ole created erection and is responsible for practically all the improvements that have been made in the present efficient and safe vertical service.

Otis created elevators and is responsible for the highest forms of service that civilization affords.

terrifically compelling, as represented by Otis Elevator systems, adds its quota to the development of the present system of elevators. These most ample plans of land in our country have been made more than the richest kind of diamonds in the fields of South Africa.
