BSB Conquers All

by Bill Lorenz

Two perfect frisbee throws by BSB's anchormen led the freshmen residence hall to a first place victory in the Frisbee Relay and to a first place finish in the Hallympic Games.

BSB's Kenny Keleher and Ron Newmeier relayed a pair of pinpoint throws to defeat Speed in the final round. By coming in second, Speed received 10½ points for the event and a third place finish overall. The top team going into the event, Deming, was only able to capture fifth place. However, the fifth place finish for Deming allowed them to take second in the overall competition.

The Hallympic Games officially started on Tuesday evening in the Main Dining Room with the Jello Snarf. Speed ate up this event and quickly jumped into first place with 10 points. Coming in second and accumulating seven points was Deming, while Blumberg received five points for their

third place finish.

Last year's champions, The Apartments, were held to only one point in the Jello Snarf; however, they annihilated the rest of the competition in the Dizzy Bat Relay. Speed remained on top by capturing fourth place and receiving three points. Deming remained in the thick of the race by finishing third and accumulating five points. The third place finish by Deming allowed them to remain second, only one point behind Speed.

Deming did not remain in second for long. The following day they emptied the residence hall and placed 46 men on the raft to win the Isle Pile. It was a challenge to keep all 46 men on the raft, since they were unable to retain their balance twice during the five-minute period. BSB and Speed finished second and third, respectively, in this event. Now that Deming was on a roll, they increased their lead by finishing second in the

Mattress Race behind BSB. By winning the event, the men from BSB climbed into second place, only five points away from Deming. Meanwhile, Speed's quest for the title fell short as they did not finish the event.

By winning the Frisbee Relay, the men of BSB are the champions for the 83-84 academic year. The Thorn congratulates BSB and the other halls for the fine effort they all put forth. The Thorn would also like to congratulate Mike Daniel and Rick Stamper for the fine job they did supervising the Isle Pile. The final standings are as follows:

BSB	39
Deming	30½
Speed	28½
Apartments	17
Mees	14½
Blumberg	9½
Scharpenberg	4

Nuke Soviets?

by Ted Poules

Do you feel that Reagan was too soft on the Soviets in his response to the Korean Airlines incident? Should the American Marines pull out of Beirut? Is the CIA involved in Central America? All these questions are discussed quite frequently in the International Affairs Association (IAA). The major purpose of the IAA is to provide a forum for the Rose community to learn about current world events.

The next meeting of the IAA, September 28 at 7:00 p.m. in E-104, will feature Charles Gibson as the guest speaker. Gibson, a member of the Wabash Valley Coalition for Peace and Justice, travelled to Nicaragua this summer. He will speak on his experiences and observations in Central America. On Monday, October 31, the IAA will feature a War College Panel to discuss the military's view on the world situation. Rose-Hulman is the first stop of their college tour in the midwest.

The IAA also sponsors the Model United Nations Team. The UN team will travel to two conferences this year, the Butler Security Council Conference and the National Model United Nations Simulation in New York. The Butler conference will be held in Indianapolis November 3-5th. Last year, the Rose team was represented on three councils and placed first and third in individual awards, and first, second, and third in team awards. The National simulation

Rose Receives Donation

Rose-Hulman has just received a complete television receiver only (TVRO) earth station for use in classroom demonstrations and laboratory instruction related to electrical engineering.

Hoosier Electronics, a locally-owned distributor and retailer of electronic equipment and computers, donated the system to Rose. According to Steve Bland, president of Hoosier Electronics, the system includes an eight-foot diameter dish antenna system, a low-noise microwave amplifier mounted to the antenna which establishes a high quality signal to noise ratio, a 24-channel receiver, a frequency converter which translates the original signal to a lower frequency and finally a modulator which converts audio and video signals of the receiver into channel 3 or channel 4 signals which can be viewed on a conventional television monitor.

Commercial Radio Service also donated equipment for this project. Gary Doty from CRS gave Rose the low-loss transmission line and connectors that will carry the original signal

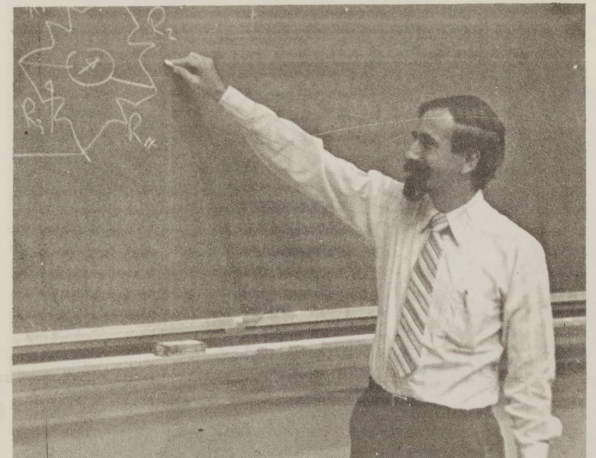

some 50 feet to the laboratory area.

These donations enable the students to get hands-on experience in this rapidly expanding technological area. The students will be able to observe and study the signals throughout the system. The dish system will also be able to accept student-designed and built projects enabling active student participation in the analysis of the system. One student in the Russian Technical translators program is currently translating a Russian article dealing with a Russian satellite. If the satellite is broadcasting on a frequency that Rose can pick up, Dr. Voltmer hopes that Rose will soon be able to listen in on the satellite.

The new Rose-Hulman installation is unique inasmuch as signals from all 24 channels can be observed on spectrum analysis simultaneously, as opposed to one channel at a time on the conventional system.

Dr. David Voltmer is currently teaching a new course on Satellite Communications Systems (EE497). The

New Addition: Dr. Black

by Bill Waggener

Dr. Bruce Black comes to the Electrical Engineering Department with very impressive credentials. Dr. Black earned a B.S. at Columbia University, an M.S. at M.I.T., and then followed with a doctorate from the University of California at Berkeley.

A teacher since he graduated from Berkeley, Dr. Black specializes in communication systems, although lately he has been involved in computer systems, radar systems, and various types of data analysis. Dr. Black's last teaching post was at Clarkson University. This should interest Rose students, because Clarkson is one of the first colleges in the nation to require that every student have their own personal computer. Dr. Black feels that it is an interesting experiment, although he does not think that students of every discipline would benefit as much as Electrical Engineering majors would. Interesting as the

experiment might be, though, Dr. Black does have some reservations about the implementation of such a program. One question which arises is whether teachers would spend too much of their time making students utilize the computers, and not enough time teaching the basic concepts. Another is whether the students would end up just using the computers for an application such as word processing. Either scenario is not very hard to envision.

At the present time, Dr. Black is teaching Digital Electronics, Electric Circuits, and Advanced Microcomputers. Interestingly enough, he feels that Terre Haute is a "big city," because when he taught at Clarkson, the town had only about 10,000 residents.

Dr. Black is a valuable addition to the Electrical Engineering staff, and both faculty and students should make him feel welcome.

Circle-K Means Service

by Byron Bishop

A dance, a banquet, and seminars are just some of the events planned for the Circle-K convention this weekend.

On September 23rd and 24th the Circle-K club of Rose-

is held over a one week period during Easter vacation.

Other important events in the upcoming quarter include the officer elections in September and the formation of the IAA sponsored Model UN team. Applications for the United Nations team will be available at the mailrooms and are due by 4:00 p.m., Tuesday, September 27 in Box No. 34. The only application restrictions for UN team membership is that the applicant be an IAA member.

Hulman will be hosting a series of meetings and social events for twenty Circle-K clubs from campuses across the state. The purpose of this convention is threefold: First, it is a chance for members from different schools to get together and share ideas. Secondly, it is an opportunity to hold social events such as the banquet and dance planned for the weekend. Thirdly, the Rose chapter hopes to attract new members.

Circle-K is an organization dedicated to the service of community and campus. Kiwanis International sponsors the club and provides a link between the business community and the students of Rose. The club works to promote good

(continued on page 4)

Bill Sisson, Director of Placement, talks with Vic Torasso about this year's unplaced Grads. Mr. Torasso is with Cherne Contracting, the largest employer of the Class of '83.

EDITORIAL Etchings

The new courtyards in front of and behind Hadley Hall complement the architecture of the new buildings. Unfortunately, there is as yet no provision for seating in either courtyard.

The success of any outdoor gathering area is often determined by how it seats people. At Rose, seating is particularly needed in the north courtyard for students with a free

period between classes. And while it's warm, many commuting students would enjoy a place to eat lunch outside.

Surely a few benches and a couple picnic tables wouldn't be too much trouble to install. This functional addition would complement the looks of the new halls.

Where's Rose-Hulman?

If some freshmen didn't show up this year, maybe it's because there was no sign telling them to turn right at the end of highway 46. They might have turned left, hit downtown Terre Haute, and been lost forever.

Until Rose-Hulman Institute of Technology is a household mouthful, we'll need a sign to be found.

Drama club readies show

by Jim Grimshaw
The Rose Drama Club, celebrating its 50th anniversary this year, will stage "The Tam-

ing of the Shrew" October 27-29. The play, written by William Shakespeare, is considered one of his best comedies. Tryouts for

the play were last week, Sept. 14 and 15.

The 21 cast members include Kurt Staiger, Kenneth Jones, Jack Gulick, John Rohlfing, David Van Dorpe, Mike Gregory, Richard Payonk, Alan Ehler, Stanley Mathew DeHoff, Bradley Rinehart, John Eubanks, Joe Wright, Tim Adams, Penny Eberhard, Beth Fearnow, Sally King, Daniel Harrison, Jay Hoover, John Rumberg, Michael Talley, and Brad Ward.

Written in the early 1590s, the comedy addresses the battle of the sexes. Although she is a shrew, Katherine, the oldest daughter in a wealthy family, is as beautiful a woman as her younger sister. But according to tradition, Katherine must marry first. A gentleman named Petruchio, although attracted by the family's wealth, marries Katherine for the challenge she poses to him. But by reversing the roles, Petruchio teaches his spouse how ill-tempered and cursed she really is.

Sheila Wahamaki, a graduate student in theater at ISU, is the director for the play. This will be Sheila's fourth year with the Rose Drama Club. Last year she directed "Stalag 17" and the musical "The Roar of the Grease Paint, the Smell of the Crowd." Before taking the director's spot, Sheila worked backstage and directed choreography for two years. She is very excited about this season, especially it being Rose's 50th year on stage.

Sheila Wahamaki watches as senior Jay Hoover tries out for a part in "The Taming of the Shrew."

S.G.A. News

by Joe Kunkel

I would like to remind everyone that student government petitions are due Monday. Any student who is interested in having any say in school activities or has ideas on how Rose can be improved should run for office.

Student government handles all class elections, appoints all students to student-faculty committees, and decides how student fees should be spent (\$50,000 per year). The Student Congress at

Rose also started the push for telephones in residence halls and a new parking system.

This year a new committee will watch expenditures of all clubs and organizations. The Student Traffic Court is another appointed committee composed entirely of Student Congress members. Please consider running for student government if you are interested in either of these two committees or any other SGA activities.

ASIA release bombs

ASIA: 'Alpha'

"Alpha," the second album release from ASIA, is very professionally done. With experienced and talented musicians such as John Wetton, Steve Howe, Geoff Downes, and Carl Palmer, one would expect nothing less. The songs are full of high energy and flawless musicianship. Unfortunately, the songs are also full of unoriginal lyrics and overused themes. The music on "Alpha" is quite shallow in its content, due mostly to the mediocre songwriting of Wetton and Downes. Nothing seems to stand out on this album

— all the songs sound too similar. To make matters worse, these songs also sound similar in almost all respects to the songs on ASIA's first album. However, there is one major difference — the songs on the first album were more creative and sophisticated. It is a shame that musicians with such high potential can create such a boring album. Some listeners may find "Alpha" appealing at first, but the album is almost guaranteed to grow old fast.

Rating (0 to 5): 1½

— Robert Gollon

Tomorrow, Sept. 24, the Student Activities Board will present the Second Annual RHIT Frisbee Golf Classic.

A newly designed eighteen hole frisbee golf course will be used with holes ranging from par three to par six. Registration begins at noon and continues until 3:30 p.m. The entry fee is 50¢ per golfer for the eighteen holes.

Scorecards, rules, and maps will be available at the registration table in front of the Hulman Union after noon. The course contains a front and back nine with water hazards, tree obstructions and other obstacles to overcome. Prizes will be awarded to those golfers with the lowest score. The 19th Hole will also be set up with free refreshments. This classic promises to offer something to everyone — from the novice to the weekend golfer to the frisbee experts.

In other SAB news, tickets remain on sale during the week for the Gary U.S. Bonds Homecoming Concert '83. The cost is \$8 for reserved seats and \$7 for general admission. These tickets are available from the Hulman Union Box Office between 8:00 a.m. and 7:00 p.m. or from any SAB member.

NEWS BRIEFS

H.C. Queen elections scheduled

Homecoming queen primary elections will be held Friday, Sept. 30, to determine the five members of the court. The final election will be

held Wednesday, Oct. 5. The court will be introduced and the queen announced at the pep rally Friday, Oct. 7.

Orienteering club heads out

by Steve Ghara

Rose-Hulman's Orienteering Club is starting up another great year of "over the hill and through the woods" in search of that next flag.

Orienteering is mainly a fall and spring event. It is a sport in which the participants are required to find a series of flags with the guidance of a compass and map. Rose Orienteering Club

(Rose OC) has planned a trip for tomorrow and Sunday to the Michigan State Championship. This meet will also have night orienteering competition. The team is also scheduled to go to the U.S. Championship on October 1 and 2, Kansas on Oct. 22 and 23, the Missouri State Championship on March 31 and April 1, and the Intercollegiate Championship April 28 and 29.

Writing center begins service

by Erik Schneickloth

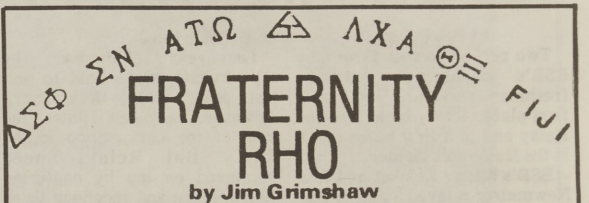

The Rose Writing Center helps students communicate better — through writing organization and correct grammar.

The Writing Center is an effort by Rose-Hulman to help students improve their writing skills. The center will begin operation on Monday, Sept. 26, in the basement of the library.

The center is staffed by Rose students who have been trained in tutoring skills and

who have shown an ability to write well. Deborah Curtis, the head of the center, received her B.S. and M.A. degrees in English from Indiana State University. Curtis has attended writing center conferences and has exchanged ideas with writing centers at Purdue and DePauw.

To receive assistance, students should come down to the center any day of the week 2nd, 3rd, and 6th through 10th hours.

A reminder to all rushees: Informals are tonight starting at 6:00 p.m. and again tomorrow at 12:00 N.

This will be a good chance for each rushee to get a brief overview of all the fraternities. The members of the fraternities will pick each rushee up and will

return him to his room.

Keep an open mind this weekend and make sure you have questions to ask. The only way you'll know whether Greek is right for you is to put each fraternity on the spot and get your questions answered. Don't be afraid to speak up!

DePauw Next

Rose-Hulman will try to get back on the winning track Saturday when it faces DePauw University in Greencastle. DePauw, ranked in the top 10 in an NCAA Division III pre-season poll by Sports Illustrated, fought off a stubborn Hope College in picking up its first win of the season last Saturday, 13-7. The Tigers lost their opener this year at Olivet, 21-17.

Last year DePauw visited Rose-Hulman in the third game of the year and took home a 38-6 win. They were 8-2 last year, with losses coming to Hope and Wabash.

Coach Bob Thompson says about DePauw: "They are certainly one of the best teams we will play this year. Even though they stubbed their toe the first week, they did come back to beat an absolutely super Hope team last Saturday."

"We're going to go in there and just play our hearts out. We're really more concerned with our own progress at this point. Last Saturday we were a better football team than we were the week before, even though we lost, and we want to get even better this Saturday."

Thorn Sports

Now 2-1

Engineers' Streak Stopped

The Rose-Hulman football team saw their four-game winning streak come to an end this past Saturday as they dropped a 24-20 verdict to the visiting Hanover Panthers. The Engineers were vying to become

the first squad to open with three victories since the 1958 team went undefeated. It is that club which is being saluted this year.

Rose took a 20-7 lead into the final stanza only to see the Panthers rally with 17 for the win.

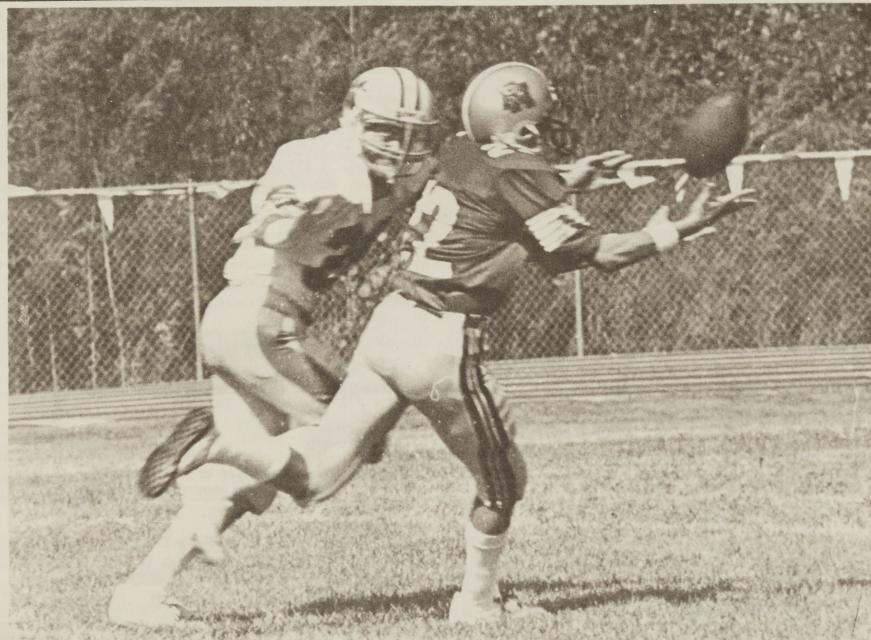

After one quarter the score stood at 0-0. Rose had two drives thwarted when they failed on a fourth down conversion and missed a field goal attempt. They finally broke the ice when quarterback Mike Trench found Dave Beil for a 15-yard score. Hanover came right back on an 80-yard drive to knot the score at 7. Rose regained the lead at 10-7 when Vern Vannostran connected on a 39-yard field goal. The Engineers dented paydirt once more when fullback Mike Patterson punched it over from the one to set the score at 17-7 at the half.

In the second half the Rose offense sputtered managing only four first downs. They did drive

down to the 10 early in the third period where Vannostran converted a 27 yarder to close out Rose's scoring.

Trench hit the target on 14 of 37 passes and had numerous others muffed by his receiving corp. Chris Dezelan gathered in 5 of his former Terre Haute teammates tosses to rack up 67 yards. Overall, Rose gained 143 yards through the air. Jack Grote led the defense with 12 tackles.

Coach Bob Thompson said, "I thought we played extremely well for three quarters. Offensively, the line got off the ball well, we mixed up the run and pass well and we executed our game plan very nicely. Defensively, we did a good job for three quarters. Everything changed in the fourth quarter because we had bad field position and our defense broke down on three or four key plays."

Derek Anderson

Rose receiver Chip Ray narrowly misses making a catch on a Mike Trench pass in Saturday's game against down state rival Hanover.

Rose Soccer Team Starts Season on Sour Note

Rose-Hulman's soccer team opened the 1983 season on the road last weekend and dropped a pair of Illinois-Indiana Intercollegiate Soccer Conference games to Principia and MacMurray colleges. The Engineers dropped a 3-0 decision to Principia on Friday, then fell to 0-2 when powerful MacMurray won by an 8-1 verdict on Saturday.

Halfback Gordon Hathaway had the Engineer's only goal of the weekend. He was assisted by halfback Scott Tradup. Rob Schmidlin took both losses in the nets. He stopped five shots on goal Friday and 26 on Saturday.

The going will continue to be rough at the beginning of the year for the Engineers, who compete in both the College Athletic and the Illinois-Indiana Intercollegiate Soccer conferences. Rose-Hulman has lost four key starters from last year's team and has beefed up its already tough schedule.

Sixth year coach Jim Rendel believes his team will improve as the season progresses and will field a very competitive team by the time the C.A.C. tournament rolls around late in October. Seven starters and 14 lettermen return from a squad that placed third in the C.A.C. tournament last year and sixth in the I.I.S.C. with a 2-5 mark.

"It will be difficult for us to match last year's record, but I think that by the end of the season we'll be a little bit stronger than last year's team," he said. "Our main goal is to challenge for the C.A.C. championship, and with the tough schedule that we play we should be ready."

Rendel said the team will miss forward Dave Watson, last year's leading scorer with 19

points, and fullbacks Frank Tondora, George West, and Mark Heiderscheid. Also gone is forward Joe Dawalt.

Plenty of talent returns, however. The forward positions will be manned by Jamie Huller in the middle, with Adam Dixon and Mark Janson at the outside spots. All three started at one time or another last year, and Huller was second in scoring with 14 points.

The halfback position features a trio of returning starters in Rich Correll on the inside, and Hathaway and Tradup on the outside. Correll was voted all-conference in both the C.A.C. and the I.I.S.C. in 1982, while Hathaway tied for third in scoring with 10 points.

The fullback positions will show Robert Tang in the center, Steve Roetter and Bob Crowell at the outside spots and Matt Hannel at sweeperback. Roetter and Crowell shared time as a starter last season.

Last year's most improved player, Rob Schmidlin, returns at goalie. He will be backed up by Jim Pigford and Craig Smith.

Upperclassmen who should provide depth include junior lettermen Thein Nong and Atilio Carbo at forward, and Marcello Copat at fullback.

A number of freshman also will add depth. They include Paul Price at either halfback or fullback; Mark Whitmore, Martin Wessler and Rich Robinson at fullback; Chris Scheiman at halfback or forward; and Mike Radomsky at forward.

"Probably the strength of this team is in the center of the field at the center forward and center halfback positions," said Rendel. "Jamie Huller and Rich Correll work very, very well

together.

"Another strength should be our depth," he said. "These freshmen will give us some good backups that we haven't had in the past."

Rose-Hulman will host the College Athletic Conference round-robin tournament on Oct. 27-29.

The soccer team will travel to St. Louis tomorrow to face Washington University in a 2 p.m. contest.

Bob Mattingly Photo

Kyle Hayes finished first in Wabash meet.

Cross Country Faces Wabash and Runs In Taylor Invite

by Erik Schneekloth

In their only home meet of the season, the Rose-Hulman Cross Country team dropped a hard fought meet to Wabash College last Tuesday, September 13.

The final tally turned out to be Wabash 24 and Rose 31. Scoring

in cross country is a rather simple manner. One point is given for first, two for second, three for third and so on, until five runners are added up and the team with the least amount of points is the winner.

The results of the meet were

as follows: (1) Kyle Hayes (R) - 26:15, (2) D. Boston (W) - 26:22, (3) B. Butcher (W) - 26:45, (4) K. Geigleman (W) - 26:45, (5) Greg Gibson (R) - 26:51, (6) Richard Leonard (R) - 26:58, (7) J.

(See HAYES page 4)

(Circle-K continued from front page)

citizenship, develop leadership skills and teach business principles. Circle-K also provides social activities for its members.

This will be the third year of existence for the club at Rose. Currently the club has about ten members but hopes to have twenty-two by mid-December. Last year the club worked to organize activities for the students of the Gibault School for Boys. Last year's social events included a hay ride with the Circle-K club from ISU. Three members were fortunate enough to be able to attend an international convention in Atlanta.

Members this year will again have the opportunity to attend conventions throughout the state and nation. The club also plans to build a duck pond in front of Deming and sponsor a "Clean up Terre Haute" campaign. Various joint social activities with St. Mary's are planned for the year.

All interested students are invited to join, especially those students who were in their high school's Key Club and would like to continue on in college. If you are interested, please contact Dennis Kaminski, ph. 234-9909 or Box No. 284. He is willing to answer any questions you may have about the Circle-K club. Tonight at 8:00 p.m. there will be a dance open to everyone. It will

meter course.

Coach Bill Welch commented that it was "a very tough meet. Wabash has good people and is running well. They bunched their runners together." Bunching is when many runners from the same team finish together. Bunching was a factor in Wabash's victory. Wabash had runners place 2nd, 3rd, 4th, 7th, and 8th, whereas the Rose runners were more scattered.

"Although some of our experienced runners dropped off a bit, we did have some people run very well," said Coach Welch. "Kyle Hayes broke into the all-time top 15 and freshmen Dennis Dobbs, Dean Kuny and Scott Orr all did a nice job. Richard Leonard got into the top three runners on the current team."

Welch believes that "if everyone could run well together, we could have a stronger team than last year."

The squad placed second and sixth out of 11 teams in the 21st annual Taylor University Cross Country Invitational held

be an excellent opportunity to meet the members and find out if Circle-K is for you.

The following is a list of the weekend's events. Updates and changes will be posted on the bulletin boards by the mailboxes.

September 23rd, Friday
4:00-8:00 p.m. - Registration.
Lower level Hadley hall.
5:00-7:00 p.m. - Cookout.
8:00 p.m. - Dance. Open to all.
1005 S. A Street.

September 24, Saturday
9:00-4:00 p.m. - Educational, informational, and motivational seminars and office training. Specific times and locations will be posted.

6:00 p.m. - Banquet.

Saturday September 17. Rose entered two teams.

The A team, which consisted of Greg Gibson (4th, 26:50.3), Kyle Hayes (6th, 27:08.0), Dennis Dobbs (14th, 27:34.0), Richard Leonard (18th, 27:49.4), Kyle Farmer (29th, 28:19.1), Brian Millard (34th, 28:30.6), Lee Bechum (40th, 28:44.4), and Dean Kuny finished second with 71 points to Sierra Heights 54. The B team of Tracy Houxt (27th, 28:51.5), Roger Hruskovich (35th, 28:34.0), Scott Orr (57th, 28:38.0), Gene LeBoenf (42nd, 28:51.5), Kurt Kelso, (46th, 28:59.2), and Chris Goss (60th, 29:53.2) finished sixth with 187 points.

This is no cheap pizza.

Oh, sure, we could cut down on the size, use artificial cheese, skimp on the items and then sell it two for one. But we just don't believe in doing business that way.

For over 20 years, we've been making the best pizza we know how, and we've been delivering it free, in 30 minutes or less. Call us, tonight.

Drivers carry under \$20.
